This Annual Report contains forward- looking information based on our current expectations. You should carefully consider the risks and uncertainties described below together with all of the other information contained in this Annual Report, including our consolidated financial statements and the related notes appearing at the end of this Annual Report, before deciding whether to invest in our units. If any of the following events occur, our business, financial condition and operating results may be materially adversely affected. In that event, the trading price of our securities could decline, and you could lose all or part of your investment. Risks Relating to Our Business and Our Search for, and Consummation of or Inability to Consummate, a Business Combination We are a newly formed blank check company with no operating history and no revenues and, accordingly, you have no basis on which to evaluate our ability to achieve our business objective. We are a newly formed blank check company with no operating results, and we will not commence operations until we consummate our initial business combination. Because we lack an operating history, you have no basis upon which to evaluate our ability to achieve our business objective, which is to complete our initial business combination with one or more target businesses. We have not engaged in any substantive discussions and we have no plans, arrangements or understandings with any prospective target business concerning a business combination and may be unable to complete our business combination. If we fail to complete our business combination, we will never generate any operating revenues. We will consummate our initial business combination only if public stockholders do not exercise conversion rights in an amount that would cause our net tangible assets to be less than $ 5, 000, 001. The Company' s public shares are subject to redemption at the time of an initial business combination. Although the Company did not specify a maximum redemption threshold, its charter currently in effect provides that consummate our initial business combination only if public stockholders do not exercise conversion rights in an amount that would cause our net tangible assets to be less than $ 5, 000, 001. In connection with ~~a special meeting~~ **meetings** of stockholders held by the Company on March 6, 2023 **and November 28, 2023, respectively** , 6, 756, 695 **public shares and 2, 180, 738** public shares of the Company were redeemed at a price of $ 10. 35 per share **and $ 10** . ~~This~~ **82 per share, respectively. These** redemption ~~event~~ **events have** ~~lowers~~ **lowered** the amount of money available in our trust account and ~~increases~~ **increased** the risks that we may not be able to consummate an initial business combination. If we are unable to consummate our initial business combination, our public stockholders may be forced to wait **until our liquidation** ~~more than 24 months~~ before receiving distributions from the trust account. ~~We~~ **Currently, we** have until ~~June~~ **April** 9, ~~2023~~ **2024** (or up until December 9, ~~2023~~ **2024** if our time to complete a business combination is extended as described herein) to consummate our initial business combination. We have no obligation to return funds to investors prior to such date unless we consummate our initial business combination prior thereto and only then in cases where investors have sought to convert their shares. Only after the expiration of this full time period will holders of our common stock be entitled to distributions from the trust account if we are unable to complete our initial business combination. Accordingly, investors' funds may be unavailable to them until after such date and to liquidate your investment, public security holders may be forced to sell their public shares, potentially at a loss. Our public stockholders may not be afforded an opportunity to vote on our proposed business combination. We will either (1) seek stockholder approval of our initial business combination at a meeting called for such purpose at which public stockholders may seek to convert their shares, regardless of whether they vote or vote for or against the proposed business combination, into their pro rata share of the aggregate amount then on deposit in the trust account (net of taxes payable), or (2) provide our public stockholders with the opportunity to sell their shares to us by means of a tender offer (and thereby avoid the need for a stockholder vote) for an amount equal to their pro rata share of the aggregate amount then on deposit in the trust account, in each case subject to the limitations described elsewhere in this Annual Report. Accordingly, it is possible that we will consummate our initial business combination even if holders of a majority of our public shares do not approve of the business combination. The decision as to whether we will seek stockholder approval of a proposed business combination or will allow stockholders to sell their shares to us in a tender offer will be made by us, solely in our discretion, and will be based on a variety of factors such as the timing of the transaction and whether the terms of the transaction would otherwise require us to seek stockholder approval. For instance, Nasdaq rules currently allow us to engage in a tender offer in lieu of a stockholder meeting but would still require us to obtain stockholder approval if we were seeking to issue more than 20 % of our outstanding shares to a target business as consideration in any business combination. Therefore, if we were structuring a business combination that required us to issue more than 20 % of our outstanding shares, we would seek stockholder approval of such business combination instead of conducting a tender offer. You will not be entitled to protections normally afforded to investors of blank check companies. Since the net proceeds of the IPO **were** ~~are intended to be~~ used to complete our initial business combination with a target business ~~that has not been identified~~ , we may be deemed to be a " blank check " company under the United States securities laws. However, since we have net tangible assets in excess of $ 5, 000, 001 after the IPO and have filed a Current Report on Form 8- K, including an audited balance sheet demonstrating this fact, we are exempt from rules promulgated by the SEC to protect investors of blank check companies such as Rule 419. Accordingly, investors will not be afforded the benefits or protections of those rules which would, for example, completely restrict the transferability of our securities, require us to complete our initial business combination on or before ~~June~~ **April** 9, ~~2023~~ **2024** (or up until December 9, ~~2023~~ **2024** if our time to complete a business combination is extended as described herein) of the effective date of the initial registration statement and restrict the use of interest earned on the funds held in the trust account. Because we are not subject to Rule 419, our units will be immediately tradable, we will be entitled to withdraw amounts from the funds held in the trust account prior to the completion of our initial business combination and we may have a longer period of time to complete such a business combination than we would if we were subject to such rule. Our public stockholders will not be entitled to vote or redeem their shares in connection with our potential extensions. If we anticipate that we may not be able to consummate our initial business combination on or before ~~June~~ **April** 9, ~~2023~~ **2024 (or up until December 9, 2024 if our time to complete a business combination is extended as described herein)** , we may, by resolution of our Board of Directors if requested by our sponsor, further extend the period of time to consummate a business combination up to another ~~four~~ **eight (8)** times ~~,~~ by ~~a three- month~~ **monthly** ~~extension followed by three one- month~~ extensions, as long as our sponsor or its affiliates or designees, upon five days advance notice prior to the applicable deadline, deposits into the trust account $ ~~390~~ **60** , 000 for **each** ~~a three- month extension or $ 130, 000 for a one- month~~ extension on or prior to the date of the applicable deadline. Our public stockholders will not be entitled to vote or redeem their shares in connection with any such extension. As a result, we may conduct such an extension even though a majority of our public stockholders do not support such an extension. This feature is different than the traditional special purpose acquisition company structure, in which any extension of the company' s period to complete a combination requires a vote of the company' s stockholders and stockholders have the right to redeem their public shares in connection with such vote. If we determine to amend certain agreements made by our management team, many of the disclosures contained in the IPO prospectus regarding those agreements would no longer apply. We could seek to amend certain agreements with our management team disclosed in the IPO prospectus without the approval of our stockholders, although we have no current intention to do so. For example, restrictions on our executives relating to the voting of securities owned by them, the agreement of our management team to remain with us until the closing of a business combination, the obligation of our management team to not propose certain changes to our organizational documents or the obligation of the management team and its affiliates to not receive any compensation in connection with a business combination could be modified without obtaining stockholder approval. Although stockholders would not be given the opportunity to redeem their shares in connection with such changes, in no event would we be able to modify the redemption or liquidation rights of our stockholders without permitting our stockholders the right to redeem their shares in connection with any such change. We will not agree to any such changes unless we believe that such changes are in the best interests of our stockholders (for example, if such a modification is necessary to complete a business combination). If we deviate from the acquisition criteria or guidelines set forth in the IPO prospectus and this Annual Report, investors in the IPO may have rescission rights or may bring an action for damages against us or we could be subject to civil or criminal actions taken by governmental authorities. If we were to elect to deviate from the acquisition criteria or guidelines set forth in the IPO prospectus and this Annual Report, each person who purchased units in the IPO and still held such securities upon learning of the facts relating to the deviation may seek rescission of the purchase of the units he, she or it acquired in the IPO (under which a successful claimant has the right to receive the total amount paid for his, her or its securities pursuant to an allegedly deficient prospectus, plus interest and less any income earned on the securities, in exchange for surrender of the securities) or bring an action for damages against us (compensation for loss on an investment caused by alleged material misrepresentations or omissions in the sale of a security). In such event, we could also be subject to civil or criminal actions taken by governmental authorities. For instance, the SEC can seek injunctions under Section 20 (b) of the Securities Act if it believes a violation under the Securities Act has occurred or is imminent. The SEC can also seek civil penalties under Sections 20 (d) and 24 if a party has violated the Securities Act or an injunctive action taken by the SEC or if a party willfully, in a registration statement filed under the Securities Act, makes any untrue statement of a material fact or omits to state any material fact required to be stated therein or necessary to make the statements therein not misleading. Furthermore, Section 20 allows the SEC to refer matters to the attorney general to bring criminal penalties against an issuer. We may issue shares of our capital stock to complete our initial business combination, which would reduce the equity interest of our stockholders and likely cause a change in control of our ownership. Our ~~second~~ amended and restated certificate of incorporation **, as amended, currently in effect,** authorizes the issuance of up to 500, 000, 000 shares of common stock, par value $ 0. 001 per share. **We** ~~Although we have no commitment as of the date of this Annual Report, we~~ may issue a substantial number of additional shares of common stock to complete our initial business combination. The issuance of additional shares of common stock: ● may significantly reduce the equity interest of investors in the IPO; ● may subordinate the rights of holders of shares of common stock if we issue shares of preferred stock with rights senior to those afforded to our shares of common stock; ● may cause a change in control if a substantial number of shares of common stock are issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors; and ● may adversely affect prevailing market prices for our shares of common stock. We may issue notes or other debt securities, or otherwise incur substantial debt, to complete a business combination, which may adversely affect our leverage and financial condition and thus negatively impact the value of our stockholders' investment in us. Although we have no commitments as of the date of this Annual Report to issue any notes or other debt securities, ~~or to otherwise incur outstanding debt,~~ we **have previously issued notes and incurred debts, and** may choose to ~~incur~~ **continue incurring** substantial debt to complete our business combination. However, the incurrence of debt could have a variety of negative effects, including: ● default and foreclosure on our assets if our operating revenues after our initial business combination are insufficient to repay our debt obligations; ● acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant; ● our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand; ● our inability to obtain necessary additional financing if the debt security contains covenants restricting our ability to obtain such financing while the debt security is outstanding; and ● limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, execution of our strategy and other purposes and other disadvantages compared to our competitors who have less debt. We may issue our shares to investors in connection with our initial business combination at a price that is less than the prevailing market price of our shares at that time. In connection with our initial business combination, we may issue shares to investors in private placement transactions (so- called PIPE transactions) at a price ~~of $ 10. 35 per share or~~ which approximates the per- share amounts in our trust account at such time ~~, which is generally approximately $ 10. 35~~ . The purpose of such issuances will be to enable us to provide sufficient liquidity to the post- business combination entity. The price of the shares we issue may therefore be less, and potentially significantly less, than the market price for our shares at such time. Globalink may not be able to complete an initial business combination with a U. S. target company since such initial business combination may be subject to U. S. foreign investment regulations and review by a U. S. government entity such as the Committee on Foreign Investment in the United States (CFIUS), or ultimately prohibited. Globalink' s sponsor, GL Sponsor LLC, a Delaware limited liability company, has equity holders that reside outside the United States. Globalink therefore may be considered a " foreign person " under the regulations administered by CFIUS and will continue to be considered as such in the future for so long as the Sponsor has the ability to exercise control over

Globalink for purposes of CFIUS' s regulations. As such, an initial business combination with a U. S. business may be subject to CFIUS review, the scope of which was expanded by the Foreign Investment Risk Review Modernization Act of 2018 (" FIRRMA "), to include certain non- passive, non- controlling investments in sensitive U. S. businesses and certain acquisitions of real estate even with no underlying U. S. business. FIRRMA, and subsequent implementing regulations that are now in force, also subjects certain categories of investments to mandatory filings. If Globalink' s initial business combination with a U. S. business falls within CFIUS' s jurisdiction, Globalink may determine that it is required to make a mandatory filing or that it will submit a voluntary notice to CFIUS, or to proceed with the initial business combination without notifying CFIUS and risk CFIUS intervention, before or after closing the initial business combination. CFIUS may decide to block or delay Globalink' s initial business combination, impose conditions to mitigate national security concerns with respect to such initial business combination or order Globalink to divest all or a portion of a U. S. business of the combined company without first obtaining CFIUS clearance, which may limit the attractiveness of or prevent Globalink from pursuing certain initial business combination opportunities that it believes would otherwise be beneficial to Globalink and its stockholders. Moreover, the process of government review, whether by the CFIUS or otherwise, could be lengthy and Globalink has limited time to complete its initial business combination. If Globalink cannot complete its initial business combination by ~~June~~ **April** 9, ~~2023~~ **2024** (or by December 9, ~~2023~~ **2024** if our time to complete a business combination is extended as described herein) because the review process drags on beyond such timeframe or because Globalink' s initial business combination is ultimately prohibited by CFIUS or another U. S. government entity, Globalink may be required to liquidate. If Globalink liquidates, based on the trust account balance as of ~~April 10~~ **March 25** , ~~2023~~ **2024** , Globalink' s public stockholders may only receive approximately $ ~~10~~ **11** . ~~35~~ **00** per share, and the warrants and rights will expire worthless. This will also cause you to lose the investment opportunity in a target company and the chance of realizing future gains on your investment through any price appreciation in the combined company. We may be limited to the funds held outside of the trust account to fund our search for target businesses, to pay our tax obligations and to complete our initial business combination. Of the net proceeds of the IPO, $ 967, 578 is available to us initially outside the trust account to fund our working capital requirements. Especially since the underwriters' over-allotment option was exercised in full, we may not have sufficient funds available with which to structure, negotiate or close our initial business combination **. We have issued promissory notes with an aggregate value of approximately US $ 2. 6 million to the private investor, Public Gold Marketing Sdn. Bhd., which are due upon the consummation of our initial business combination. We expect to continue issuing promissory notes or incurring debts as needed for working capital purposes** . In such event, we would need to borrow funds from our insiders to operate or may be forced to liquidate. Our insiders are under no obligation to loan us any funds. If we are unable to obtain the funds necessary, we may be forced to cease searching for a target business and may be unable to complete our initial business combination. Reimbursement of out- of- pocket expenses incurred by our insiders or any of their affiliates in connection with certain activities on our behalf, such as identifying and investigating possible business targets and business combinations, could reduce the funds available to us to consummate a business combination. In addition, an indemnification claim by one or more of our officers and directors in the event that any of them are sued in their capacity as an officer or director could also reduce the funds available to us outside of the trust account. We may reimburse our insiders or any of their affiliates for out- of- pocket expenses incurred in connection with certain activities on our behalf, such as identifying and investigating possible business targets and business combinations. There is no limit on the amount of out- of- pocket expenses reimbursable by us; provided that, to the extent such expenses exceed the available proceeds not deposited in the trust account, such expenses would not be reimbursed by us unless we consummate an initial business combination. In addition, pursuant to our amended and restated certificate of incorporation **as amended** and **currently in effect, and under applicable** Delaware law, we may be required to indemnify our officers and directors in the event that any of them are sued in their capacity as an officer or director. We ~~will~~ **have** also ~~enter~~ **entered** into agreements with our officers ~~and directors~~ to provide contractual indemnification in addition to the indemnification provided for in our amended and restated certificate of incorporation and under Delaware law. In the event that we reimburse our insiders or any of their affiliates for out- of- pocket expenses prior to the consummation of a business combination or are required to indemnify any of our officers or directors pursuant to our amended and restated certificate of incorporation, Delaware law, or the indemnity agreements that we have entered into with ~~them~~ **our officers** , we would use funds available to us outside of the trust account for our working capital requirements. Any reduction in the funds available to us could have a material adverse effect on our ability to locate and investigate prospective target businesses and to structure, negotiate, conduct due diligence in connection with or consummate our initial business combination. If third parties bring claims against us, the proceeds held in the trust account could be reduced and the per- share redemption price received by stockholders may be less than approximately $ 10. 15. Our placing of funds in the trust account may not protect those funds from third- party claims against us. Although we will seek to have all vendors, service providers (excluding our independent registered public accounting firm), prospective target businesses and other entities with which we do business execute agreements with us waiving any right, title, interest or claim of any kind in or to any monies held in the trust account for the benefit of our public stockholders, such parties may not execute such agreements, or even if they execute such agreements, they may not be prevented from bringing claims against the trust account, including, but not limited to, fraudulent inducement, breach of fiduciary responsibility or other similar claims, as well as claims challenging the enforceability of the waiver, in each case in order to gain advantage with respect to a claim against our assets, including the funds held in the trust account. If any third- party refuses to execute an agreement waiving such claims to the monies held in the trust account, our management will perform an analysis of the alternatives available to it and will only enter into an agreement with a third- party that has not executed a waiver if management believes that such third- party' s engagement would be significantly more beneficial to us than any alternative. Examples of possible instances where we may engage a third- party that refuses to execute a waiver include the engagement of a third- party consultant whose particular expertise or skills are believed by management to be significantly superior to those of other consultants that would agree to execute a waiver or in cases where management is unable to find a service provider willing to execute a waiver. In addition, there is no guarantee that such entities will agree to waive any claims they may have in the future as a result of, or arising out of, any negotiations, contracts or agreements with us and will not seek recourse against the trust account for any reason. Upon redemption of our public shares, if we are unable to consummate an initial business combination on or before ~~June~~ **April** 9, ~~2023~~ **2024** (or up until December 9, ~~2023~~ **2024** if our time to complete a business combination is extended as described herein) or upon the exercise of a redemption right in connection with our initial business combination, we will be required to provide for payment of claims of creditors that were not waived that may be brought against us within the 10 years following redemption. Accordingly, the per- share redemption amount received by public stockholders could be less than the $ 10. 15 per public share initially held in the trust account, due to claims of such creditors. Pursuant to the letter agreement dated December 6, 2021, our sponsor has agreed that it will be liable to us if and to the extent any claims by a third- party (excluding our independent registered public accounting firm) for services rendered or products sold to us, or a prospective target business with which we have discussed entering into a transaction agreement, reduce the amounts in the trust account to below the lesser of (i) $ 10. 15 per public share and (ii) the actual amount per share held in the trust account as of the date of the liquidation of the trust account if less than $ 10. 15 per public share due to reductions in the value of the trust assets, in each case less taxes payable, provided that such liability will not apply to any claims by a third- party who executed a waiver of any and all rights to seek access to the trust account nor will it apply to any claims under our indemnity of the underwriters of the IPO against certain liabilities, including liabilities under the Securities Act. Moreover, in the event that an executed waiver is deemed to be unenforceable against a third- party, our sponsor will not be responsible to the extent of any liability for such third- party claims. However, we have not asked our sponsor to reserve for such indemnification obligations, nor have we independently verified whether our sponsor has sufficient funds to satisfy its indemnity obligations and we believe that our sponsor' s only assets are securities of our company. Therefore, we cannot assure you that our sponsor would be able to satisfy those obligations. None of our officers or directors will indemnify us for claims by third parties, including, without limitation, claims by vendors and prospective target businesses. Our directors may decide not to enforce the indemnification obligations of our sponsor, resulting in a reduction in the amount of funds in the trust account available for distribution to our public stockholders. In the event that the proceeds in the trust account are reduced below the lesser of (i) $ 10. 15 per share and (ii) the actual amount per share held in the trust account as of the date of the liquidation of the trust account if less than $ 10. 15 per share due to reductions in the value of the trust assets, in each case less taxes payable, and our sponsor asserts that it is unable to satisfy its obligations or that it has no indemnification obligations related to a particular claim, our independent directors would determine whether to take legal action against our sponsor to enforce its indemnification obligations. While we currently expect that our independent directors would take legal action on our behalf against our sponsor to enforce its indemnification obligations to us, it is possible that our independent directors in exercising their business judgment and subject to their fiduciary duties may choose not to do so in any particular instance. If our independent directors choose not to enforce these indemnification obligations, the amount of funds in the trust account available for distribution to our public stockholders may be reduced below $ 10. 15 per share. Our stockholders may be held liable for claims by third parties against us to the extent of distributions received by them. If we have not completed our initial business combination on or before ~~June~~ **April** 9, ~~2023~~ **2024** (or up until December 9, ~~2023~~ **2024** if our time to complete a business combination is extended as described herein), we will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem 100 % of the outstanding public shares for a pro rata portion of the funds held in the trust account, which redemption will completely extinguish public stockholders' rights as stockholders (including the right to receive further liquidation distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of our remaining holders of common stock and our Board of Directors, dissolve and liquidate, subject (in the case of (ii) and (iii) above) to our obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. We may not properly assess all claims that may be potentially brought against us. As such, our stockholders could potentially be liable for any claims to the extent of distributions received by them (but no more) and any liability of our stockholders may extend well beyond the third anniversary of the date of distribution. Accordingly, third parties may seek to recover from our stockholders amounts owed to them by us. If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, a bankruptcy court may seek to recover such proceeds, and the members of our Board of Directors may be viewed as having breached their fiduciary duties to our creditors, thereby exposing the members of our Board of Directors and us to claims of punitive damages. If, after we distribute the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, any distributions received by stockholders could be viewed under applicable debtor / creditor and / or bankruptcy laws as either a " preferential transfer " or a " fraudulent conveyance. " As a result, a bankruptcy court could seek to recover all amounts received by our stockholders. In addition, our Board of Directors may be viewed as having breached its fiduciary duty to our creditors and / or having acted in bad faith, thereby exposing itself and us to claims of punitive damages, by paying public stockholders from the trust account prior to addressing the claims of creditors. If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the claims of creditors in such proceeding may have priority over the claims of our stockholders and the per- share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced. If, before distributing the proceeds in the trust account to our public stockholders, we file a bankruptcy petition or an involuntary bankruptcy petition is filed against us that is not dismissed, the proceeds held in the trust account could be subject to applicable bankruptcy law, and may be included in our bankruptcy estate and subject to the claims of third parties with priority over the claims of our stockholders. To the extent any bankruptcy claims deplete the trust account, the per- share amount that would otherwise be received by our stockholders in connection with our liquidation may be reduced. Holders of rights will not have redemption rights. If we are unable to complete an initial business combination within the required time period and we redeem the funds held in the trust account, the rights will expire and holders will not receive any of the amounts held in the trust account in exchange for such rights ~~. Since we have not yet selected a particular industry or target business with which to complete our initial business combination, we are unable to currently ascertain the merits or risks of the industry or business in which we may ultimately operate. Although we intend to focus our search on target businesses in North America, Europe, South East Asia, and Asia (excluding China, Hong Kong and Macau), in the medical technology and green energy industry, we may consummate our initial business combination with a target business in any industry or geographic region we choose and are not limited to any particular industry, type of business or geographic region. We shall not, however, undertake our initial business combination with any entity with its principal business operations in China (including Hong~~

~~Kong and Macau). Accordingly, there is no current basis for you to evaluate the possible merits or risks of the particular industry in which we may ultimately operate or the target business which we may ultimately consummate our initial business combination. To the extent we complete our initial business combination with a financially unstable company or an entity in its development stage, we may be affected by numerous risks inherent in the business operations of those entities. If we complete our initial business combination with an entity in an industry characterized by a high level of risk, we may be affected by the currently unascertainable risks of that industry. We may not properly ascertain or assess all of the significant risk factors. An investment in our shares may not ultimately prove to be more favorable to investors in the IPO than a direct investment, if an opportunity were available, in a target business~~ . The requirement that our initial business combination occur with one or more target businesses having an aggregate fair market value equal to at least 80 % of the value of the trust account at the time of the execution of a definitive agreement for our initial business combination may limit the type and number of companies that we may complete such a business combination with. Pursuant to the Nasdaq listing rules, our initial business combination must occur with one or more target businesses having an aggregate fair market value equal to at least 80 % of the value of the trust account (excluding any deferred underwriter' s fees and taxes payable on the income earned on the trust account) at the time of the execution of a definitive agreement for our initial business combination. This restriction may limit the type and number of companies that we may complete a business combination with. If we are unable to ~~locate~~ **conduct an initial business combination with** a target business ~~or businesses~~ that ~~satisfy~~ **satisfies** this fair market value test, we may be forced to liquidate and you will only be entitled to receive your pro rata portion of the funds in the trust account, which may be less than $ 10. 15 per share. If we are no longer listed on Nasdaq, we will not be required to satisfy the 80 % test. We may only be able to complete one business combination with the proceeds of the IPO, which will cause us to be solely dependent on a single business which may have a limited number of products or services. It is likely we will consummate our initial business combination with a single target business, although we have the ability to simultaneously consummate our initial business combination with several target businesses. By consummating a business combination with only a single entity, our lack of diversification may subject us to numerous economic, competitive and regulatory developments. Further, we would not be able to diversify our operations or benefit from the possible spreading of risks or offsetting of losses, unlike other entities which may have the resources to complete several business combinations in different industries or different areas of a single industry. Accordingly, the prospects for our success may be: ● solely dependent upon the performance of a single business, or ● dependent upon the development or market acceptance of a single or limited number of products, processes or services. This lack of diversification may subject us to numerous economic, competitive and regulatory developments, any or all of which may have a substantial adverse impact upon the particular industry in which we may operate subsequent to our initial business combination. Alternatively, if we determine to simultaneously consummate our initial business combination with several businesses and such businesses are owned by different sellers, we will need for each of such sellers to agree that our purchase of its business is contingent on the simultaneous closings of the other business combinations, which may make it more difficult for us, and delay our ability, to complete the business combination. With multiple business combinations, we could also face additional risks, including additional burdens and costs with respect to possible multiple negotiations and due diligence investigations (if there are multiple sellers) and the additional risks associated with the subsequent assimilation of the operations and services or products of the target companies in a single operating business. If we are unable to adequately address these risks, it could negatively impact our profitability and results of operations. The ability of our public stockholders to exercise their conversion rights may not allow us to effectuate the most desirable business combination or optimize our capital structure. If our initial business combination requires us to use substantially all of our cash to pay the purchase price, because we will not know how many public stockholders may exercise conversion rights, we may either need to reserve part of the trust account for possible payment upon such conversion, or we may need to arrange third- party financing to help fund our initial business combination. In the event that the business combination involves the issuance of our **shares of** stock as consideration, we may be required to issue a higher percentage of our **shares of** stock to make up for a shortfall in funds. Raising additional funds to cover any shortfall may involve dilutive equity financing or incurring indebtedness at higher than desirable levels. This may limit our ability to effectuate the most attractive business combination available to us. We may be unable to consummate an initial business combination if a target business requires that we have a certain amount of cash at closing, in which case public stockholders may have to remain stockholders of our company and wait until our redemption of the public shares to receive a pro rata share of the trust account or attempt to sell their shares in the open market. A potential target may make it a closing condition to our initial business combination that we have a certain amount of cash in excess of the $ 5, 000, 001 of net tangible assets we are required to have pursuant to our organizational documents available at the time of closing. If the number of our public stockholders electing to exercise their conversion rights has the effect of reducing the amount of money available to us to consummate an initial business combination below such minimum amount required by the target business and we are not able to locate an alternative source of funding, we will not be able to consummate such initial business combination and we may not be able to locate another suitable target within the applicable time period, if at all. In that case, public stockholders may have to remain stockholders of our company and wait the full ~~24~~ **36** months after the IPO **, or until December 9, 2024,** in order to be able to receive a portion of the trust account, or attempt to sell their shares in the open market prior to such time, in which case they may receive less than they would have in a liquidation of the trust account. Public stockholders, together with any affiliates of theirs or any other person with whom they are acting in concert or as a " group, " will be restricted from seeking conversion rights with respect to more than 15 % of the shares of common stock sold in the IPO. In connection with any meeting held to approve an initial business combination, we will offer each public stockholder (but not our insiders) the right to have his, her, or its shares of common stock converted into cash. Notwithstanding the foregoing, a public stockholder, together with any affiliate of his or hers or any other person with whom he or she is acting in concert or as a " group, " will be restricted from seeking conversion rights with respect to more than 15 % of the shares of common stock sold in the IPO. Generally, in this context, a stockholder will be deemed to be acting in concert or as a group with another stockholder when such stockholders agree to act together for the purpose of acquiring, voting, holding or disposing of our equity securities. Accordingly, if you purchase more than 15 % of the shares of common stock sold in the IPO and our proposed business combination is approved, you will not be able to seek conversion rights with respect to the full amount of your shares and may be forced to hold such additional shares of common stock or sell them in the open market. The value of such additional shares may not appreciate over time following our initial business combination, and the market price of our shares of common stock may not exceed the per- share conversion price. Because of our structure, other companies may have a competitive advantage and we may not be able to consummate an attractive business combination. We expect to encounter intense competition from entities other than blank check companies having a business objective similar to ours, including venture capital funds, leveraged buyout funds and operating businesses competing for acquisitions. Many of these entities are well established and have extensive experience in identifying and effecting business combinations directly or through affiliates. Many of these competitors possess greater technical, human and other resources than we do and our financial resources will be relatively limited when contrasted with those of many of these competitors. Therefore, our ability to compete in consummating our initial business combination with certain sizable target businesses may be limited by our available financial resources. This inherent competitive limitation gives others an advantage in pursuing a business combination with certain target businesses. Furthermore, seeking stockholder approval of our initial business combination may delay the consummation of a transaction. Additionally, our outstanding warrants and the future dilution they represent, may not be viewed favorably by certain target businesses. Any of the foregoing may place us at a competitive disadvantage in successfully negotiating our initial business combination. ~~Our ability to consummate an attractive business combination may be impacted by the market for initial public offerings. Our efforts to identify a prospective target business will not be limited to any particular industry or geographic region, although we intend to pursue targets that are in North America, Europe, South East Asia, and Asia (excluding China, Hong Kong and Macau), in the medical technology and green energy industry. We shall not undertake our initial business combination with any entity with its principal business operations in China (including Hong Kong and Macau). If the market for initial public offerings is limited, we believe there will be a greater number of attractive target businesses open to consummating an initial business combination with us as a means to achieve publicly held status. Alternatively, if the market for initial public offerings is robust, we believe that there will be fewer attractive target businesses amenable to consummating an initial business combination with us to become a public reporting company. Accordingly, during periods with strong public offering markets, it may be more difficult for us to complete an initial business combination. As the number of special purpose acquisition companies evaluating targets increases, attractive targets may become scarcer and there may be more competition for attractive targets. This could increase the cost of our initial business combination and could even result in our inability to find a target or to consummate an initial business combination. In recent years, the number of special purpose acquisition companies that have been formed has increased substantially. Many potential targets for special purpose acquisition companies have already entered into an initial business combination, and there are still many special purpose acquisition companies seeking targets for their initial business combination, as well as many such companies currently in registration. As a result, at times, fewer attractive targets may be available, and it may require more time, more effort and more resources to identify a suitable target and to consummate an initial business combination. In addition, because there are more special purpose acquisition companies seeking to enter into an initial business combination with available targets, the competition for available targets with attractive fundamentals or business models may increase, which could cause target companies to demand improved financial terms. Attractive deals could also become scarcer for other reasons, such as economic or industry sector downturns, geopolitical tensions, or increases in the cost of additional capital needed to close business combinations or operate targets post- business combination. This could increase the cost of, delay or otherwise complicate or frustrate our ability to find and consummate an initial business combination, and may result in our inability to consummate an initial business combination on terms favorable to our investors.~~ We may be unable to obtain additional financing, if required, to complete our initial business combination or to fund the operations and growth of the target business, which could compel us to restructure or abandon a particular business combination. **Significant capital is required for our initial** ~~Although we believe that the net proceeds of the IPO will be sufficient to allow us to consummate a~~ business combination ~~, because we have not yet identified any prospective target business, the capital requirements for any particular transaction remain to be determined~~ . If the net proceeds of the IPO prove to be insufficient, either because of the size of the business combination, the depletion of the available net proceeds in search of a target business, or other reasons, we will be required to seek additional financing **. We have issued promissory notes with an aggregate value of approximately US $ 2. 6 million to the private investor, Public Gold Marketing Sdn. Bhd., which are due upon the consummation of our initial business combination, and we may be required to issue similar promissory notes or incur debts for our working capital needs** . Such financing may not be available on acceptable terms, if at all. To the extent that additional financing proves to be unavailable when needed to consummate a particular business combination, we would be compelled to either restructure the transaction or abandon that particular business combination and seek an alternative target business candidate. In addition, if we consummate a business combination, we may require additional financing to fund the operations or growth of the target business. The failure to secure additional financing could have a material adverse effect on the continued development or growth of the target business. None of our officers, directors or stockholders is required to provide any financing to us in connection with or after our initial business combination. Our insiders control a substantial interest in us and thus may influence certain actions requiring a stockholder vote. Our insiders collectively beneficially own approximately ~~39~~ **47** . ~~40~~ **86** % of our issued and outstanding shares of common stock. Our insiders or their affiliates could determine in the future to make such purchases in the open market or in private transactions, to the extent permitted by law, in order to influence the vote. In connection with any vote for a proposed business combination, our insiders have agreed to vote the shares of common stock owned by them after the IPO as well as any shares of common stock acquired in the aftermarket in favor of such proposed business combination, and therefore will have a significant influence on the vote. Our Board of Directors is divided into three classes and, therefore, our insiders will continue to exert control over us until the closing of a business combination. Our Board of Directors is ~~and will be~~ divided into three classes, each of which will generally serve for a term of three years with only one class of directors being elected in each year. It is unlikely that there will be an annual meeting of stockholders to elect new directors prior to the consummation of our initial business combination, in which case all of the current directors will continue in office until at least the consummation of the business combination. Accordingly, you may not be able to exercise your voting rights under corporate law until after ~~June~~ **April** 9, ~~2023~~ **2024** (or until after December 9, ~~2023~~ **2024** if our time to complete a business combination is extended as described herein). If there is an annual meeting, as a consequence of our " staggered " Board of Directors, fewer than half of the Board of Directors will be considered for election and our insiders, because of their ownership position, will have considerable influence regarding the outcome. Accordingly, our insiders will continue to exert control at least until the consummation of our initial business combination. We may not hold an annual meeting of stockholders until after the consummation of our initial business combination. Under Section 211 (b) of the Delaware General Corporation Law, we are, however, required to hold an annual meeting of stockholders for the purposes of electing directors in accordance with our bylaws unless such election is made by written consent in lieu of such a meeting. It is unlikely that there will be an annual meeting of stockholders to elect new directors prior to the consummation of our initial business combination, and thus we may not be in compliance with Section 211 (b) of the Delaware General Corporation Law, which requires an annual meeting. Therefore, if our stockholders want us to hold an annual meeting prior to the consummation of our initial business combination, they may attempt to force us to hold one by submitting an application to the Delaware Court of Chancery in accordance with Section 211 (c) of the Delaware General Corporation Law. If our insiders exercise their registration rights, it may have an adverse effect on the market price of our shares of common stock and the existence of these rights may make it more difficult to affect our initial business combination. Our insiders are entitled to make a demand that we register the resale of the insider shares at any time commencing three months prior to the date on which their shares may be released from escrow. Additionally, the purchasers of the private units and our insiders or their affiliates are entitled to demand that we register the resale of the private units and any units our insiders or their affiliates may be issued upon conversion of working capital loans or extension loans made to us (and any securities underlying the private units or units issued upon conversion of the working capital loans or extension loans) commencing on the date that we consummate our initial business combination. The presence of these additional shares of common stock trading in the public market may have an adverse effect on the market price of our securities. In addition, the existence of these warrants may make it more difficult to effectuate our initial business combination or increase the cost of consummating our initial business combination with the target business, as the stockholders of the target business may be discouraged from entering into a business combination with us or will request a higher price for their securities because of the potential effect the exercise of such warrants may have on the trading market for our shares of common stock. We may enter into agreements with consultants or financial advisers that provide for the payment of fees upon the consummation of our initial business combination, and, therefore, such consultants or financial advisers may have conflicts of interest. We may enter into agreements with consultants or financial advisers that provide for the payment of fees upon the consummation of our initial business combination. If we pay consultants or financial advisers fees that are tied to the consummation of our initial business combination, they may have conflicts of interest when providing services to us, and their interests in such fees may influence their advice with respect to a potential business combination. For example, if a consultant' s or financial advisor' s fee is based on the size of the transaction, then they may be influenced to present us with larger transactions that may have lower growth opportunities or long- term value versus smaller transactions that may have greater growth opportunities or provide greater value to our stockholders. Similarly, consultants whose fees are based on consummation of a business combination may be influenced to present potential business combinations to us regardless of whether they provide longer- term value for our stockholders. While we will endeavor to structure agreements with consultants and financial advisors to minimize the possibility and extent of these conflicts of interest, we cannot assure you that we will be able to do so and that we will not be impacted by the adverse influences they create. If we are deemed to be an investment company, we may be required to institute burdensome compliance requirements and our activities may be restricted, which may make it difficult for us to complete our initial business combination. If we are deemed to be an investment company under the Investment Company Act, our activities may be restricted, including: ● restrictions on the nature of our investments; ● restrictions on the issuance of securities; and ● each of which may make it difficult for us to complete our business combination. In addition, we may have imposed upon us certain burdensome requirements, including: ● registration as an investment company; ● adoption of a specific form of corporate structure; and ● reporting, record keeping, voting, proxy and disclosure requirements and other rules and regulations. In order not to be regulated as an investment company under the Investment Company Act, unless we can qualify for an exclusion, we must ensure that we are engaged primarily in a business other than investing, reinvesting or trading in securities and that our activities do not include investing, reinvesting, owning, holding or trading " investment securities " constituting more than 40 % of our total assets (exclusive of U. S. government securities and cash items) on an unconsolidated basis. Our business will be to identify and complete a business combination and thereafter to operate the post- transaction business or assets for the long term. We do not plan to buy businesses or assets with a view to resale or profit from their resale. We do not plan to buy unrelated businesses or assets or to be a passive investor. We do not believe that our anticipated principal activities will subject us to the Investment Company Act. To this end, the proceeds held in the trust account may only be invested in United States " government securities " within the meaning of Section 2 (a) (16) of the Investment Company Act having a maturity of 180 days or less or in money market funds meeting certain conditions under Rule 2a-7 promulgated under the Investment Company Act which invest only in direct U. S. government treasury obligations. Pursuant to the Trust Agreement, **as amended,** the trustee is not permitted to invest in other securities or assets. By restricting the investment of the proceeds to these instruments, and by having a business plan targeted at acquiring and growing businesses for the long term (rather than on buying and selling businesses in the manner of a merchant bank or private equity fund), we intend to avoid being deemed an " investment company " within the meaning of the Investment Company Act. Our IPO was not intended for persons who were seeking a return on investments in government securities or investment securities. The trust account is intended as a holding place for funds pending the earlier to occur of either: (i) the completion of our primary business objective, which is a business combination; or (ii) absent a business combination, our return of the funds held in the trust account to our public stockholders as part of our redemption of the public shares. If we do not invest the proceeds as discussed above, we may be deemed to be subject to the Investment Company Act. If we were deemed to be subject to the Investment Company Act, compliance with these additional regulatory burdens would require additional expenses for which we have not allotted funds and may hinder our ability to complete a business combination. If we are unable to complete our initial business combination, our public stockholders may receive only approximately $ 10. 15 per share on the liquidation of our trust account. The requirement that we complete our initial business combination on or before ~~June~~ **April** 9, ~~2023~~ **2024** (or up until December 9, ~~2023~~ **2024** if our time to complete a business combination is extended as described herein) may give potential target businesses leverage over us in negotiating our initial business combination. We have until ~~June~~ **April** 9, ~~2023~~ **2024** (or up until December 9, ~~2023~~ **2024** if our time to complete a business combination is extended as described herein) to complete our initial business combination. Any potential target business with which we enter into negotiations concerning a business combination will be aware of this requirement. Consequently, such target business may obtain leverage over us in negotiating a business combination, knowing that if we do not complete a business combination with that particular target business, we may be unable to complete a business combination with any other target business. This risk will increase as we get closer to the time limit referenced above. We may not obtain a fairness opinion with respect to the target business that we seek to consummate our initial business combination with and therefore you may be relying solely on the judgment of our Board of Directors in approving a proposed business combination. We will only be required to obtain a fairness opinion with respect to the target business that we seek to consummate our initial business combination with if it is an entity that is affiliated with any of our insiders. In all other instances, we will have no obligation to obtain an opinion. **Under the Merger Agreement, we will only obtain a fairness opinion if both we and Alps agree to obtain one.** If no opinion is obtained, our stockholders will be relying on the judgment of our Board of Directors, who will determine fair market value based on standards generally accepted by the financial community. Such standards used will be disclosed in our tender offer documents or proxy solicitation materials, as applicable, related to our initial business combination. Resources could be wasted in researching business combinations that are not completed, which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public stockholders may receive only approximately $ 10. 15 per share on the liquidation of our trust account. We anticipate that the investigation of each specific target business and the negotiation, drafting and execution of relevant agreements, disclosure documents and other instruments will require substantial management time and attention and substantial costs for accountants, attorneys and others. If we decide not to complete a specific initial business combination, the costs incurred up to that point for the proposed transaction likely would not be recoverable. Furthermore, if we reach an agreement relating to a specific target business, we may fail to complete our initial business combination for any number of reasons, including those beyond our control. Any such event will result in a loss to us of the related costs incurred which could materially adversely affect subsequent attempts to locate and acquire or merge with another business. If we are unable to complete our initial business combination, our public stockholders may receive only approximately $ 10. 15 per share on the liquidation of our trust account, and our rights and warrants will expire worthless. Compliance with the Sarbanes- Oxley Act of 2002 will require substantial financial and management resources and may increase the time and costs of completing an initial business combination. Section 404 of the Sarbanes- Oxley Act requires that we evaluate and report on our system of internal control and may require that we have such system of internal control audited. If we fail to maintain the adequacy of our internal control, we could be subject to regulatory scrutiny, civil or criminal penalties and / or stockholder litigation. Any inability to provide reliable financial reports could harm our business. Section 404 of the Sarbanes- Oxley Act also requires that our independent registered public accounting firm report on management' s evaluation of our system of internal control, although as an " emerging growth company " as defined in the JOBS Act, we may take advantage of an exemption to this requirement. A target company may not be in compliance with the provisions of the Sarbanes- Oxley Act regarding adequacy of their internal control. The development of the internal control of any such entity to achieve compliance with the Sarbanes- Oxley Act may increase the time and costs necessary to complete any such initial business combination. If we effect our initial business combination with a company located outside of the United States, we would be subject to a variety of additional risks that may negatively impact our operations. **On January 30, 2024, we entered into the Merger Agreement with Alps, a Malaysian company focusing on the provision of precise and preventive healthcare solutions.** If we ~~pursue a~~ **consummate our initial business combination with Alps or any other** target company with operations or opportunities outside of the United States ~~for our initial business combination~~, we may face additional burdens in connection with investigating, agreeing to and completing such initial business combination, and if we effect such initial business combination, we would be subject to a variety of additional risks that may negatively impact our operations. In addition, we would be subject to any special considerations or risks associated with companies operating in the target business' home jurisdiction, including any of the following: ● rules and regulations or currency conversion or corporate withholding taxes on individuals; ● tariffs and trade barriers; ● regulations related to customs and import / export matters; ● longer payment cycles; ● tax issues, such as tax law changes and variations in tax laws as compared to the United States; ● currency fluctuations and exchange controls; ● challenges in collecting accounts receivable; ● cultural and language differences; ● employment regulations; ● crime, strikes, riots, civil disturbances, terrorist attacks and wars; and ● deterioration of political relations with the United States. We may not be able to adequately address these additional risks. If we are unable to do so, our operations may suffer. If we reincorporate in another jurisdiction in connection with our initial business combination, the laws of such jurisdiction may govern some or all of our future material agreements and we may not be able to enforce our legal rights. In connection with our initial business combination, we may relocate the home jurisdiction of our business to another jurisdiction. If we determine to do this, the laws of such jurisdiction may govern some or all of our future material agreements. The system of laws and the enforcement of existing laws in such jurisdiction may not be as certain in implementation and interpretation as in the United States. The inability to enforce or obtain a remedy under any of our future agreements could result in a significant loss of business, business opportunities or capital. If we effect our initial business combination with a target business located outside of the United States, the laws applicable to such target business will likely govern all of our material agreements and we may not be able to enforce our legal rights. **On January 30, 2024, we entered into the Merger Agreement with Alps, a Malaysian company focusing on the provision of precise and preventive healthcare solutions.** If we effect our initial business combination with ~~a~~ **Alps or any other** target business located outside of the United States, the laws of the country in which such target business is domiciled will govern almost all of the material agreements relating to its operations. The target business may not be able to enforce any of its material agreements in such jurisdiction and appropriate remedies to enforce its rights under such material agreements may not be available in this new jurisdiction. The system of laws and the enforcement of existing laws in such jurisdiction may not be as certain in implementation and interpretation as in the United States. The inability to enforce or obtain a remedy under any of our future agreements could result in a significant loss of business, business opportunities or capital. Additionally, if we consummate our initial business combination with a company located outside of the United States, it is likely that substantially all of our assets would be located outside of the United States and some of our officers and directors might reside outside of the United States. As a result, it may not be possible for investors in the United States to enforce their legal rights, to effect service of process upon our directors or officers or to enforce judgments of United States courts predicated upon civil liabilities and criminal penalties of our directors and officers under federal securities laws of the United States. Provisions in our ~~second~~ amended and restated certificate of incorporation **, as amended and currently in effect,** and Delaware law **,** may inhibit a takeover of us, which could limit the price investors might be willing to pay in the future for our common stock and could entrench management. Our ~~second~~ amended and restated certificate of incorporation **, as amended and currently in effect,** contains provisions that may discourage unsolicited takeover proposals that stockholders may consider to be in their best interests. These provisions include a staggered Board of Directors and the ability of the Board of Directors to designate the terms of and issue new series of preferred shares, which may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities. We are also subject to anti- takeover provisions under Delaware law, which could delay or prevent a change of control. Together these provisions may make more difficult the removal of management and may discourage transactions that otherwise could involve payment of a premium over prevailing market prices for our securities. Because we must furnish our stockholders with target business financial statements prepared in accordance with U. S. generally accepted accounting principles or international financial reporting standards, we may lose the ability to complete an otherwise advantageous initial business combination with some prospective target businesses. The federal proxy rules require that a proxy statement with respect to a vote on a business combination meeting certain financial significance tests include historical and / or pro forma financial statement disclosure in periodic reports. These financial statements may be required to be prepared in accordance with, or be reconciled to, accounting principles generally accepted in the United States of America, or GAAP, or international financial reporting standards, or IFRS as issued by the International Accounting Standards Board or the IASB, depending on the circumstances and the historical financial statements may be required to be audited in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB. We will include the same financial statement disclosure in connection with any tender offer documents we use, whether or not they are required under the tender offer rules. These financial statement requirements may limit the pool of potential target businesses we may consummate our initial business combination with because some targets may be unable to provide such statements in time for us to disclose such statements in accordance with federal proxy rules and complete our initial business combination within the prescribed time frame. Changes in the market for directors and officers liability insurance could make it more difficult and more expensive for us to negotiate and complete an initial business combination. In recent months, the market for directors and officers liability insurance for special purpose acquisition companies has changed. Fewer insurance companies are offering quotes for directors and officers liability coverage, the premiums charged for such policies have generally increased and the terms of such policies have generally become less favorable. There can be no assurance that these trends will not continue. The increased cost and decreased availability of directors and officers liability insurance could make it more difficult and more expensive for us to negotiate an initial business combination. In order to obtain directors and officers liability insurance or modify its coverage as a result of becoming a public company, the post- business combination entity might need to incur greater expense, accept less favorable terms or both. However, any failure to obtain adequate directors and officers liability insurance could have an adverse impact on the post- business combination' s ability to attract and retain qualified officers and directors. In addition, even after we were to complete an initial business combination, our directors and officers could still be subject to potential liability from claims arising from conduct alleged to have occurred prior to the initial business combination. As a result, in order to protect our directors and officers, the post- business combination entity may need to purchase additional insurance with respect to any such claims (" run- off insurance "). The need for run- off insurance would be an added expense for the post- business combination entity, and could interfere with or frustrate our ability to consummate an initial business combination on terms favorable to our investors. Risks Relating to Our Management Team Our ability to successfully effect our initial business combination and to be successful thereafter will be totally dependent upon the efforts of our key personnel, some of whom may join us following our initial business combination. While we intend to closely scrutinize any individuals we engage after our initial business combination, our assessment of these individuals may not prove to be correct. Our ability to successfully effect our initial business combination is dependent upon the efforts of our key personnel. We believe that our success depends on the continued service of our key personnel, at least until we have consummated our initial business combination. None of our officers are required to commit any specified amount of time to our affairs (although we expect them to devote approximately 10 hours per week to our business) and, accordingly, they will have conflicts of interest in allocating management time among various business activities, including identifying potential business combinations and monitoring the related due diligence. If our officers' and directors' other business affairs require them to devote more substantial amounts of time to their other business activities, it could limit their ability to devote time to our affairs and could have a negative impact on our ability to consummate our initial business combination. In addition, we do not have employment agreements with, or key- man insurance on the life of, any of our officers. The unexpected loss of the services of our key personnel could have a detrimental effect on us. The role of our key personnel after our initial business combination, however, remains to be determined. Although some of our key personnel may serve in senior management or advisory positions following our initial business combination, it is likely that most, if not all, of the management of the target business will remain in place. These individuals may be unfamiliar with the requirements of operating a public company, which could cause us to have to expend time and resources helping them become familiar with such requirements. This could be expensive and time- consuming and could lead to various regulatory issues which may adversely affect our operations. Our officers and directors may not have significant experience or knowledge regarding the jurisdiction or industry of the target business we may seek to consummate our initial business combination with. We may consummate a business combination with ~~a~~ **Alps under the Merger Agreement or with such other** target business in any industry or geographic location (excluding China, Hong Kong and Macau) we choose. Our officers and directors may not have enough experience or sufficient knowledge relating to the jurisdiction of the target or its industry to make an informed decision regarding our initial business combination. Our key personnel may negotiate employment or consulting agreements with a target business in connection with a particular business combination. These agreements may provide for them to receive compensation following our initial business combination and, as a result, may cause them to have conflicts of interest in determining whether a particular business combination is the most advantageous. Our key personnel may be able to remain with the company after the completion of our business combination only if they are able to negotiate employment or consulting agreements in connection with the business combination. Such negotiations would take place simultaneously with the negotiation of the business combination and could provide for such individuals to receive compensation in the form of cash payments and / or our securities for services they would render to us after the completion of the business combination. The personal and financial interests of such individuals may influence their motivation in identifying and selecting a target business. Our insiders and their affiliates may be owed reimbursement for out- of- pocket expenses which may cause them to have conflicts of interest in determining whether a particular business combination is most advantageous. Our insiders and their affiliates may incur out- of- pocket expenses in connection with certain activities on our behalf, such as identifying and investigating possible business targets and combinations. We have no policy that would prohibit these individuals and their affiliates from negotiating the reimbursement of such expenses by a target business. As a result, the personal and financial interests of such individuals may influence their motivation in identifying and selecting a target business. Members of our management team may have affiliations with entities engaged in business activities similar to those intended to be conducted by us and, accordingly, may have conflicts of interest in determining to which entity a particular business opportunity should be presented. Members of our management team may have affiliations with companies, including companies that are engaged in business activities similar to those intended to be conducted by us. Accordingly, they may participate in transactions and have obligations that may be in conflict or competition with our consummation of our initial business combination. As a result, a potential target business may be presented by our management team to another entity prior to its presentation to us and we may not be afforded the opportunity to engage in a transaction with such target business. For a more detailed description of the potential conflicts of interest of our management, see ITEM 10 " Directors, Executive Officers and Corporate Governance — Conflicts of Interest. " We may engage in a business combination with one or more target businesses that have relationships with entities that may be affiliated with our executive officers, directors or insiders, which may raise potential conflicts of interest. In light of the involvement of our insiders, officers and directors with other entities, we may decide to acquire one or more businesses affiliated with our insiders, officers and directors. Our officers and directors also serve as officers and board members for other entities, including, without limitation, those described under ITEM 10 " Directors, Executive Officers and Corporate Governance — Conflicts of Interest. " **Alps** ~~Our insiders~~ , **the target business which we intend** ~~officers and directors are not currently aware of any specific opportunities for us~~ to ~~complete~~ **consummate** our **initial** business combination with **under the Merger Agreement, is not affiliated with** any ~~entities with which~~ **of our insiders, officers or directors. To** ~~they~~ - **the extent that we do** ~~are affiliated, and there have been no~~ **not consummate our initial** ~~preliminary discussions concerning a~~ business combination with **Alps,** ~~any such entity or entities. Although~~ **although** we will not be specifically focusing on, or targeting, any transaction with any affiliated entities, we would pursue such a transaction if we determined that such affiliated entity met our criteria for a business combination as set forth in ITEM 1 " Business — Acquisition Criteria " such transaction was approved by a majority of our disinterested and independent directors (if we have any at that time), and we obtain an opinion from an independent investment banking firm that the business combination is fair to our unaffiliated stockholders from a financial point of view. Despite our agreement to obtain an opinion from an independent investment banking firm regarding the fairness to our company from a financial point of view of a business combination with one or more domestic or international businesses affiliated with our insiders, potential conflicts of interest still may exist and, as a result, the terms of the business combination may not be as advantageous to our public stockholders as they would be absent any conflicts of interest. The shares beneficially owned by our insiders, including our officers and directors, will not participate in a redemption and, therefore, our insiders may have a conflict of interest in determining whether a particular target business is appropriate for our initial business combination. Our insiders, including our **sponsor,** officers and directors, have waived their right to convert their insider shares and private shares in connection with a business combination and their redemption rights with respect to their insider shares and private shares if we are unable to consummate our initial business combination. Accordingly, these securities will be worthless if we do not consummate our initial business combination. The personal and financial interests of our directors and officers may influence their motivation in timely identifying and selecting a target business and completing a business combination. Consequently, our **sponsor's,** directors' and officers' discretion in identifying and selecting a suitable target business may result in a conflict of interest when determining whether the terms, conditions and timing of a particular business combination are appropriate and in our stockholders' best interest. If we are unable to consummate a business combination, any loans made by our insiders, including our officers and directors, or their affiliates would not be repaid, resulting in a potential conflict of interest in determining whether a potential transaction is in our stockholders' best interest. In order to meet our working capital needs following the consummation of the IPO, our insiders, including our officers and directors, or their affiliates may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. The loans would be non- interest bearing and would be payable at the consummation of a business combination. If we fail to consummate a business combination within the required time period, the loans would not be repaid. Consequently, our directors and officers may have a conflict of interest in determining whether the terms, conditions and timing of a particular business combination are appropriate and in our stockholders' best interest. Our management may not be able to maintain control of a target business after our initial business combination. We cannot provide assurance that, upon loss of control of a target business, new management will possess the skills, qualifications or abilities necessary to profitably operate such business. We may structure our initial business combination such that the post- transaction company owns less than 100 % of such interests or assets of the target business in order to meet certain objectives of the target management team or stockholders or for other reasons, but we will only complete such business combination if the post- transaction company owns 50 % or more of the outstanding voting securities of the target or otherwise owns a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. Even if the post- transaction company owns 50 % or more of the voting securities of the target, our stockholders prior to the business combination may collectively own a minority interest in the post- transaction company, depending on valuations ascribed to the target and us in the business combination transaction. For example, we could pursue a transaction in which we issue a substantial number of new shares in exchange for all of the outstanding capital stock of a target. In this case, we would acquire a 100 % controlling interest in the target. However, as a result of the issuance of a substantial number of new shares, our stockholders immediately prior to our initial business combination could own less than a majority of our outstanding shares subsequent to our initial business combination. In addition, other minority stockholders may subsequently combine their holdings resulting in a single person or group obtaining a larger share of the company' s stock than we initially acquired. Accordingly, this may make it more likely that our management will not be able to maintain our control of the target business. The nominal purchase price paid by our sponsor for the insider shares may result in significant dilution to the implied value of the public shares upon the consummation of our initial business combination. We offered our units at an offering price of $ 10. 00 per unit and the amount in our trust account was $ 10. 15 per public share, implying an initial value of $ 10. 00 per public share. However, prior to the IPO, our sponsor paid a nominal aggregate purchase price of $ 25, 000 for the insider shares, or approximately $ 0. 009 per share. As a result, the value of the public shares may be significantly diluted upon the consummation of our initial business combination. For example, the following table shows the dilutive effect of the insider shares on the implied value of the public shares upon the consummation of our initial business combination, assuming that our equity value at that time is $ ~~45~~ **24** , ~~585~~ **643** , ~~545~~ **218** , which is the amount we would have for our initial business combination in the trust account after payment of $ 4, 025, 000 of deferred underwriting discounts, no interest is earned on the funds held in the trust account, and no public shares are redeemed in connection with our initial business combination, and without taking into account any other potential impacts on our valuation at such time, such as the trading price of our public shares, the business combination transaction costs, any equity issued or cash paid to the target' s sellers or other third parties, or the target' s business itself, including its assets, liabilities, management and prospects, as well as the value of our public and private warrants. At such valuation, each of our shares of common stock would have an implied value of $ ~~5~~ **4** . ~~50~~ **10** per share upon consummation of our initial business combination, which would be a ~~45~~ **59** . 0 % decrease as compared to the initial implied value per public share of $ 10. 00 (the price per unit in the IPO, assuming no value to the public warrants). Public shares ~~4~~ **2** , ~~743~~ **562** , ~~305~~ **567** Insider shares 2, 875, 000 Private shares 570, 000 Total shares ~~8~~ **6** , ~~188~~ **007** , ~~305~~ **567** Total funds in trust available for initial business combination (less deferred underwriting discounts) $ ~~45~~ **24** , ~~060~~ **643** , ~~545~~ **218** Initial implied value per public share $ 10. 00 Implied value per share upon consummation of initial business combination $ ~~5~~ **4** . ~~50~~ **10** The value of the insider shares following completion of our initial business combination is likely to be substantially higher than the nominal price paid for them, even if the trading price of our common stock at such time is substantially less than $ 10. 00 per share. Our sponsor has invested $ 25, 000 in connection with the purchase of 2, 875, 000 insider shares. Assuming a trading price of $ 10. 00 per share upon consummation of our initial business combination, the 2, 875, 000 insider shares would have an aggregate implied value of $ 28, 750, 000. Even if the trading price of our common stock was as low as $ 0. 009 per share, and the private rights and private warrants were worthless, the value of the insider shares would be equal to our sponsor' s initial investment in us. As a result, our sponsor is likely to be able to recoup its investment in us and make a substantial profit on that investment, even if our public shares have lost significant value. Accordingly, our management team, which owns founder shares and / or interests in our sponsor, may have an economic incentive that differs from that of the public stockholders to pursue and consummate an initial business combination rather than to liquidate and to return all of the cash in the trust to the public stockholders, even if that business combination were with a riskier or less- established target business. For the foregoing reasons, you should consider our management team' s financial incentive to complete an initial business combination when evaluating whether to redeem your shares prior to or in connection with the initial business combination. Risks Relating to our Securities Nasdaq may delist our securities from quotation on its exchange, which could limit investors' ability to make transactions in our securities and subject us to additional trading restrictions. Our securities are listed on Nasdaq, a national securities exchange. We cannot assure you that our securities will be, or will continue to be, listed on Nasdaq in the future or prior to our initial business combination. In order to continue listing our securities on Nasdaq prior to our initial business combination, we must maintain certain financial, distribution and stock price levels. **On October 16, 2023, we were notified by Nasdaq that we were not in compliance with Nasdaq Listing Rule 5450 (a) (2), which requires the Company to maintain at least 400 total holders for continued listing on the Nasdaq Global Market. On January 29, 2024, we submitted an application with Nasdaq for the transfer of our securities listed on the Nasdaq Global Market to Nasdaq Capital Market. On March 6, 2024, we received Nasdaq' s approval of our transfer application and starting from March 12, 2024, our securities started trading on the Nasdaq Capital Market. On March 6, 2024, we were notified by Nasdaq that we regained compliance with Nasdaq' s requirement of 300 public holders for continued listing on the Nasdaq Capital Market.** Generally, we must maintain a minimum amount in market value of listed securities of $ ~~50~~ **35** million and publicly held shares of $ ~~15~~ **1** million, a minimum number of **500, 000** ~~1. 1 million~~ publicly held shares, and a minimum number of ~~400 total~~ **300 public** stockholders **in order to satisfy the continued listing standards of the Nasdaq Capital Market. We cannot assure you that we will be able to continue complying with all continued listing standards under the Nasdaq Listing Rules, and we cannot assure you that we will not receive similar or other deficiency notifications from Nasdaq in the future** . Additionally, in connection with our initial business combination, we will be required to demonstrate compliance with Nasdaq' s initial listing requirements, which are more rigorous than Nasdaq' s continued listing requirements, in order to continue to maintain the listing of our securities on Nasdaq. For instance, our stock price would generally be required to be at least $ 4. 00 per share. We cannot assure you that we will be able to meet those initial listing requirements at that time. If Nasdaq delists our securities from trading on its exchange, we could face significant material adverse consequences, including: ● a limited availability of market quotations for our securities; ● reduced liquidity with respect to our securities; ● a determination that our shares are a " penny stock, " which will require brokers trading in our shares to adhere to more stringent rules, possibly resulting in a reduced level of trading activity in the secondary trading market for our shares; ● a limited amount of news and analyst coverage for our company; and ● a decreased ability to issue additional securities or obtain additional financing in the future. The securities in which we invest the funds held in the trust account could bear a negative rate of interest, which could reduce the value of the assets held in trust such that the per- share redemption amount received by public stockholders may be less than $ 10. 15 per share. The proceeds held in the trust account are held as cash or invested only in the U. S. government treasury bills with a maturity of 180 days or less or in money market funds investing solely in U. S. Treasuries and meeting certain conditions under Rule 2a- 7 under the Investment Company Act. While short- term U. S. government treasury obligations currently yield a positive rate of interest, they have briefly yielded negative interest rates in recent years. Central banks in Europe and Japan pursued interest rates below zero in recent years, and the Open Market Committee of the Federal Reserve has not ruled out the possibility that it may in the future adopt similar policies in the United States. In the event that we are unable to complete our initial business combination or make certain amendments to our amended and restated certificate of incorporation, our public stockholders are entitled to receive their pro- rata share of the proceeds held in the trust account, plus any interest income, net of taxes paid or payable. Negative interest rates could reduce the value of the assets held in trust such that the per- share redemption amount received by public stockholders may be less than $ 10. 15 per share. We may require public stockholders who wish to convert their shares of common stock in connection with a vote of stockholders on a proposed business combination to comply with specific requirements for conversion that may make it more difficult for them to exercise their conversion rights prior to the deadline for exercising their rights. In connection with any stockholder meeting called to approve a proposed initial business combination, each public stockholder will have the right, regardless of whether he, she or it votes or is voting for or against such proposed business combination, to demand that we convert his or her shares of common stock into a share of the trust account. We may require public stockholders seeking to convert their shares in connection with a stockholder vote on a proposed business combination, whether they are a record holder or hold their shares in " street name, " to either tender their certificates to our transfer agent or to deliver their shares to the transfer agent electronically using Depository Trust Company' s DWAC (Deposit / Withdrawal At Custodian) System, at the holder' s option, at least two business days on the initial business combination (a tender of shares is always required in connection with a tender offer). In order to obtain a physical stock certificate, a stockholder' s broker and / or clearing broker, DTC and our transfer agent will need to act to facilitate this request. It is our understanding that stockholders should generally allot at least two weeks to obtain physical certificates from the transfer agent. However, because we do not have any control over this process or over the brokers or DTC, it may take significantly longer than two weeks to obtain a physical stock certificate. While we have been advised that it takes a short time to deliver shares through the DWAC System, this may not be the case. Under Delaware law and our bylaws, we are required to provide at least 10 days' advance notice of any stockholder meeting, which would be the minimum amount of time a public stockholder would have to determine whether to exercise conversion rights. Accordingly, if it takes longer than we anticipate for stockholders to deliver their shares, stockholders who wish to convert may be unable to meet the deadline for exercising their conversion rights and thus may be unable to convert their shares. If we require public stockholders who wish to convert their shares of common stock to comply with the delivery requirements discussed above for conversion, such converting stockholders may be unable to sell their securities when they wish to in the event that the proposed business combination is not approved. If we require public stockholders who wish to convert their shares of common stock to comply with the delivery requirements discussed above for conversion and such proposed business combination is not consummated, we will promptly return such certificates to the tendering public stockholders. Accordingly, investors who attempted to convert their shares in such a circumstance will be unable to sell their securities after the failed business combination until we have returned their securities to them. The market price for our shares of common stock may decline during this time and you may not be able to sell your securities when you wish to, even while other stockholders that did not seek conversion may be able to sell their securities. Holders of warrants will not have redemption rights. If we are unable to complete an initial business combination within the required time period and we redeem the funds held in the trust account, the warrants will expire and holders will not receive any of the amounts held in the trust account in exchange for the warrants. We have no obligation to net cash settle the warrants. In no event will we have any obligation to net cash settle the warrants. Accordingly, the warrants may expire worthless. If we do not maintain a current and effective prospectus relating to the shares of common stock issuable upon exercise of the redeemable warrants, public holders will only be able to exercise such redeemable warrants on a " cashless basis " which would result in a fewer number of shares being issued to the holder had such holder exercised the redeemable warrants for cash. Except as set forth below, if we do not maintain a current and effective prospectus relating to the shares of common stock issuable upon exercise of the warrants at the time that holders wish to exercise such warrants, they will only be able to exercise them on a " cashless basis, " provided that an exemption from registration is available. As a result, the number of shares of common stock that a holder will receive upon exercise of its warrants will be fewer than it would have been had such holder exercised its warrant for cash. Further, if an exemption from registration is not available, holders would not be able to exercise their warrants on a cashless basis and would only be able to exercise their warrants for cash if a current and effective prospectus relating to the shares of common stock issuable upon exercise of the warrants is available. Under the terms of the warrant agreement, we have agreed to use our best efforts to meet these conditions and to maintain a current and effective prospectus relating to the shares of common stock issuable upon exercise of the warrants until the expiration of the warrants. However, we cannot assure you that we will be able to do so. If we are unable to do so, the potential " upside " of the holder' s investment in our company may be reduced or the warrants may expire worthless. Notwithstanding the foregoing, the private warrants may be exercisable for unregistered shares of common stock for cash even if the prospectus relating to the shares of common stock issuable upon exercise of the warrants is not current and effective. An investor will only be able to exercise warrants if the issuance of shares of common stock upon such exercise has been registered or qualified or is deemed exempt under the securities laws of the state of residence of the holder of the warrants. No warrants will be exercisable for cash and we will not be obligated to issue shares of common stock unless the shares of common stock issuable upon such exercise have been registered or qualified or deemed to be exempt under the securities laws of the state of residence of the holder of the warrants. At the time that the warrants become exercisable, we expect to continue to be listed on a national securities exchange, which would provide an exemption from registration in every state. However, we cannot assure you of this fact. If the shares of common stock issuable upon exercise of the warrants are not qualified or exempt from qualification in the jurisdictions in which the holders of the warrants reside, the warrants may be deprived of any value, the market for the warrants may be limited and they may expire worthless if they cannot be sold. Our management' s ability to require holders of our redeemable warrants to exercise such redeemable warrants on a cashless basis will cause holders to receive fewer shares of common stock upon their exercise of the redeemable warrants than they would have received had they been able to exercise their redeemable warrants for cash. If we call our warrants for redemption after the redemption criteria described in the IPO prospectus have been satisfied, our management will have the option to require any holder that wishes to exercise his warrants (including any warrants held by our initial stockholders or their permitted transferees) to do so on a " cashless basis. " If our management chooses to require holders to exercise their warrants on a cashless basis, the number of shares of common stock received by a holder upon exercise will be fewer than it would have been had such holder exercised his warrants for cash. This will have the effect of reducing the potential " upside " of the holder' s investment in our company. We may amend the terms of the rights or warrants in a way that may be adverse to holders with the approval by the holders of a majority of the then outstanding rights or warrants, respectively. Our rights will be issued in registered form under a rights agreement, and our warrants will be issued in registered form under a warrant agreement, each between Continental, as rights or warrant agent, as applicable, and us. Each of the rights agreement and warrant agreement provides that the terms of the rights or warrants, as applicable, may be amended without the consent of any holder to cure any ambiguity or correct any defective provision. Each of the rights agreement and warrant agreement requires the approval by the holders of a majority of the then outstanding rights or warrants (including the private warrants), as applicable, in order to make any change that adversely affects the interests of the registered holders of the rights or warrants, as applicable. With respect to any amendment to the terms of only the private warrants, the warrant agreement requires the approval of the registered holders of a majority of the then outstanding private warrants. Our outstanding rights, warrants and insider shares may have an adverse effect on the market price of our shares of common stock and make it more difficult to effectuate our initial business combination. To the extent we issue shares of common stock to effectuate a business transaction, the potential for the issuance of a substantial number of additional shares of common stock upon conversion of the rights and exercise of the warrants could make us a less attractive acquisition vehicle to a target business. Any such issuance will increase the number of issued and outstanding shares of common stock and reduce the value of the shares of common stock issued to complete the business transaction. Therefore, our rights, warrants and insider shares may make it more difficult to effectuate a business combination or increase the cost of acquiring the target business. If and to the extent the rights are converted or the warrants are exercised, you may experience dilution to your holdings. Each of our rights agreement and warrant agreement designates the courts of the State of New York or the United States District Court for the Southern District of New York as the sole and exclusive forum for certain types of actions and proceedings that may be initiated by holders of our rights and holders of our warrants, which could limit the ability of rights holders and warrant holders to obtain a favorable judicial forum for disputes with our company. Each of our rights agreement and warrant agreement provides that, subject to applicable law, (i) any action, proceeding or claim against us arising out of or relating in any way to the rights agreement or the warrant agreement, as applicable, including under the Securities Act, will be brought and enforced in the courts of the State of New York or the United States District Court for the Southern District of New York, and (ii) that we irrevocably submit to such jurisdiction, which jurisdiction shall be the exclusive forum for any such action, proceeding or claim. We will waive any objection to such exclusive jurisdiction and that such courts represent an inconvenient forum. Notwithstanding the foregoing, these provisions of the rights agreement and the warrant agreement will not apply to suits brought to enforce any liability or duty created by the Exchange Act, or any other claim for which the federal district courts of the United States of America are the sole and exclusive forum. Any person or entity purchasing or otherwise acquiring any interest in any of our rights or warrants, as applicable, shall be deemed to have notice of and to have consented to the forum provisions in our rights agreement or warrant agreement, as applicable. If any action, the subject matter of which is within the scope the forum provisions of the rights agreement or the warrant agreement, as applicable, is filed in a court other than a court of the State of New York or the United States District Court for the Southern District of New York (for purposes of this subsection, a " foreign action ") in the name of any holder of our rights or warrants, as applicable, such holder shall be deemed to have consented to: (x) the personal jurisdiction of the state and federal courts located in the State of New York or the United States District Court for the Southern District of New York in connection with any action brought in any such court to enforce the forum provisions (for purposes of this subsection, an " enforcement action "), and (y) having service of process made upon such rights holder or warrant holder, as applicable, in any such enforcement action by service upon such rights holder' s counsel or warrant holder' s counsel, as applicable, in the foreign action as agent for such rights holder or warrant holder, as applicable. These choice- of- forum provisions may limit the ability of rights holders and warrant holders to bring a claim in a judicial forum that such holders find favorable for disputes with our company, which may discourage such lawsuits. Alternatively, if a court were to find this provision of our rights agreement or warrant agreement inapplicable or unenforceable with respect to one or more of the specified types of actions or proceedings, we may incur additional costs associated with resolving such matters in other jurisdictions, which could materially and adversely affect our business, financial condition and results of operations and result in a diversion of the time and resources of our management and Board of Directors. We note, however, that there is uncertainty as to whether a court would enforce these provisions and that investors cannot waive compliance with the federal securities laws and the rules and regulations thereunder. Section 22 of the Securities Act creates concurrent jurisdiction for state and federal courts over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder. There are no authorities addressing the proper allocation of tax basis to the components of a unit, and therefore, investors may not appropriately allocate such basis for U. S. federal income tax purposes. No statutory, administrative or judicial authority directly addresses the treatment of a unit or instruments similar to a unit for U. S. federal income tax purposes and, therefore, that treatment is not entirely clear. We intend to treat the acquisition of a unit, for U. S. federal income tax purposes, as the acquisition of one share of our common stock, one right to receive one- tenth (1 / 10) of a share of our common stock upon the consummation of an initial business combination and one redeemable warrant to purchase one half (1 / 2) of one share of common stock, and, by purchasing a unit, you agree to adopt such treatment for U. S. federal income tax purposes. For U. S. federal income tax purposes, each holder of a unit must allocate the purchase price paid by such holder for such unit between the one share of our common stock, one right to receive one- tenth (1 / 10) of a share of our common stock upon the consummation of an initial business combination and one redeemable warrant to purchase one half (1 / 2) of one share of common stock based on the relative fair market value of each at the time of issuance. The price allocated should be the stockholder' s tax basis in such share or warrant, as the case may be. Any disposition of a unit should be treated for U. S. federal income tax purposes as a disposition of the share of our share of our common stock, one right to receive one- tenth (1 / 10) of a share of our common stock upon the consummation of an initial business combination and one redeemable warrant to purchase one half (1 / 2) of one share of common stock comprising the unit, and the amount realized on the disposition should be allocated between the common stock, the right and the redeemable warrant based on their respective relative fair market values at the time of disposition. The foregoing treatment of the unit and a holder' s purchase price allocation are not binding on the Internal Revenue Service, or " IRS ", or the courts. The IRS or the courts may not agree with such characterization and investors could suffer adverse U. S. federal income tax consequences as a result. Accordingly, we urge each prospective investor to consult its own tax advisors regarding the tax consequences of an investment in a unit (including alternative characterizations of a unit). Redemptions of our common stock pursuant to the redemption provisions described in the IPO prospectus could give rise to dividend income (rather than gain on a sale or exchange) in certain circumstances. In the event that an investor' s **shares of** common stock is redeemed pursuant to the redemption provisions described in the IPO prospectus, the treatment of the transaction for U. S. federal income tax purposes will depend on whether the redemption qualifies as sale of the **shares of** common stock or is instead treated as a dividend. Whether a redemption qualifies for sale treatment will depend largely on the total number of shares of our stock treated as held by the investor (including any stock constructively owned by the investor as a result of owning rights or by attribution) relative to all of our shares outstanding both before and after the redemption. If the redemption does not qualify for sale treatment, all or a portion of such redemption could be treated as a taxable dividend to the extent of our current or accumulated earnings and profits for tax purposes (which include earnings for the entire year of such payment, including after such payment is made). Amounts treated as dividends to non- U. S. investors may be subject to withholding tax. Certain non- corporate U. S. investors may be eligible for reduced rates of taxation upon dividends. The rules regarding the tax treatment of such redemptions are complex and will depend on each investor' s own circumstances. Each investor should consult with its own tax advisors as to the tax consequences of a redemption. General Risk Factors We are an emerging growth company within the meaning of the Securities Act, and if we take advantage of certain exemptions from disclosure requirements available to emerging growth companies, this could make our securities less attractive to investors and may make it more difficult to compare our performance with other public companies. The JOBS Act permits " emerging growth companies " like us to take advantage of certain exemptions from various reporting requirements applicable to other public companies that are not emerging growth companies. As long as we qualify as an emerging growth company, we would be permitted, and we intend to, omit the auditor' s attestation on internal control over financial reporting that would otherwise be required by the Sarbanes- Oxley Act, as described above. We also intend to take advantage of the exemption provided under the JOBS Act from the requirements to submit say- on- pay, say- on- frequency and say- on- golden parachute votes to our stockholders and we will avail ourselves of reduced executive compensation disclosure that is already available to smaller reporting companies. In addition, Section 107 of the JOBS Act also provides that an emerging growth company can take advantage of the exemption from complying with new or revised accounting standards provided in Section 7 (a) (2) (B) of the Securities Act as long as we are an emerging growth company. An emerging growth company can therefore delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We have elected to take advantage of these benefits until we are no longer an emerging growth company or until we affirmatively and irrevocably opt out of this exemption. Our financial statements may therefore not be comparable to those of companies that comply with such new or revised accounting standards. Following the IPO, we will continue to be an emerging growth company until the earliest to occur of (i) the last day of the fiscal year during which we had total annual gross revenues of at least $ 1. 235 billion (as indexed for inflation), (ii) the last day of the fiscal year following the fifth anniversary of the date of the first sale of units under the IPO registration statement, (iii) the date on which we have, during the previous three- year period, issued more than $ 1 billion in non- convertible debt, or (iv) the date on which we are deemed to be a " large accelerated filer, " as defined under the Exchange Act. Until such time that we lose " emerging growth company " status, it is unclear if investors will find our securities less attractive because we may rely on these exemptions. If some investors find our securities less attractive as a result, there may be a less active trading market for our securities and our stock prices may be more volatile and could cause our stock prices to decline. Our search for a business combination, and any target business with which we ultimately consummate a business combination, may be materially adversely affected by the COVID- 19 pandemic. The COVID- 19 pandemic has resulted in a widespread health crisis that has adversely affected and may continue to adversely affect the economies and financial markets worldwide, and the business of any potential target business with which we may consummate a business combination could be materially and adversely affected. Furthermore, we may be unable to complete a business combination if continued concerns relating to COVID- 19 restrict travel, limit the ability to have meetings with potential investors or the target company' s personnel, vendors and service providers are unavailable to negotiate and consummate a transaction in a timely manner. In addition, countries or supranational organizations in our target markets may develop and implement legislation that makes it more difficult or impossible for entities outside such countries or target markets to acquire or otherwise invest in companies or businesses deemed essential or otherwise vital. The extent of which COVID- 19 impacts our search for and ability to consummate a business combination will depend on future developments, which are highly uncertain and cannot be predicted, including new information that may emerge concerning the severity of COVID- 19 and the actions to contain COVID- 19 or treat its impact, among others. If the disruptions posed by COVID- 19 or other matters of global concern continue for an extensive period of time, and result in protectionist sentiments and legislation in our target markets, our ability to consummate a business combination, or the operations of a target business with which we ultimately consummate a business combination, may be materially adversely affected. In addition, our ability to consummate a transaction may be dependent on the ability to raise equity and debt financing which may be impacted by COVID- 19 and other events. After our initial business combination, it is possible that a majority of our directors and officers will live outside the United States and all of our assets will be located outside the United States; therefore investors may not be able to enforce federal securities laws or their other legal rights. **On January 30, 2024, we entered into the Merger Agreement with Alps, a Malaysian company.** It is possible that after our initial business combination, a majority of our directors and officers will reside outside of the United States and all of our assets will be located outside of the United States. As a result, it may be difficult, or in some cases not possible, for investors in the United States to enforce their legal rights, to effect service of process upon all of our directors or officers or to enforce judgments of United States courts predicated upon civil liabilities and criminal penalties on our directors and officers under United States laws. After our initial business combination, substantially all of our assets may be located in a foreign country and substantially all of our revenue will be derived from our operations in such country. Accordingly, our results of operations and prospects will be subject, to a significant extent, to the economic, political and legal policies, developments and conditions in the country in which we operate. The economic, political and social conditions, as well as government policies, of the country in which our operations are located could affect our business. Economic growth could be uneven, both geographically and among various sectors of the economy and such growth may not be sustained in the future. If in the future such country' s economy experiences a downturn or grows at a slower rate than expected, there may be less demand for spending in certain industries. A decrease in demand for spending in certain industries could materially and adversely affect our ability to find an attractive target business with which to consummate our initial business combination and if we effect our initial business combination, the ability of that target business to become profitable. Exchange rate fluctuations and currency policies may cause a target business' ability to succeed in the international markets to be diminished. In the event we acquire a non- U. S. target, all revenues and income would likely be received in a foreign currency, and the dollar equivalent of our net assets and distributions, if any, could be adversely affected by reductions in the value of the local currency. The value of the currencies in our target regions fluctuate and are affected by, among other things, changes in political and economic conditions. Any change in the relative value of such currency against our reporting currency may affect the attractiveness of any target business or, following consummation of our initial business combination, our financial condition and results of operations. Additionally, if a currency appreciates in value against the dollar prior to the consummation of our initial business combination, the cost of a target business as measured in dollars will increase, which may make it less likely that we are able to consummate such transaction. We are subject to changing law and regulations regarding regulatory matters, corporate governance and public disclosure that have increased both our costs and the risk of non- compliance. We are subject to rules and regulations by various governing bodies, including, for example, the SEC, which are charged with the protection of investors and the oversight of companies whose securities are publicly traded, and to new and evolving regulatory measures under applicable law. Our efforts to comply with new and changing laws and regulations have resulted in and are likely to continue to result in, increased general and administrative expenses and a diversion of management time and attention from seeking a business combination target. Moreover, because these laws, regulations and standards are subject to varying interpretations, their application in practice may evolve over time as new guidance becomes available. This evolution may result in continuing uncertainty regarding compliance matters and additional costs necessitated by ongoing revisions to our disclosure and governance practices. If we fail to address and comply with these regulations and any subsequent changes, we may be subject to penalty and our business may be harmed. Our search for a business combination, and any target business with which we ultimately consummate a business combination, may be materially adversely affected by the occurrence of a natural disaster. Our business could be adversely affected by severe weather conditions and natural disasters. Any of such occurrences could cause severe disruption to our daily operations, and may even require a temporary closure of our operations across one or more markets. Such closures may disrupt our business operations and adversely affect our business, financial condition and results of operations. Our operations could also be disrupted if our third- party service providers, business partners or acquisition targets were affected by such natural disasters. If the disruptions posed by such events continue for an extensive period of time, our ability to consummate a business combination, or the operations of a target business with which we ultimately consummate a business combination, may be materially adversely affected. Cyber incidents or attacks directed at us could result in information theft, data corruption, operational disruption and / or financial loss. We depend on digital technologies, including information systems, infrastructure and cloud applications and services, including those of third parties with which we may deal. Sophisticated and deliberate attacks on, or security breaches in, our systems or infrastructure, or the systems or infrastructure of third parties or the cloud, could lead to corruption or misappropriation of our assets, proprietary information and sensitive or confidential data. As an early stage company without significant investments in data security protection, we may not be sufficiently protected against such occurrences. We may not have sufficient resources to adequately protect against, or to investigate and remediate any vulnerability to, cyber incidents. It is possible that any of these occurrences, or a combination of them, could have adverse consequences on our business and lead to financial loss. Our ~~second~~ amended and restated certificate of incorporation **, as amended and currently in effect,** designates the Court of Chancery of the State of Delaware (the " Court of Chancery ") as the sole and exclusive forum for certain types of actions and proceedings that may be initiated by our stockholders, which could limit our stockholders' ability to obtain a favorable judicial forum for disputes with our company or our company' s directors, officers or other employees. Our ~~second~~ amended and restated certificate of incorporation **, as amended and currently in effect,** provides that, unless we consent in writing to the selection of an alternative forum, the Court of Chancery shall, to the fullest extent permitted by law, be the sole and exclusive forum for any (1) derivative action or proceeding brought on behalf of our company, (2) action asserting a claim of breach of a fiduciary duty owed by any director, officer, employee or agent of our company to our company or our stockholders, or any claim for aiding and abetting any such alleged breach, (3) action asserting a claim against our company or any director or officer of our company arising pursuant to any provision of the DGCL or our amended and restated certificate of incorporation or our bylaws, or (4) action asserting a claim against us or any director or officer of our company governed by the internal affairs doctrine except for, as to each of (1) through (4) above, any claim (a) as to which the Court of Chancery determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), (b) which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or (c) arising under the federal securities laws, including the Securities Act, as to which the Court of Chancery and the federal district court for the District of Delaware shall concurrently be the sole and exclusive forums. Notwithstanding the foregoing, the inclusion of such provision in our amended and restated certificate of incorporation will not be deemed to be a waiver by our stockholders of our obligation to comply with federal securities laws, rules and regulations, and the provisions of this paragraph will not apply to suits brought to enforce any liability or duty created by the Exchange Act, or any other claim for which the federal district courts of the United States of America shall be the sole and exclusive forum. Any person or entity purchasing or otherwise acquiring any interest in any shares of our capital stock shall be deemed to have notice of and to have consented to the forum provisions in our amended and restated certificate of incorporation. If any action the subject matter of which is within the scope the forum provisions is filed in a court other than a court located within the State of Delaware (a " foreign action ") in the name of any stockholder, such stockholder shall be deemed to have consented to: (x) the personal jurisdiction of the state and federal courts located within the State of Delaware in connection with any action brought in any such court to enforce the forum provisions (an " enforcement action "), and (y) having service of process made upon such stockholder in any such enforcement action by service upon such stockholder' s counsel in the foreign action as agent for such stockholder. This choice- of- forum provision may limit a stockholder' s ability to bring a claim in a judicial forum that it finds favorable for disputes with our company or its directors, officers or other employees, which may discourage such lawsuits. Alternatively, if a court were to find this provision of our amended and restated certificate of incorporation inapplicable or unenforceable with respect to one or more of the specified types of actions or proceedings, we may incur additional costs associated with resolving such matters in other jurisdictions, which could materially and adversely affect our business, financial condition and results of operations and result in a diversion of the time and resources of our management and Board of Directors. ITEM 1B. UNRESOLVED STAFF COMMENTS None. ITEM **1C. CYBERSECURITY We are a special purpose acquisition company with no business operations. Since our IPO, our sole business activity has been identifying and evaluating suitable acquisition transaction candidates. Therefore, we do not consider that we face significant cybersecurity risk. We have not adopted any cybersecurity risk management program or formal processes for assessing cybersecurity risk. Our management is generally responsible for assessing and managing any cybersecurity threats. If and when any reportable cybersecurity incident arises, our management shall promptly report such matters to our board of directors for further actions, including regarding the appropriate disclosure, mitigation, or other response or actions that the board deems appropriate to take. As of the date of this report, we have not encountered any cybersecurity incidents since our IPO. ITEM** 2. PROPERTIES We do not own any real estate or other physical properties. We currently maintain our principal executive offices at **200 Continental Drive** ~~1180 Avenue of the Americas~~ , ~~8th Floor~~ **Suite 401** , **Newark** ~~New York~~ , ~~NY 10036~~ **Delaware 19713** . The ~~cost~~ **rent** for this space is ~~included in the~~ $ **115** ~~10, 000~~ per ~~-~~month ~~fee (subject to deferral as described herein) payable to GL Sponsor LLC, for office space, utilities and secretarial services. Our agreement with GL Sponsor LLC provides that, commencing on the date that our securities are first listed on the Nasdaq and until we consummate a business combination, such office space, as well as utilities and secretarial services, will be made available to us as may be required from time to time. We believe that the fee charged by GL Sponsor LLC is at least as favorable as we could have obtained from an unaffiliated person~~ . We consider our current office space, combined with the other office space otherwise available to our executive officers, adequate for our current operations. ITEM 3. LEGAL PROCEEDINGS To the knowledge of our management, there is no material litigation, arbitration, governmental proceeding or any other legal proceeding currently pending or known to be contemplated against us or any members of our management team in their capacity as such. ITEM 4. MINE SAFETY DISCLOSURES Not applicable. PART II ITEM 5. MARKET FOR REGISTRANT' S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES Our securities trade on the Nasdaq ~~Global~~ **Capital** Market. Each of our units consists of one share of common stock, $ 0. 001 par value, one right to acquire one- tenth (1 / 10) of one share of common stock and one warrant to purchase one half (1 / 2) of one share of common stock and, commencing on December 7, 2021, our units trade on Nasdaq under the symbol " GLLIU. " The common stock, rights and warrants underlying our units began trading separately on Nasdaq under the symbols " GLLI, " " GLLIR, " and " GLLIW, " respectively, on December 22, 2021. Holders of Record On ~~April 10~~ **March 22** , ~~2023~~ **2024** , there were two holders of record of our units, ~~eight~~ **seven** holders of record of shares of our common stock, one holder of record of our rights, and one holder of record of our warrants. Such numbers do not include beneficial owners holding our securities through nominee names. Dividends We have not paid any cash dividends on our shares of common stock to date and do not intend to pay cash dividends prior to the completion of our initial business combination. The payment of cash dividends subsequent to the completion of our initial business combination will be dependent upon our revenues and earnings, if any, capital requirements and general financial condition subsequent to completion of our initial business combination. The payment of any dividends subsequent to our initial business combination will be within the discretion of our Board of Directors at such time. It is the present intention of our Board of Directors to retain all earnings, if any, for use in our business operations and, accordingly, our Board of Directors does not anticipate declaring any dividends in the foreseeable future. Further, if we incur any indebtedness in connection with our initial business combination, our ability to declare dividends may be limited by restrictive covenants we may agree to in connection therewith. Securities Authorized for Issuance Under Equity Compensation Plans Recent Sales of Unregistered Securities Use of Proceeds from our Initial Public Offering On December 9, 2021, we consummated our IPO of 10, 000, 000 units. Each unit consists of one share of common stock, one right to receive one- tenth (1 / 10) of a share of common stock upon the consummation of an initial business combination and one redeemable warrant entitling the holder thereof to purchase one- half (1 / 2) of a share of common stock at a price of $ 11. 50 per whole share. The units were sold at an offering price of $ 10. 00 per unit, generating gross proceeds of $ 100, 000, 000. Simultaneously with the closing of the IPO, we consummated the private placement of 517, 500 private units at a price of $ 10. 00 per unit, generating total proceeds of $ ~~$~~ 5, 175, 000. On December 9, 2021, the underwriters exercised the over- allotment option in full, and the closing of the issuance and sale of the Over- Allotment Units occurred on December 13, 2021. The total aggregate issuance by us of 1, 500, 000 Over- Allotment Units at a price of $ 10. 00 per unit resulted in total gross proceeds of $ 15, 000, 000. On December 13, 2021, simultaneously with the sale of the Over- Allotment Units, we consummated the private sale of an additional 52, 500 private units, generating gross proceeds of $ 525, 000. A total of $ 116, 725, 000 of the net proceeds from the sale of units in the IPO (including the Over- Allotment Units) and the private placements on December 9, 2021 and December 13, 2021, were placed in a trust account established for the benefit of the Company' s public stockholders. For a description of the use of the proceeds generated in our IPO, see Part II, Item 7 of this Annual Report. Redemption of Public Shares In connection with a special meeting of stockholders held by the Company on March 6, 2023, 6, 756, 695 public shares of the Company were redeemed at a price of $ 10. 35 **per share. In connection with a special meeting of stockholders held by the Company on November 28, 2023, 2, 180, 738 shares of the Company' s common stock were redeemed at a price of $ 10. 82** per share. Purchases of Equity Securities by the Issuer and Affiliated Purchasers ITEM 6. [RESERVED] ITEM 7. MANAGEMENT' S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS The statements in the discussion and analysis regarding industry outlook, our expectations regarding the performance of our business and the forward- looking statements are subject to numerous risks and uncertainties, including, but not limited to, the risks and uncertainties described in " Risk Factors " and " Cautionary Note Regarding Forward- Looking Statements. " Our actual results may differ materially from those contained in or implied by any forward- looking statements. You should read the following discussion together with the sections entitled " Risk Factors ", " " Business " and the audited consolidated financial statements, including the related notes, appearing elsewhere in this Form 10- K. All references to year, unless otherwise noted, refers to our fiscal year, which ends on December 31. As used in this Form 10- K, unless the context suggests otherwise, " we, " " us, " " our, " " the Company " or " Globalink " refer to Globalink Investment Inc. Overview We were formed on March 24, 2021 for the purpose of entering into a merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or other similar business combination with one or more target businesses. Our efforts to identify a prospective target business will not be limited to any particular industry or geographic region, although we intend to focus our search on target businesses in in North America, Europe, South East Asia, and Asia (excluding **mainland** China ~~,~~ **and the** Hong Kong and Macau **special administrative regions**), in the medical technology and green energy industry. We shall not undertake our initial business combination with any entity with its principal business operations in China (including Hong Kong and Macau). We intend to complete the business acquisition in a combination of cash (whether cash from the trust account or cash from a debt or equity financing transaction that closes concurrently with the business combination) or our equity securities. The issuance of additional shares of common stock in connection with an initial business combination: ● may significantly dilute the equity interest of our investors who would not have pre- emption rights in respect of any such issuance; ● may subordinate the rights of holders of shares of common stock if we issue shares of preferred stock with rights senior to those afforded to our shares of common stock; ● could cause a change in control if a substantial number of shares of our common stock is issued, which may affect, among other things, our ability to use our net operating loss carry forwards, if any, and could result in the resignation or removal of our present officers and directors; ● may have the effect of delaying or preventing a change of control of us by diluting the stock ownership or voting rights of a person seeking to obtain control of us; and ● may adversely affect prevailing market prices for our common stock, rights and / or warrants. Similarly, if we issue debt securities or otherwise incur significant debt, it could result in: ● default and foreclosure on our assets if our operating revenues after an initial Business Combination are insufficient to repay our debt obligations; ● acceleration of our obligations to repay the indebtedness even if we make all principal and interest payments when due if we breach certain covenants that require the maintenance of certain financial ratios or reserves without a waiver or renegotiation of that covenant; ● our immediate payment of all principal and accrued interest, if any, if the debt security is payable on demand; ● our inability to obtain necessary additional financing if the debt security contains covenants restricting our ability to obtain such financing while the debt security is outstanding; ● using a substantial portion of our cash flow to pay principal and interest on our debt, which will reduce the funds available for dividends on our shares of common stock if declared, our ability to pay expenses, make capital expenditures and acquisitions, and fund other general corporate purposes; ● limitations on our flexibility in planning for and reacting to changes in our business and in the industry in which we operate; ● increased vulnerability to adverse changes in general economic, industry and competitive conditions and adverse changes in government regulation; ● limitations on our ability to borrow additional amounts for expenses, capital expenditures, acquisitions, debt service requirements, and execution of our strategy; and ● other purposes and other disadvantages compared to our competitors who have less debt. We expect to continue to incur significant costs in the pursuit of our acquisition plans. We cannot assure you that our plans to complete a business combination will be successful. Recent Developments On March 6, 2023, the stockholders of the Company approved an amendment to the Company' s amended and restated certificate of incorporation, allowing the Company to extend the Termination Date by up to two (2) three- months extensions, followed by three (3) one- month extensions, to December 9, 2023. To obtain each extension, the Company, its sponsor or any of their affiliates or designees must deposit into the Company' s trust account with Continental by the deadline applicable prior to the extension, $ 390, 000 for each three- month extension and $ 130, 000 for each one- month extension. Liquidity, Capital Resources and Going Concern The registration statement on Form S- 1 for the Company’ s IPO was declared effective on December 6, 2021. On December 9, 2021, we consummated our IPO of 10, 000, 000 units. Each unit consists of one share of common stock, $ 0. 001 par value, one right to receive one- tenth (1 / 10) of a share of common stock upon the consummation of an initial business combination and one redeemable warrant entitling the holder thereof to purchase one- half (1 / 2) of a share of common stock at a price of $ 11. 50 per whole share. The units were sold at an offering price of $ 10. 00 per unit, generating gross proceeds of $ 100, 000, 000. Simultaneously with the closing of the IPO, we consummated the private placement of 517, 500 private units at a price of $ 10. 00 per unit, generating total proceeds of $ 5, 175, 000. On December 9, 2021, the underwriters exercised the over- allotment option in full, and the closing of the Over- Allotment Units occurred on December 13, 2021. The total aggregate issuance by the Company of 1, 500, 000 units at a price of $ 10. 00 per unit resulted in total gross proceeds of $ 15, 000, 000. On December 13, 2021, simultaneously with the sale of the Over- Allotment Units, we consummated the private sale of an additional 52, 500 private units, generating gross proceeds of $ 525, 000. Since the underwriter’ s over- allotment was exercised in full, the Sponsor did not forfeit any insider shares. Offering costs for the IPO and the exercise of the underwriters’ Over- allotment Option amounted to $ 6, 887, 896, consisting of $ 2, 300, 000 of underwriting fees, $ 4, 025, 000 of deferred underwriting fees payable (which are held in the trust account) and $ 562, 896 of other costs. The $ 4, 025, 000 of deferred underwriting fee payable is contingent upon the consummation of an initial business combination by ~~June~~ **April** 9, ~~2023~~ **2024** (or up until December 9, ~~2023~~ **2024** if our time to complete a business combination is extended), subject to the terms of the underwriting agreement. We intend to use the funds held outside the trust account primarily to identify and evaluate target businesses, perform business due diligence on prospective target businesses, travel to and from the offices, plants or similar locations of prospective target businesses or their representatives or owners, review corporate documents and material agreements of prospective target businesses, and structure, negotiate and complete initial business combination ~~. Ding Jie Lin, a member of the Sponsor, agreed to loan the Company an aggregate of up to $ 300, 000 to cover expenses related to the IPO pursuant to a promissory note (the " Note "). The Company borrowed $ 70, 000 under the Note, which was repaid at IPO. As of December 31, 2022 and 2021, the Company had no borrowings under this Note~~. In order to finance transaction costs in connection with an initial business combination, the Sponsor or an affiliate of the Sponsor, or certain of the Company' s officers and directors may, but are not obligated to, loan the Company funds as may be required. If the Company completes an initial business combination, the Company will repay the working capital loans out of the proceeds of the trust account released to the Company. Otherwise, the working capital loans would be repaid only out of funds held outside the trust account. In the event that our initial business combination does not close, the Company may use a portion of proceeds held outside the trust account to repay the working capital loans, but no proceeds held in the trust account would be used to repay the working capital loans. Except for the foregoing, the terms of such working capital loans, if any, have not been determined and no written agreements exist with respect to such loans. The working capital loans would either be repaid upon consummation of an initial business combination, without interest, or, at the lender' s discretion, up to $ 1, 500, 000 of such working capital loans may be convertible into units of the post initial business combination entity at a price of $ 10. 00 per unit. The units would be identical to the private units. As of December 31, ~~2022~~ **2023**, there were no working capital loans outstanding **. On March 3, 2023, the Company entered into a promissory note subscription term sheet with Public Gold Marketing Sdn Bhd for an amount of $ 390, 000 for the purpose of extension fees payment. The promissory note bears an interest of 6 % per annum and repayable upon consummation of an initial business combination. As of December 31, 2023, the full $ 390, 000 had been borrowed and no amount was available under this note for borrowing. On March 23, 2023, the Company entered into a promissory note subscription term sheet with Public Gold Marketing Sdn Bhd for an amount of $ 250, 000 for the purpose of extension fees payment. The promissory note bears an interest of 6 % per annum and repayable upon consummation of an initial business combination. As of December 31, 2023, the full $ 250, 000 had been borrowed and no amount was available under this note for borrowing. On June 2, 2023, the Company entered into a promissory note subscription term sheet with Public Gold Marketing Sdn Bhd for an amount of up to $ 700, 000 for the purpose of extension fees payment. The promissory note bears an interest of 6 % per annum and repayable upon consummation of an initial business combination. As of December 31, 2023, the full $ 700, 000 had been borrowed and no amount was available under this note for borrowing. On October 13, 2023, the Company entered into a promissory note subscription term sheet with Public Gold Marketing Sdn Bhd for an amount of $ 250, 000 for the purpose of working capital. The promissory note bears an interest of 6 % per annum and repayable upon consummation of an initial business combination. As of December 31, 2023, the full $ 250, 000 had been borrowed and no amount was available under this note for borrowing. On December 8, 2023, the Company entered into a promissory note subscription term sheet with Public Gold Marketing Sdn Bhd for an amount of $ 110, 000 for the purpose of working capital. The promissory note bears an interest of 6 % per annum and repayable upon consummation of an initial business combination. As of December 31, 2023, the full $ 110, 000 had been borrowed and no amount was available under this note for borrowing. On each of September 5, 2023, September 29, 2023 and November 11, 2023, an affiliate of the Sponsor advanced $ 130, 000 to the Company, for a total advance of $ 390, 000. As of December 31, 2023, $ 390, 000 of advance is reflected in " Due to Affiliate " on the consolidated balance sheet**. If our initial business combination is not consummated, the Company will need to raise additional capital through loans or additional investments from its Sponsor, stockholders, officers, directors, or third parties. The Company' s officers, directors and Sponsor may, but are not obligated to, loan the Company funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion, to meet the Company' s working capital needs. Accordingly, the Company may not be able to obtain additional financing. If the Company is unable to raise additional capital, it may be required to take additional measures to conserve liquidity, which could include, but not necessarily be limited to, curtailing operations, suspending the pursuit of a potential transaction, and reducing overhead expenses. The Company cannot provide any assurance that new financing will be available to it on commercially acceptable terms, if at all. In connection with the Company' s assessment of going concern considerations in accordance with FASB ASU 2014- 15, " Disclosures of Uncertainties about an Entity' s Ability to Continue as a Going Concern, " the Company **currently** has until ~~June~~ **April** 9, ~~2023~~ **2024** to consummate a business combination **, or up to December 9, 2024 if the time to complete the initial business combination is extended as described herein**. It is uncertain that the Company will be able to consummate a business combination by this time. If a business combination is not consummated by this date and an extension is not requested by the Sponsor, there will be a mandatory liquidation and subsequent dissolution of the Company. Management has determined that the mandatory liquidation, should a business combination not occur, and an extension is not requested by the Sponsor, and potential subsequent dissolution as well as liquidity condition noted above raises substantial doubt about the Company' s ability to continue as a going concern. No adjustments have been made to the carrying amounts of assets or liabilities should the Company be required to liquidate after ~~June~~ **April** 9, ~~2023~~ **2024 (or up to December 9, 2024 if the time to complete the initial business combination is extended as described herein)**. The Company intends to complete a business combination before the mandatory liquidation date. Off- Balance Sheet Arrangements We have no obligations, assets or liabilities, which would be considered off- balance sheet arrangements as of December 31, **2023 and** 2022 ~~and 2021~~. We do not participate in transactions that create relationships with entities or financial partnerships, often referred to as variable interest entities, which would have been established for the purpose of facilitating off- balance sheet arrangements. We have not entered into any off- balance sheet financing arrangements, established any special purpose entities, guaranteed any debt or commitments of other entities, or purchased any non- financial assets. Contractual obligations We do not have any long- term debt, capital lease obligations, operating lease obligations or long- term liabilities ~~other than the below~~. Registration Rights The holders of the insider shares, the private units and any units that may be issued upon conversion of working capital loans or extension loans (and any securities underlying the private units or units issued upon conversion of the working capital loans or extension loans) will be entitled to registration rights pursuant to a registration rights agreement requiring us to register such securities for resale. The holders of these securities are entitled to make up to two demands, excluding short form demands, that we register such securities. In addition, the holders have certain " piggy- back " registration rights with respect to registration statements filed subsequent to our completion of our initial business combination and rights to require us to register for resale such securities pursuant to Rule 415 under the Securities Act. Underwriting Agreement The ~~Company granted the underwriters a 45- day option to purchase up to 1, 500, 000 units to cover over- allotment. On December 13, 2021, the underwriters fully exercised the option and purchased 1, 500, 000 additional units, generating gross proceeds of $ 11, 500, 000. The~~ underwriters are entitled to a deferred underwriting discounts of $ 0. 35 per unit, or $ 4, 025, 000 from the closing of the IPO and the Over- Allotment Units. The deferred discounts will become payable to the underwriters from the amounts held in the trust account solely if the Company completes an initial business combination, subject to the terms of the underwriting agreement. Right of First Refusal Subject to certain conditions, we granted Chardan Capital Markets, LLC, the representative of the underwriters in the IPO, for a period of 18 months after the date of the consummation of our initial business combination, a right of first refusal to act as book- running manager, with at least 30 % of the economics, for any and all future public and private equity and debt offerings. In accordance with FINRA Rule 5110 (f) (2) (E) (i), such right of first refusal shall not have a duration of more than three years from the effective date of the registration statement for the IPO **. Promissory Notes On March 23, 2023, the Company entered into a promissory note subscription term sheet with Public Gold Marketing Sdn Bhd for an amount of up to $ 250, 000 for the purpose of extension fees payment. The promissory note bears an interest of 6 % per annum and repayable upon consummation of an initial business combination. As of December 31, 2023, the full $ 250, 000 had been borrowed and no amount was available under this note for borrowing. As of December 31, 2023, the aggregate amounted owed in connection with the promissory notes was $ 1, 757, 255, which includes interest accrued as reflected on the consolidated balance sheet** . On April 5, 2012, the JOBS Act was signed into law. The JOBS Act contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We will qualify as an " emerging growth company " and under the JOBS Act will be allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non- emerging growth companies. As such, our consolidated financial statements may not be comparable to companies that comply with public company effective dates. Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an " emerging growth company, " we choose to rely on such exemptions we may not be required to, among other things, (i) provide an auditor' s attestation report on our system of internal control over financial reporting pursuant to Section 404 of the Sarbanes- Oxley Act, (ii) provide all of the compensation disclosure that may be required of non- emerging growth public companies under the Dodd- Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the PCAOB regarding mandatory audit firm rotation or a supplement to the auditor' s report providing additional information about the audit and the consolidated financial statements (auditor discussion and analysis) and (iv) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of executive compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of our IPO or until we are no longer an " emerging growth company, " whichever is earlier. Critical **Estimates Management' s discussion and analysis of our results of operations and liquidity and capital resources are based on our financial information. We describe our significant accounting policies in Note 2 – Significant** Accounting Policies **,** ~~The preparation~~ of ~~consolidated~~ **the Notes to Financial Statements included in this report. Our** financial statements ~~and related disclosures~~ **have been prepared** in ~~conformity~~ **accordance** with **U. S. GAAP. Certain of our** accounting ~~principles generally accepted~~ **policies require that management apply significant judgments** in **defining** the ~~United States of America requires~~ **appropriate assumptions integral to financial estimates. On an ongoing basis,** management ~~to make~~ **reviews the accounting policies, assumptions,** estimates and ~~assumptions~~ **judgments to ensure** that **our** ~~affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the consolidated~~ financial statements ~~,~~ **are presented fairly** and **in accordance with U** ~~income and expenses during the periods reported~~ . ~~Actual results could materially differ~~ **S. GAAP. Judgments are based on historical experience, terms of existing contracts, industry trends and information available** from ~~those estimates~~ **outside sources, as appropriate** . We have identified the following critical accounting policies: ~~Net (Loss) Income Per Share The Company complies with the accounting and disclosure requirements of FASB ASC Topic 260, " Earnings Per Share ". Net (loss) income per common share is computed by dividing net (loss) income by the weighted average number of shares of common stock outstanding for the period. Remeasurement of carrying value to redemption value associated with the redeemable shares of common stock is included in (loss) income per share. As of December 31, 2022 and for the period from March 24, 2021 (Inception) through December 31, 2021, the Company did not have any dilutive securities and other contracts that could, potentially, be exercised or converted into common stock and then share in the earnings of the Company. As a result, diluted (loss) income per share is the same as basic (loss) income per share for the period presented.~~ Accounting for Warrants The Company accounts for warrants as either equity- classified or liability- classified instruments based on an assessment of the warrant' s specific terms and applicable authoritative guidance in FASB, ASC 480 and ASC 815. The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and whether the warrants meet all of the requirements for equity classification under ASC 815, including whether the warrants are indexed to the Company' s own **shares of** common stock, among other conditions for equity classification. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance and as of each subsequent quarterly period end date while the warrants are outstanding. ~~We~~ **The Company** ~~account~~ **accounts** for the warrants issued in connection with our IPO in accordance with the guidance contained in ASC 815 under which the public warrants meet the criteria for equity treatment and the private warrants do not meet the criteria for equity treatment and must be recorded as liabilities. Accordingly, ~~we~~ **the Company** ~~classify~~ **classifies** the private warrants as liabilities at their fair value and adjust the private warrants to fair value at each reporting period. This liability is subject to re- measurement at each balance sheet date until exercised, and any change in fair value is recognized in our consolidated ~~statement~~ **statements** of operations. The fair value of the warrants was estimated using a binomial lattice model. **In determining the fair value of the Private Placement Warrants assumptions related to exercise price, market price of the public stock, expected life and risk- free interest rate are utilized. The Company estimates the volatility of its common stock based on historical volatility that matches the expected remaining life of the warrants.** Recent Accounting Pronouncements ~~In August 2020, the Financial Accounting Standards Board (" FASB ") issued Accounting Standards Update (" ASU ") 2020- 06, Debt — Debt with Conversion and Other Options (Subtopic 470- 20) and Derivatives and Hedging — Contracts in Entity' s Own Equity (Subtopic 815- 40) (" ASU 2020- 06 ") to simplify accounting for certain financial instruments. ASU 2020- 06 eliminates the current models that require separation of beneficial conversion and cash conversion features from convertible instruments and simplifies the derivative scope exception guidance pertaining to equity classification of contracts in an entity' s own equity. The new standard also introduces additional disclosures for convertible debt and freestanding instruments that are indexed to and settled in an entity' s own equity. ASU 2020- 06 amends the diluted earnings per share guidance, including the requirement to use the if- converted method for all convertible instruments. ASU 2020- 06 is effective January 1, 2022 and should be applied on a full or modified retrospective basis, with early adoption permitted beginning on January 1, 2021. The Company adopted ASU 2020- 06 on March 24, 2021 (inception). The adoption of ASU 2020- 06 did not have an impact on the Company' s financial statements.~~ Management does not believe that any ~~other~~ recently issued, but not yet effective, accounting standards, if currently adopted, would have a material effect on our consolidated financial statements as of December 31, ~~2022~~ **2023** . ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK **We are a smaller reporting company as defined by Rule 12b- 2 of the Exchange Act and are not required to provide the information otherwise required under this item.** As of December 31, ~~2022~~ **2023** , **substantially all of the assets** ~~we were not subject to any market or interest rate risk. The net proceeds~~ held in our trust account **were held** ~~have been invested in U. Due to the short- term nature of these investments, we believe there will be no associated material exposure to interest rate risk~~ . ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA This information appears following Item 15 of this Annual Report and is included herein by reference. Item 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE Item 9A. CONTROLS AND PROCEDURES Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC' s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure. Evaluation of Disclosure Controls and Procedures Disclosure controls are procedures that are designed with the objective of ensuring that information required to be disclosed in our reports filed under the Exchange Act, such as this Annual Report, is recorded, processed, summarized, and reported within the time period specified in the SEC' s rules and forms. Disclosure controls are also designed with the objective of ensuring that such information is accumulated and communicated to our management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure. Our management evaluated, with the participation of our current Chief Executive Officer and Chief Financial Officer (our " Certifying Officers "), the effectiveness of our disclosure controls and procedures as of December 31, ~~2022~~ **2023** , pursuant to Rule 13a- 15 (b) under the Exchange Act. Based upon that evaluation, our Certifying Officers concluded that, due to the **material weakness identified in the controls related to the** events that led to the Company' s restatement of its financial statements to reclassify the Company' s private warrants (complex financial instruments) **,** ~~and in~~ the Company ~~'~~ **'** s internal control over financial reporting related to our compliance control of timely tax return filings **, and due to the revisions to our earnings per share for the period ended September 30, 2023,** our disclosure controls and procedures were not effective. We do not expect that our disclosure controls and procedures will prevent all errors and all instances of fraud. Disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Further, the design of disclosure controls and procedures must reflect the fact that there are resource constraints, and the benefits must be considered relative to their costs. Because of the inherent limitations in all disclosure controls and procedures, no evaluation of disclosure controls and procedures can provide absolute assurance that we have detected all our control deficiencies and instances of fraud, if any. The design of disclosure controls and procedures also is based partly on certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Management' s Annual Report on Internal Control Over Financial Reporting As required by SEC rules and regulations implementing Section 404 of the Sarbanes- Oxley Act, our management is responsible for establishing and maintaining adequate internal control over financial reporting. Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of our **consolidated** financial statements for external reporting purposes in accordance with GAAP. Our internal control over financial reporting includes those policies and procedures that: (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of our company, (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, and that our receipts and expenditures are being made only in accordance with authorizations of our management and directors, and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of our assets that could have a material effect on the **consolidated** financial statements. Because of its inherent limitations, internal control over financial reporting may not prevent or detect errors or misstatements in our **consolidated** financial statements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree or compliance with the policies or procedures may deteriorate. Management assessed the effectiveness of our internal control over financial reporting at December 31, ~~2022~~ **2023** . In making these assessments, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control — Integrated Framework (2013). Based on our assessments and those criteria, management determined that **we did not maintain effective** ~~there is a material weakness in~~ internal control over financial reporting as of December 31, **2023 and** 2022 ~~, due to improper classification of the Company' s private warrants (complex financial instruments) and in the Company' s internal control over financial reporting related to our compliance control of timely tax return filings. While we have processes to identify and appropriately apply applicable accounting requirements, we plan to further enhance our system of evaluating and implementing the accounting standards that apply to our financial statements. To supplement existing accounting professionals, we have also engaged a third- party consultant with whom we consult regarding complex accounting applications and through whom we obtain access to accounting literature. The elements of our remediation plan can only be accomplished over time, and we can offer no assurance that these initiatives will ultimately have the intended effects~~ . Changes in Internal Control Over Financial Reporting There were no changes in our internal control over financial reporting **(as such term is defined in Rules 13a- 15 (f) and 15d- 15 (f) of the Exchange Act)** during the most recent ~~fiscal~~ quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting **. We plan to enhance our processes to identify and appropriately apply applicable accounting requirements to better evaluate and understand the nuances of the complex accounting standards that apply to our unaudited condensed consolidated financial statements. Our plans at this time include providing enhanced access to accounting literature, research materials and documents and increased communication among our personnel and third- party professionals with whom we consult regarding complex accounting applications. The elements of our remediation plan can only be accomplished over time, and we can offer no assurance that these initiatives will ultimately have the intended effects** . ITEM 9B. Number, Terms of Office and Appointment of Officers and Directors Our Board of Directors consists of five members, three of whom are deemed " independent " under SEC and Nasdaq rules. Our Board of Directors has been divided into three classes with only one class of directors being elected in each year and each class serving a three- year term. The term of office of the first class of directors, consisting of Kian Huat Lai, ~~will expire~~ **expired** at **our special meeting of stockholders held on November 28, 2023, in lieu of** our first annual meeting of stockholders. The term of office of the second class of directors, consisting of Hui Liang Wong and Hong Shien Beh, will expire at the second annual meeting. The term of office of the third class of directors, consisting of Say Leong Lim and Kelvin **(Zeng Yenn)** Chin, will expire at our third annual meeting of stockholders. We may not hold an annual meeting of stockholders until after we consummate our initial business combination. Our officers are appointed by the Board of Directors and serve at the discretion of the Board of Directors, rather than for specific terms of office. Our Board of Directors is authorized to appoint persons to the offices set forth in our bylaws as it deems appropriate. Our bylaws provide that our directors may consist of a chairman of the Board of Directors, and that our officer may consist of chief executive officer, president, chief financial officer, executive vice president (s), vice president (s), secretary, treasurer and such other officers as may be determined by the Board of Directors. Director Independence Nasdaq listing standards require that within one year of the listing of our securities on the Nasdaq we have at least three independent directors and that a majority of our Board of Directors be independent. An " independent director " is defined generally as a person other than an officer or employee of the company or its subsidiaries or any other individual having a relationship which in the opinion of the company' s Board of Directors, would interfere with the director' s exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors had determined that each of Hong Shien Beh, Hui Liang Wong, and Kian Huat Lai is an " independent director " as defined in the Nasdaq listing standards and applicable SEC rules. Our independent directors will have regularly scheduled meetings at which only independent directors are present. We will only enter into a business combination if it is approved by a majority of our independent directors. Additionally, we will only enter into transactions with our officers and directors and their respective affiliates that are on terms no less favorable to us than could be obtained from independent parties. Any related party transactions must be approved by our audit committee and a majority of disinterested directors. Audit Committee We have established an audit committee of the Board of Directors consisting of Hong Shien Beh, Hui Liang Wong, and Kian Huat Lai, each of whom is an independent director. Mr. Kian Huat Lai serves as chairman of the audit committee. The audit committee' s duties, which are specified in our Audit Committee Charter, include, but are not limited to: ● reviewing and discussing with management and the independent registered public accounting firm the annual audited financial statements, and recommending to the Board of Directors whether the audited financial statements should be included in our Form 10- K; ● discussing with management and the independent registered public accounting firm significant financial reporting issues and judgments made in connection with the preparation of our financial statements; ● discussing with management major risk assessment and risk management policies; ● monitoring the independence of the independent registered public accounting firm; ● verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law; ● reviewing and approving all related party transactions; ● inquiring and discussing with management our compliance with applicable laws and regulations; ● pre- approving all audit services and permitted non- audit services to be performed by our independent registered public accounting firm, including the fees and terms of the services to be performed; ● appointing or replacing the independent registered public accounting firm; ● determining the compensation and oversight of the work of the independent registered public accounting firm (including resolution of disagreements between management and the independent registered public accounting firm regarding financial reporting) for the purpose of preparing or issuing an audit report or related work; ● establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding our financial statements or accounting policies; and ● approving reimbursement of expenses incurred by our management team in identifying potential target businesses. Financial Experts on Audit Committee The audit committee **is, and** will at all times be **,** composed exclusively of " independent directors " who are " financially literate " as defined under the Nasdaq listing standards. The Nasdaq listing standards define " financially literate " as being able to read and understand fundamental financial statements, including a company' s balance sheet, income statement and cash flow statement. In addition, we must certify to Nasdaq that the committee has, and will continue to have, at least one member who has past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background that results in the individual' s financial sophistication. The Board of Directors has determined that Mr. Kian Huat Lai qualifies as an " audit committee financial expert, " as defined under rules and regulations of the SEC. Compensation Committee We have established a compensation committee of the Board of Directors consisting of Hong Shien Beh, Hui Liang Wong, and Kian Huat Lai, each of whom is an independent director. Ms. Hui Liang Wong serves as chairman of the compensation committee. We adopted a compensation committee charter, which details the principal functions of the compensation committee, including: ● reviewing and approving on an annual basis the corporate goals and objectives relevant to our Chief Executive Officer' s compensation, evaluating our Chief Executive Officer' s performance in light of such goals and objectives and determining and approving the remuneration (if any) of our Chief Executive Officer' s based on such evaluation; ● reviewing and approving the compensation of all of our other executive officers and reviewing and making recommendations with respect to all non- executive officer compensation; ● reviewing our executive compensation policies and plans; ● implementing and administering our incentive compensation equity- based remuneration plans; ● assisting management in complying with our proxy statement and annual report disclosure requirements; ● approving all special perquisites, special cash payments and other special compensation and benefit arrangements for our executive officers and employees; ● producing a report on executive compensation to be included in our annual proxy statement; and ● reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors. The charter also provides that the compensation committee may, in its sole discretion, retain or obtain the advice of a compensation consultant, legal counsel or other adviser and will be directly responsible for the appointment, compensation and oversight of the work of any such adviser. However, before engaging or receiving advice from a compensation consultant, external legal counsel or any other adviser, the compensation committee will consider the independence of each such adviser, including the factors required by Nasdaq and the SEC. Director Nominations We do not have a standing nominating committee, though we intend to form a corporate governance and nominating committee as and when required to do so by law or Nasdaq rules. In accordance with Rule 5605 (c) (2) of the Nasdaq rules, a majority of the independent directors may recommend a director nominee for selection by the Board of Directors. The Board of Directors believes that the independent directors can satisfactorily carry out the responsibility of properly selecting or approving director nominees without the formation of a standing nominating committee. Hong Shien Beh, Hui Liang Wong, and Kian Huat Lai will participate in the consideration and recommendation of director nominees. In accordance with Rule 5605 (c) (1) (A) of the Nasdaq rules, all such directors independent. As there is no standing nominating committee, we do not have a nominating committee charter in place. The Board of Directors will also consider director candidates recommended for nomination by our stockholders during such times as they are seeking proposed nominees to stand for election at the next annual meeting of stockholders (or, if applicable, a special meeting of stockholders). Our stockholders that wish to nominate a director for election to the Board of Directors should follow the procedures set forth in our bylaws. We have not formally established any specific, minimum qualifications that must be met or skills that are necessary for directors to possess. In general, in identifying and evaluating nominees for director, the Board of Directors considers educational background, diversity of professional experience, knowledge of our business, integrity, professional reputation, independence, wisdom, and the ability to represent the best interests of our stockholders. Director Compensation No director has received and will receive cash compensation for serving on our Board of Directors. On October 14, 2021, our Sponsor transferred 15, 000 insider shares to Mr. Say Leong Lim, our chief executive officer, 10, 000 insider shares to Mr. Cliff (Ming Hang) Chong, our former chief financial officer, and 5, 000 insider shares to each of the independent directors, at their original purchase price. **In November 2023, Mr. Cliff (Ming Hang) Chong transferred the 10, 000 insider shares he owned to Mr. Kelvin (Zeng Yenn) Chin, our current Chief Financial Officer.** Compensation Committee Interlocks and Insider Participation We may not have a compensation committee in place prior to the completion of our initial business combination. Any executive compensation matters that arise prior to the time we have a compensation committee in place will be determined by our independent directors. None of our directors who currently serve as members of our compensation committee is, or has at any time in the past been, one of our officers or employees. None of our executive officers currently serves, or in the past year has served, as a member of the compensation committee of any other entity that has one or more executive officers serving on our Board of Directors. None of our executive officers currently serves, or in the past year has served, as a member of the Board of Directors of any other entity that has one or more executive officers serving on our compensation committee. Code of Ethics We have adopted a code of ethics that applies to all of our executive officers, directors and employees. The code of ethics codifies the business and ethical principles that govern all aspects of our business **. Compensation Recovery Policy We have adopted a compensation recovery policy to provide for the recovery of erroneously- awarded incentive compensation, as required by the Dodd- Frank Wall Street Reform and Consumer Protection Act, final SEC rules and applicable listing standards** . Investors should be aware of the following potential conflicts of interest: ● None of our officers and directors is required to commit their full time to our affairs and, accordingly, they may have conflicts of interest in allocating their time among various business activities. ● In the course of their other business activities, our officers and directors may become aware of investment and business opportunities which may be appropriate for presentation to our company as well as the other entities with which they are affiliated. Thus, our officers and directors may have conflicts of interest in determining to which entity a particular business opportunity should be presented. ● Our officers and directors may in the future become affiliated with entities, including other blank check companies, engaged in business activities similar to those intended to be conducted by our company. ● Unless we consummate our initial business combination, our officers, directors and other insiders will not receive reimbursement for any out- of- pocket expenses incurred by them to the extent that such expenses exceed the amount of available proceeds not deposited in the trust account. ● The insider shares beneficially owned by our officers and directors will be released from escrow only if our initial business combination is successfully completed. Additionally, if we are unable to complete an initial business combination within the required time frame, our officers and directors will not be entitled to receive any amounts held in the trust account with respect to any of their insider shares or private units. Furthermore, GL Sponsor LLC has agreed that the private units will not be sold or transferred by it until after we have completed our initial business combination. For the foregoing reasons, our Board of Directors may have a conflict of interest in determining whether a particular target business is an appropriate business with which to effect our initial business combination. In general, officers and directors of a corporation incorporated under the laws of the State of Delaware are required to present business opportunities to a corporation if: ● the corporation could financially undertake the opportunity; ● the opportunity is within the corporation' s line of business; and ● it would not be fair to the corporation and its stockholders for the opportunity not to be brought to the attention of the corporation. Accordingly, as a result of multiple business affiliations, our officers and directors may have similar legal obligations relating to presenting business opportunities meeting the above- listed criteria to multiple entities. Furthermore, our amended and restated certificate of incorporation provides that the doctrine of corporate opportunity will not apply with respect to any of our officers or directors in circumstances where the application of the doctrine would conflict with any fiduciary duties or contractual obligations they may have. In order to minimize potential conflicts of interest which may arise from multiple affiliations, our officers and directors (other than our independent directors) have agreed to present to us for our consideration, prior to presentation to any other person or entity, any suitable opportunity to acquire a target business, until the earlier of: (1) our consummation of an initial business combination and (2) ~~June~~ **April** 9, ~~2023~~ **2024** (or up until December 9, ~~2023~~ **2024** if our time to complete a business combination is extended as described herein). This agreement is, however, subject to any pre- existing fiduciary and contractual obligations such officer or director may from time to time have to another entity. Accordingly, if any of them becomes aware of a business combination opportunity which is suitable for an entity to which he or she has pre- existing fiduciary or contractual obligations, he or she will honor his or her fiduciary or contractual obligations to present such business combination opportunity to such entity, and only present it to us if such entity rejects the opportunity. We do not believe, however, that the pre- existing fiduciary duties or contractual obligations of our officers and directors will materially undermine our ability to complete our business combination because in most cases the affiliated companies are closely held entities controlled by the officer or director or the nature of the affiliated company' s business is such that it is unlikely that a conflict will arise. The following table summarizes the current material pre- existing fiduciary or contractual obligations of our officers and directors: Individual (1) (2) Entity Entity' s Business Affiliation Say Leong Lim LFE Corporation Bhd Engineering Independent Director Aurora Italia International Bhd Retail Independent Director Everise Concepts PLT Consultancy Advisor Newgen PLT Property Advisor Kelvin **(Zeng Yenn)** Chin PG Mall Sdn Bhd e- Commerce marketplace Financial Controller Kian Huat Lai Ni Hsin Group Berhad Investment Holding Executive Director Hui Liang Wong Seedset Sdn Bhd Consultancy Executive Director Avoras Malaysia Sdn Bhd IT Services Executive Director (1) Each of the entities listed in this table has priority and preference relative to our company with respect to the performance by each individual listed in this table of his obligations and the presentation by each such individual of business opportunities. (2) Each individual listed has a fiduciary duty with respect to each of the listed entities opposite from his **or her** name. Our insiders, including our officers and directors, have agreed to vote any shares of common stock held by them in favor of our initial business combination. In addition, they have agreed to waive their respective rights to receive any amounts held in the trust account with respect to their insider shares and private shares if we are unable to complete our initial business combination within the required time frame. If they purchase shares of common stock in the open market, however, they would be entitled to receive their pro rata share of the amounts held in the trust account if we are unable to complete our initial business combination within the required time frame, but have agreed not to convert such shares in connection with the consummation of our initial business combination. All ongoing and future transactions between us and any of our officers and directors or their respective affiliates will be on terms believed by us to be no less favorable to us than are available from unaffiliated third parties. Such transactions will require prior approval by our audit committee and a majority of our uninterested " independent " directors, or the members of our Board of Directors who do not have an interest in the transaction, in either case who had access, at our expense, to our attorneys or independent legal counsel. We will not enter into any such transaction unless our audit committee and a majority of our disinterested " independent " directors determine that the terms of such transaction are no less favorable to us than those that would be available to us with respect to such a transaction from unaffiliated third parties. To further minimize conflicts of interest, we have agreed not to consummate our initial business combination with an entity that is affiliated with any of our officers, directors or other insiders, unless we have obtained (i) an opinion from an independent investment banking firm that the business combination is fair to our unaffiliated stockholders from a financial point of view and (ii) the approval of a majority of our disinterested and independent directors (if we have any at that time). In no event will our insiders or any of the members of our management team be paid any finder' s fee, consulting fee or other similar compensation prior to, or for any services they render in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is). Limitation on Liability and Indemnification of Directors and Officers Our ~~second~~ amended and restated certificate of incorporation **, as amended and currently in effect,** provides that our directors and officers will be indemnified by us to the fullest extent authorized by Delaware law as it now exists or may in the future be amended. In addition, our ~~second~~ amended and restated certificate of incorporation **, as amended and currently in effect,** provides that our directors will not be personally liable for monetary damages to us for breaches of their fiduciary duty as directors, unless they violated their duty of loyalty to us or our stockholders, acted in bad faith, knowingly or intentionally violated the law, authorized unlawful payments of dividends, unlawful stock purchases or unlawful redemptions, or derived an improper personal benefit from their actions as directors. Notwithstanding the foregoing, as set forth in our ~~second~~ amended and restated certificate of incorporation **, as amended and currently in effect** , such indemnification will not extend to any claims our insiders may make to us to cover any loss that they may sustain as a result of their agreement to pay debts and obligations to target businesses or vendors or other entities that are owed money by us for services rendered or contracted for or products sold to us as described elsewhere in this Annual Report. We have entered into indemnity agreements with each of our officers and directors. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. Our bylaws also will permit us to secure insurance on behalf of any officer, director or employee for any liability arising out of his or her actions, regardless of whether Delaware law would permit indemnification. We will purchase directors and officers liability insurance that protects our directors and officers against the cost of defense, settlement or payment of a judgment in some circumstances and insures us against our obligations to indemnify the directors and officers. These provisions may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. These provisions also may have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our stockholders. Furthermore, a stockholder' s investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these provisions. We believe that these provisions, the insurance and the indemnity agreements are necessary to attract and retain talented and experienced directors and officers. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. ITEM 11. EXECUTIVE COMPENSATION Executive Officer and Director Compensation No executive officer has received any cash compensation for services rendered to us. **Under a certain administrative services agreement** ~~Commencing on the date of the IPO prospectus through the completion of our initial business combination~~ with ~~a target business, we will pay to~~ GL Sponsor LLC, **we paid to GL Sponsor LLC** a fee of $ 10, 000 per month for providing us with office space and certain office and secretarial services **from the closing of our IPO to September 30, 2023. On September 30, 2023, the Company terminated the administrative services agreement. As a result, the Company is not required to pay the sponsor $ 10, 000 monthly starting from September 30, 2023** . However, pursuant to the terms of such agreement, we may delay payment of such monthly fee upon a determination by our audit committee that we lack sufficient funds held outside the trust to pay actual or anticipated expenses in connection with our initial business combination. Any such unpaid amount will accrue without interest and be due and payable no later than the date of the consummation of our initial business combination. Other than the $ 10, 000 per month administrative fee, no compensation or fees of any kind, including finder' s fees, consulting fees and other similar fees, will be paid to our insiders or any of the members of our management team, for services rendered prior to or in connection with the consummation of our initial business combination (regardless of the type of transaction that it is). However, such individuals will receive reimbursement for any out- of- pocket expenses incurred by them in connection with activities on our behalf, such as identifying potential target businesses, performing business due diligence on suitable target businesses and business combinations as well as traveling to and from the offices, plants or similar locations of prospective target businesses to examine their operations. There is no limit on the amount of out- of- pocket expenses reimbursable by us; provided, however, that to the extent such expenses exceed the available proceeds not deposited in the trust account and the interest income earned on the amounts held in the trust account, such expenses would not be reimbursed by us unless we consummate an initial business combination. After our initial business combination, members of our management team who remain with us may be paid consulting, management or other fees from the combined company with any and all amounts being fully disclosed to stockholders, to the extent then known, in the proxy solicitation materials furnished to our stockholders. It is unlikely the amount of such compensation will be known at the time of a stockholder meeting held to consider our initial business combination, as it will be up to the directors of the post- combination business to determine executive and director compensation. In this event, such compensation will be publicly disclosed at the time of its determination in a Current Report on Form 8- K, as required by the SEC. ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS The following table sets forth information regarding the beneficial ownership of our shares of common stock as of ~~April 10~~ **March 22** , ~~2023~~ **2024** based on information obtained from the persons named below, with respect to the beneficial ownership of shares of our common stock by: ● each person known by us to be the beneficial owner of more than 5 % of the outstanding shares of common stock; ● each of our executive officers, directors and director nominees that beneficially owns shares of common stock; and ● all our executive officers and directors as a group. Unless otherwise indicated, we believe that all persons named in the table have sole voting and investment power with respect to all shares of common stock beneficially owned by them. (3) GL Sponsor LLC, our sponsor, is the record holder of the shares reported herein. GL Sponsor LLC is managed by ~~Sally Lim~~ **Ng Yan Xun** . ~~Sally Lim~~ **Ng Yan Xun** may be deemed to beneficially own the shares held by our sponsor by virtue of ~~her~~ **his** control of our sponsor. ~~Sally Lim~~ **Ng Yan Xun** disclaims beneficial ownership of the shares held by our sponsor except to the extent of ~~her~~ **his** pecuniary interest therein. The business address of our sponsor is 1180 Avenue of the Americas, ~~8~~ **8th** Floor, New York, NY ~~10036~~ . Because of the ownership block held by our insiders, such individuals may be able to effectively exercise influence over all matters requiring approval by our stockholders, including the election of directors and approval of significant corporate transactions other than approval of our initial business combination. All of the insider shares have ~~be~~ **been** placed in escrow with Continental ~~Stock Transfer & Trust Company~~ , as escrow agent. Subject to certain limited exceptions, 50 % of these shares will not be transferred, assigned, sold or released from escrow until the earlier of six months after the date of the consummation of our initial business combination and the date the closing price of our common stock equals or exceeds $ 12. 50 per share (as adjusted for stock splits, stock dividends, reorganizations and recapitalizations) for any 20 trading days within any 30- trading day period commencing after our initial business combination and the remaining 50 % of the insider shares will not be transferred, assigned, sold or released from escrow until six months after the date of the consummation of our initial business combination or earlier in either case if, subsequent to our initial business combination, we complete a liquidation, merger, stock exchange or other similar transaction which results in all of our stockholders having the right to exchange their shares of common stock for cash, securities or other property. During the escrow period, the holders of these shares will not be able to sell or transfer their securities except (1) transfers among the insiders or their respective affiliates or members or to our officers, directors, advisors and employees, (2) transfers to an insider' s affiliates or its members upon its liquidation, (3) transfers to relatives and trusts for estate planning purposes, (4) transfers by virtue of the laws of descent and distribution upon death, (5) transfers pursuant to a qualified domestic relations order, or (6) private sales made at prices no greater than the price at which the securities were originally purchased, in each case where the transferee agrees to the terms of the escrow agreement and forfeiture, as the case may be, as well as the other applicable restrictions and agreements of the holders of the insider shares. If dividends are declared and payable in shares of common stock, such dividends will also be placed in escrow. If we are unable to effect a business combination and liquidate, there will be no liquidation distribution with respect to the insider shares. Additionally, our private investor has agreed not to transfer, assign or sell any of the private units or underlying securities (except to the same permitted transferees as the insider shares and provided the transferees agree to the same terms and restrictions as the permitted transferees of the insider shares must agree to, each as described above) until the completion of our initial business combination. In order to meet our working capital needs following the consummation of the IPO, our insiders may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of our initial business combination, without interest, or, at the lender' s discretion, up to $ 1, 500, 000 of the notes may be converted upon consummation of our business combination into additional private units at a price of $ 10. 00 per unit. Our stockholders have approved the issuance of the private units upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. If we do not complete a business combination, any outstanding loans from our insiders or their affiliates, will be repaid only from amounts remaining outside our trust account, if any. Our sponsor and our officers and directors are deemed to be our " promoters " as such term is defined under the federal securities laws. ITEM 13. CERTAIN RELATIONSHIPS AND RELATED **PARTY** TRANSACTIONS, AND DIRECTOR INDEPENDENCE Certain Relationships and Related Party Transactions On August 19, 2021, our sponsor purchased an aggregate of 2, 875, 000 shares of our common stock for an aggregate purchase price of $ 25, 000, or approximately $ 0. 009 per share. We refer to these shares throughout this Annual

Report as the " insider shares. " The number of insider shares issued was determined based on the expectation that such insider shares would represent 20 % of the outstanding shares after the IPO (not including the shares underlying the private units). On October 14, 2021, our sponsor transferred 15, 000 insider shares to our Chief Executive Officer, 10, 000 insider shares to our Mr. Cliff (Ming Hong) Chong, our former Chief Financial Officer, and 5, 000 insider shares to each of the independent directors at their original purchase price. Our private investor has purchased an aggregate of 570, 000 private units at a price of $ 10. 00 per unit ($ 5, 700, 000 in aggregate) in a private placement that closed simultaneously with the closing of the IPO. The private units are identical to the units sold in the IPO. Additionally, our private investor has agreed not to transfer, assign or sell any of the private units or underlying securities (except to the same permitted transferees as the insider shares and provided the transferees agree to the same terms and restrictions as the permitted transferees of the insider shares must agree to, each as described above) until the completion of our initial business combination ~~. Ding Jie Lin, a member of our sponsor has agreed to loan us up to an aggregate of $ 300, 000 to be used for a portion of the expenses of the IPO. As of December 31, 2022 and 2021, we have no borrowing under the Note with Ding Jie Lin. These loans were non- interest bearing, unsecured and were due at the closing of the IPO. The loans have be repaid upon the closing of the IPO out of the offering proceeds not held in the trust account~~ . In order to meet our working capital needs following the consummation of the IPO, our insiders, officers and directors may, but are not obligated to, loan us funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion. Each loan would be evidenced by a promissory note. The notes would either be paid upon consummation of our initial business combination, without interest, or, at the lender' s discretion, up to $ 1, 500, 000 of the notes may be converted upon consummation of our business combination into additional private units at a price of $ 10. 00 per unit. Our stockholders have approved the issuance of the private units upon conversion of such notes, to the extent the holder wishes to so convert such notes at the time of the consummation of our initial business combination. If we do not complete a business combination, any outstanding loans from our insiders or their affiliates, will be repaid only from amounts remaining outside our trust account, if any. The holders of our insider shares, as well as the holders of the private units and any units our insiders or their affiliates may be issued upon conversion of working capital loans or extension loans made to us (and any securities underlying the private units or units issued upon conversion of the working capital loans or extension loans), will be entitled to registration rights pursuant to the terms of a registration rights agreement entered into with such holders. The holders of a majority of these securities are entitled to make up to two demands that we register such securities. The holders of the majority of the insider shares can elect to exercise these registration rights at any time commencing three months prior to the date on which these shares of common stock are to be released from escrow. The holders of a majority of the private units and any units issued upon conversion of working capital loans or extension loans made to us can elect to exercise these registration rights at any time after we consummate a business combination. In addition, the holders have certain " piggy- back " registration rights with respect to registration statements filed subsequent to our consummation of our initial business combination. We will bear the expenses incurred in connection with the filing of any such registration statements. Our sponsor has agreed that, commencing on the date of the IPO prospectus through the earlier of our consummation of our initial business combination or our liquidation, it will make available to us certain general and administrative services, including office space, utilities and administrative support, as we may require from time to time. We have agreed to pay $ 10, 000 per month for these services. However, pursuant to the terms of such agreement, we may delay payment of such monthly fee upon a determination by our audit committee that we lack sufficient funds held outside the trust to pay actual or anticipated expenses in connection with our initial business combination. As of December 31, ~~2021~~ **2023** and 2022, the balance of unpaid amount due to our sponsor was $ ~~7~~**217** , 000 and $ 127, 000, respectively **. On September 30, 2023, the Company terminated the administrative services agreement. As a result, the Company is not required to pay the sponsor $ 10, 000 monthly starting from September 30, 2023** . Such unpaid amount accrues without interest and will be due and payable no later than the date of the consummation of our initial business combination. We believe that the fee charged by our sponsor is at least as favorable as we could have obtained from an unaffiliated person. **On each of September 5, 2023, September 29, 2023 and November 7, 2023, an affiliate of the Company' s sponsor advanced $ 130, 000 to the Company, for a total advance of $ 390, 000. The $ 390, 000 advance to fund trust extension deposits is reflected in " Due to related parties " on the consolidated balance sheets. Simultaneously with the closing of the IPO, the Company consummated the sale of 517, 500 units (" Private Placement Units ") at a price of $ 10. 00 per Private Placement Unit in a private placement to Public Gold Marketing Sdn. Bhd, a Malaysian private limited company, a related party, the sponsor or the underwriters, generating gross proceeds of $ 5, 175, 000, which is described in Note 4. Simultaneously with the exercise of the over- allotment, the Company consummated a private sale of an additional 52, 500 Private Placement Units to Public Gold Marketing Sdn. Bhd at a price of $ 10. 00 per Private Placement Unit, generating additional gross proceeds of $ 525, 000. Since the underwriters' over- allotment was exercised in full, the sponsor did not forfeit any Founder Shares. On March 3, 2023, the Company entered into a promissory note subscription term sheet with Public Gold Marketing Sdn Bhd for an amount of $ 390, 000 for the purpose of extension fees payment. The promissory note bears an interest of 6 % per annum and repayable upon consummation of an initial Business Combination. As of December 31, 2023, the full $ 390, 000 had been borrowed and no amount was available under this note for borrowing. On March 23, 2023, the Company entered into a promissory note subscription term sheet with Public Gold Marketing Sdn Bhd for an amount of up to $ 250, 000 for working capital needs. The promissory note bears an interest of 6 % per annum and repayable upon consummation of an initial Business Combination. As of December 31, 2023, the full $ 250, 000 had been borrowed and no amount was available under this note for borrowing. On June 2, 2023, the Company entered into a promissory note subscription term sheet with Public Gold Marketing Sdn Bhd for an amount of up to $ 700, 000 for working capital needs. The promissory note bears an interest of 6 % per annum and repayable upon consummation of an initial Business Combination. As of December 31, 2023, the full $ 700, 000 had been borrowed and no amount was available under this note for borrowing. The promissory note bears an interest of 6 % per annum and repayable upon consummation of an initial Business Combination. As of December 31, 2023, the full $ 250, 000 had been borrowed and no amount was available under this note for borrowing. On December 8, 2023, the Company entered into a promissory note subscription**

term sheet with Public Gold Marketing Sdn Bhd for an amount of $ 110, 000 for the purpose of working capital. The promissory note bears an interest of 6 % per annum and repayable upon consummation of an initial Business Combination. As of December 31, 2023, the full $ 110, 000 had been borrowed and no amount was available under this note for borrowing. In this event, such compensation will be publicly disclosed at the time of its determination in a Current Report on Form 8- K, as required by the SEC. All ongoing and future transactions between us and any of our officers and directors or their respective affiliates will be on terms believed by us to be no less favorable to us than are available from unaffiliated third parties. Such transactions will require prior approval by our audit committee and a majority of our uninterested independent directors, in either case who had access, at our expense, to our attorneys or independent legal counsel. We will not enter into any such transaction unless our audit committee and a majority of our disinterested independent directors determine that the terms of such transaction are no less favorable to us than those that would be available to us with respect to such a transaction from unaffiliated third parties. Related Party Policy Our Code of Ethics requires us to avoid, wherever possible, all related party transactions that could result in actual or potential conflicts of interests, except under guidelines approved by the Board of Directors (or the audit committee). Related party transactions are defined as transactions in which (1) the aggregate amount involved will or may be expected to exceed $ 120, 000 in any calendar year, (2) we or any of our subsidiaries is a participant, and (3) any (a) executive officer, director or nominee for election as a director, (b) greater than 5 % beneficial owner of our shares of common stock, or (c) immediate family member, of the persons referred to in clauses (a) and (b), has or will have a direct or indirect material interest (other than solely as a result of being a director or a less than 10 % beneficial owner of another entity). A conflict **-** of **-** interest situation can arise when a person takes actions or has interests that may make it difficult to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position. We also require each of our directors and executive officers to annually complete a directors' and officers' questionnaire that elicits information about related party transactions. These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer. To further minimize conflicts of interest, we have agreed not to consummate our initial business combination with an entity that is affiliated with any of our insiders, officers or directors unless we have obtained an opinion from an independent investment banking firm and the approval of a majority of our disinterested and independent directors (if we have any at that time) that the business combination is fair to our unaffiliated stockholders from a financial point of view. In no event will our insiders, or any of the members of our management team be paid any finder' s fee, consulting fee or other similar compensation prior to, or for any services they render in order to effectuate, the consummation of our initial business combination (regardless of the type of transaction that it is). (the " Company ") as of December 31, **2023 and** 2022, the related consolidated statements of operations, changes in stockholders' deficit and cash flows for **each of** the **two** ~~year~~ **years in the period** ended December 31, ~~2022~~ **2023** , and the related notes (collectively referred to as the " financial statements "). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, **2023 and** 2022, and the results of its operations and its cash flows for **each of** the **two** ~~year~~ **years in the period** ended December 31, ~~2022~~ **2023** , in conformity with accounting principles generally accepted in the United States of America. Explanatory Paragraph – Going Concern The accompanying ~~consolidated~~ financial statements have been prepared assuming that the Company will continue as a going concern. As ~~more fully~~ described in Note 1 **to the financial statements** , **the Company is a Special Purpose Acquisition Corporation that was formed for the purpose of entering into a merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or other similar business combination with one or more businesses or entities on or before April 9, 2024 or December 9, 2024 by making an additional monthly contribution to the trust account subject to the approval of the board of directors. The Company entered into a definitive merger agreement with a business combination target on January 30, 2024; however, the completion of this transaction is subject to the approval of** the Company' s ~~realization of~~ **stockholders among other conditions.**

There is no assurance that the Company will obtain the necessary approvals, satisfy the required closing conditions, raise the additional capital it needs to fund its ~~business~~ **operations, and complete the transaction prior to April 9, 2024, if at all. The Company also has no approved** plan ~~is dependent upon~~ **in place to extend** the ~~completion of a~~ business combination ~~on~~ **deadline and fund operations** ~~or~~ **for** ~~before June~~ **any period of time after April** 9, ~~2023~~ **2024** , **in** ~~unless approvals are obtained to extend~~ the **event that it** ~~date by an additional six months through December 9, 2023. If the Company~~ is unable to complete a business combination by **that** ~~either the current or extended due~~ date ~~, it will be required to cease all operations and effectuate a mandatory plan of liquidation and dissolution. The Company does not have a plan in place to extend the period of time needed to complete a business combination nor does it have the capital resources needed to conduct a search for viable business combination target or fund operations for any period of time after June 9, 2023~~ . These ~~conditions~~ **matters** raise substantial doubt about the Company ~~'~~ **'** s ability to continue as a going concern. Management ~~'~~ **'** s plans with regard to these matters are also described in Note 1. The financial statements do not include any adjustments that may be necessary should the Company be unable to continue as a going concern. Basis for Opinion These financial statements are the responsibility of the Company' s management. Our responsibility is to express an opinion on the Company' s financial statements based on our ~~audit~~ **audits** . We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (" PCAOB ") and are required to be independent with respect to the Company in accordance with the U. S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB. We conducted our ~~audit~~ **audits** in accordance with the standards of the PCAOB. Those standards require that we plan and perform the ~~audit~~ **audits** to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our ~~audit~~ **audits** we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company' s internal control over financial reporting. Accordingly, we express no such opinion. Our ~~audit~~ **audits** included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our ~~audit~~ **audits** also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our ~~audit~~ **audits** ~~provides~~ **provide** a reasonable basis for our opinion. / s / Marcum ~~llp~~ **LLP Marcum LLP** We have served as the Company' s auditor since 2021 (such date takes into account the acquisition of certain assets of Friedman LLP by Marcum LLP effective September 1, 2022) Costa Mesa, CA April ~~17~~ **1** , ~~2023~~ **2024** ~~REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM To the Board of Directors and Stockholders of Globalink Investment Inc. (the " Company ") was incorporated in Delaware on March 24, 2021. The Company is a blank check company formed for the purpose of entering into a merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or other similar business combination with one or more businesses or entities (the " Business Combination "). On July 27, 2022, Globalink Merger Sub, Inc., a Nevada corporation and a wholly- owned subsidiary of Globalink, was formed. The Company is not limited to a particular industry or geographic region for purposes of consummating a Business Combination. The Company is an early stage and emerging growth company and, as such, the Company is subject to all of the risks associated with early stage and emerging growth companies. As of December 31, ~~2022~~ **2023** , the Company had not commenced any operations. All activity through December 31, ~~2022~~ **2023** ~~,~~ relates to the Company' s formation and Initial Public Offering (" IPO "), which is described below and, since the offering, the search for a prospective initial Business Combination. The Company will not generate any operating revenues until after the completion of its initial Business Combination, at the earliest. The Company ~~will generate~~ **generates** non- operating income in the form of interest income earned on investments from the proceeds derived from the IPO. The registration statement for the Company' s IPO was declared effective on December 6, 2021. On December 9, 2021, the Company consummated the IPO of 10, 000, 000 units (" Units ") at $ 10. 00 per Unit generating gross proceeds of $ 100, 000, 000, which is discussed in Note 3. The Company has selected December 31 as its fiscal year end. Simultaneously with the closing of the IPO, the Company consummated the sale of 517, 500 units (" Private Placement Units ") at a price of $ 10. 00 per Private Placement Unit in a private placement to Public Gold Marketing Sdn. Bhd, a Malaysian private limited company, **a related party** ~~an entity not affiliated with the Company~~ , the sponsor or the underwriters, generating gross proceeds of $

5, 175, 000, which is described in Note 4. Additionally with the closing of the IPO, the Company granted the underwriters a 45- day option to purchase up to 1, 500, 000 Units to cover over- allotment. On December 13, 2021, the underwriters fully exercised the option and purchased 1, 500, 000 additional Units (the " Over- allotment Units "), generating additional gross proceeds of $ 15, 000, 000. Simultaneously with the exercise of the over- allotment, the Company consummated a private sale of an additional 52, 500 Private Placement Units **to Public Gold Marketing Sdn. Bhd** at a price of $ 10. 00 per Private Placement Unit, generating additional gross proceeds of $ 525, 000. Since the underwriters' over- allotment was exercised in full, the sponsor did not forfeit any Founder Shares (as defined in Note 5). Offering costs for the IPO and the exercise of the underwriters' over- allotment option amounted to $ 6, 887, 896, consisting of $ 2, 300, 000 of underwriting fees, $ 4, 025, 000 of deferred underwriting fees payable (which are held in the Trust Account (defined below)) and $ 562, 896 of other costs. As described in Note 6, the $ 4, 025, 000 of deferred underwriting fee payable is contingent upon the consummation of a Business Combination, subject to the terms of the underwriting agreement. Following the closing of the IPO, $ 116, 725, 000 ($ 10. 15 per Unit) from the net proceeds of the sale of the Units in the IPO and the Private Placement Units was placed in a trust account (" Trust Account ") and **was** ~~has been~~ invested in U. S. government securities, within the meaning set forth in Section 2 (a) (16) of the Investment Company Act of 1940, as amended (the " Investment Company Act "), with a maturity of 180 days or less or in any open- ended investment company that holds itself out as a money market fund selected by the Company meeting the conditions of paragraphs (d) (2), (d) (3) and (d) (4) of Rule 2a- 7 of the Investment Company Act ~~,~~ **. To mitigate the risk of being deemed to have been operating** as ~~determined by~~ **an unregistered investment company (including under** the **subjective test of Section 3 (a) (1) (A) of the Investment** Company **Act)** , **on August 9, 2023, the Company instructed Continental Stock Transfer & Trust Company, the trustee of the Trust Account (the " Trustee " or " Continental "), to liquidate the U. S. government securities or money market funds held in the Trust Account and thereafter to hold all funds in the Trust Account in cash (which may include demand deposit accounts)** until the earlier of **consummation** ~~: (i) the completion~~ of ~~a~~ **our** Business Combination ~~and (ii) the distribution of the Trust~~ **or liquidation. Furthermore, such cash is held in bank** ~~Account~~ **accounts** , **which exceed federally insured limits** as ~~described below~~ **guaranteed by the Federal Deposit Insurance Corporation (the " FDIC ")** . The Company' s management has broad discretion with respect to the specific application of the net proceeds of the **IPO** ~~Initial Public Offering~~ and the sale of the Private Placement Units, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. There is no assurance that the Company will be able to complete a Business Combination successfully. The Company must complete one or more initial Business Combinations having an aggregate fair market value of at least 80 % of the assets held in the Trust Account excluding the deferred underwriting discounts and taxes payable on income earned on the Trust Account at the time of the agreement to enter into the initial Business Combination. However, the Company will only complete a Business Combination if the post- transaction company owns or acquires 50 % or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. There is no assurance the Company will be able to successfully effect a Business Combination. The Company will provide the holders (the " Public Stockholders ") of the outstanding shares of common stock included in the Units, or the Public Shares with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a stockholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek stockholder approval of a Business Combination or conduct a tender offer will be made by the Company. The Public Stockholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account (initially anticipated to be $ 10. 15 per Public Share, plus any pro rata interest then in the Trust Account, net of taxes payable). There will be no redemption rights with respect to the Company' s warrants. All of the Public Shares contain a redemption feature, which allows for the redemption of such Public Shares in connection with the Company' s liquidation, if there is a stockholder vote or tender offer in connection with the Company' s Business Combination and in connection with certain amendments to the Company' s amended and restated certificate of incorporation. In accordance with Financial Accounting Standards Board (" FASB ") Accounting Standards Codification (" ASC ") 480- 10- S99, redemption provisions not solely within the control of a company require the Public Shares subject to redemption to be classified outside of permanent equity. Given that the Public Shares will be issued with other freestanding instruments (i. e., public warrants and rights), the initial carrying value of common stock classified as temporary equity will be the allocated proceeds determined in accordance with ASC 470- 20. The Public Shares are subject to ASC 480- 10- S99. If it is probable that the equity instrument will become redeemable, the Company has the option to either (i) accrete changes in the redemption value over the period from the date of issuance (or from the date that it becomes probable that the instrument will become redeemable, if later) to the earliest redemption date of the instrument or (ii) recognize changes in the redemption value immediately as they occur and adjust the carrying amount of the instrument to equal the redemption value at the end of each reporting period. The Company has elected to recognize the changes immediately. While redemptions cannot cause the Company' s net tangible assets to fall below $ 5, 000, 001, the Public Shares are redeemable and are classified as such on the consolidated balance sheets until such date that a redemption event takes place. Redemptions of the Company' s Public Shares may be subject to the satisfaction of conditions, including minimum cash conditions, pursuant to an agreement relating to the Company' s Business Combination. If the Company seeks stockholder approval of the Business Combination, the Company will proceed with a Business Combination if a majority of the shares voted are voted in favor of the Business Combination, or such other vote as required by law or stock exchange rule. If a stockholder vote is not required by applicable law or stock exchange listing requirements and the Company does not decide to hold a stockholder vote for business or other reasons, the Company will, pursuant to its Certificate of Incorporation, conduct the redemptions pursuant to the tender offer rules of the U. S. Securities and Exchange Commission (" SEC ") and file tender offer documents with the SEC prior to completing a Business Combination. If, however, stockholder approval of the transaction is required by applicable law or stock exchange listing requirements, or the Company decides to obtain stockholder approval for business or other reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. If the Company seeks stockholder approval in connection with a Business Combination, the sponsor has agreed to vote its Founder Shares (as defined in Note 5) and any Public Shares purchased during or after the IPO in favor of approving a Business Combination.

Additionally, each Public Stockholder may elect to redeem their Public Shares without voting, and if they do vote, irrespective of whether they vote for or against the proposed transaction. **F- 8** Notwithstanding the foregoing, the amended and restated certificate of incorporation of the Company (the " Certificate of Incorporation ") provides that a Public Stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a " group " (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the " Exchange Act ")), will be restricted from redeeming its shares with respect to more than an aggregate of 15 % or more of the **shares of** common stock sold in the **IPO** ~~Initial Public Offering~~ , without the prior consent of the Company. ~~F- 9~~ The Company' s sponsor, officers and directors (the " Initial Stockholders ") have agreed not to propose an amendment to the Certificate of Incorporation that would affect the substance or timing of the Company' s obligation to redeem 100 % of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the Public Stockholders with the opportunity to redeem their shares of common stock in conjunction with any such amendment. The Company **originally** had until March 9, 2023, 15 months from the closing of the IPO to complete a Business Combination. On March 6, 2023, the Company held a special meeting (the " **March 2023** Special Meeting "), during which the stockholders of the Company approved a proposal to amend the Company' s amended and restated certified articles of incorporation which included extending the time in which the Company must complete a Business Combination (the " Extension Amendment Proposal ") and a proposal to amend the Company' s investment management trust agreement, dated as of December 6, 2021 (the " Trust Agreement "), by and between the Company and Continental ~~Stock Transfer & Trust Company, as trustee (" Continental ")~~ (the " Trust Amendment Proposal "). The Company will have the option of two (2) three- months extensions, followed by three (3) one- month extensions, or until December 9, 2023, if all extensions are exercised. The Company ~~has~~ exercised the option for ~~a~~ **two** three- month ~~extension~~ **extensions** and as a result the Company has deposited **a total of $ 780, 000, or** $ 390, 000 **for each three- month extension,** into the Trust Account and ~~now~~ **had until September 9, 2023 to complete its Business Combination, which was funded by a promissory note with Public Gold Marketing Sdn. Bhd. which** has ~~until June~~ **a current balance of $ 1, 757, 255. On September 9, 2023, October 4, 2023, and October 31, 2023, the Company deposited $ 130, 000 each time into the Trust Account, representing $ 0. 0275 per public share, which further extended the period of time it has to consummate its initial business combination to December** 9, 2023 (" Combination Period ") ~~to complete its Business Combination or exercise~~ **. The September 9, 2023, October 9, 2023 and November 1, 2023 payments were funded by the advance of $ 390, 000 provided by** an ~~additional~~ **affiliate of GL Sponsor, LLC, the Company' s sponsor (the " sponsor "). The Company has exhausted the five** ~~extension~~ **extensions permitted under the Amended and Restated Certificate of Incorporation of the Company, as first amended** . If the Company does not complete its Business Combination or exercise an additional extension, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per- share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account including interest earned on the funds held in the Trust Account and not previously released to us to pay the Company' s franchise and income taxes (less up to $ 100, 000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish the Public Stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company' s remaining stockholders and the Company' s board of directors, dissolve and liquidate, subject in each case to the Company' s obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. **Through a total of five elections from March 2023 to December 2023, Globalink elected to extend the Termination Date to December 9, 2023 and deposited an aggregate of US $ 1. 17 million into the trust account for its public stockholders. Globalink elected all of the five extensions permitted under the amended and restated certificate of incorporation of the Company, as first amended. On March 6, 2023, in connection with the approval of the proposals presented at the March 2023 Special Meeting which extended the time in which the Company must complete a Business Combination, holders of 6, 756, 695 of the Company' s shares of common stock exercised their right to redeem those shares for cash at an approximate price of $ 10. 35 per share, for an aggregate of approximately $ 69. 92 million. On October 16, 2023, the Company received a written notice (the " Notice ") from the Nasdaq Listing Qualifications Department of The Nasdaq Stock Market (" Nasdaq ") indicating that the Company was not in compliance with Nasdaq Listing Rule 5450 (a) (2), which requires the Company to maintain at least 400 total holders for continued listing on the Nasdaq Global Market (the " Minimum Total Holders Rule "). The Notice is only a notification of deficiency, not of imminent delisting, and has no current effect on the listing or trading of the Company' s securities on the Nasdaq Global Market. The Notice states that the Company has 45 calendar days, or until November 30, 2023, to submit a plan to regain compliance with the Minimum Total Holders Rule. On January 29, 2024, the Company submitted an application to phase- down from The Nasdaq Global Market to The Nasdaq Capital Market. On March 6, 2024, the Company received a letter from the Nasdaq Listing Qualifications staff granting the Company' s request for transfer to The Nasdaq Capital Market. The Company' s securities will be transferred to The Nasdaq Capital Market at the opening of business on March 12, 2024. In connection with the approval of the phase- down application, the staff indicated that the Company' s deficiency with the Minimum Total Holders Rule was cured and the matter is closed. F- 9 On November 28, 2023, the Company held a special meeting of its stockholders (the " November 2023 Special Meeting "). At the November 2023 Special Meeting, the Company' s stockholders 1) approved an amendment of the Company' s amended and restated certificate of incorporation (the " Charter Amendment "), changing the structure and cost of the Company' s right to extend the date (the " Termination Date ") by which the Company must (i) consummate a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination involving the Company and one or more businesses, (ii) cease its operations if it fails to complete such business combination, and (iii) redeem or repurchase 100 % of the Company' s outstanding public shares of common stock included as part of the units sold in the Company' s IPO that closed on December 9, 2021, which was December 9, 2023 at the time of the November 2023 Special Meeting unless extended. The Charter Amendment allows the Company to extend the Termination Date by up to twelve (12) monthly extensions, to December 9, 2024 (each of which is referred to as an " Extension ", and such later date, the " Extended Deadline "). To obtain each extension, the Company, its sponsor or any of**

their affiliates or designees must deposit into the Company' s Trust Account with Continental by the deadline applicable prior to the extension $ 60, 000 for each monthly extension; 2) approved the proposal (the " Extension Amendment Proposal ") to amend Company' s amended and restated certificate of incorporation, as first amended, to extend the date by which the Company must (i) consummate a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination involving the Company and one or more businesses, (ii) cease its operations if it fails to complete such business combination, and (iii) redeem or repurchase 100 % of the Company' s outstanding public shares of common stock included as part of the units sold in the Company' s IPO that was consummated on December 9, 2021, from December 9, 2023 to, if the Company elects to extend the date to consummate a business combination, for up to twelve times of monthly extensions, December 9, 2024, unless the closing of the Company' s initial business combination shall have occurred; 3) approved the proposal to amend the Company' s Trust Agreement with Continental (the " Trust Amendment Proposal "), pursuant to which the Company' s Trust Agreement with Continental be amended to extend the time for the Company to complete its initial business combination under the Trust Agreement from (x) December 9, 2023, to (y) up to December 9, 2024, if the Company elects to extend the date to consummate a business combination, for up to twelve times of monthly extensions, by depositing into the Trust Account $ 60, 000 for each one- month extension from December 9, 2023 to December 9, 2024, unless the closing of the Company' s initial business combination shall have occurred; and 4) approved the proposal to re- elect Kian Huat Lai as Class I director of the Company, until the annual meeting of the Company to be held in 2026 or until his successor is appointed and qualified. On November 28, 2023, the stockholders of the Company approved a proposal to amend the Company' s amended and restated certificate of incorporation, allowing the Company to Extended Deadline from December 9, 2023 to up to December 9, 2024 through monthly extensions. To obtain each extension, the Company, its sponsor or any of their affiliates or designees must deposit into the Company' s trust account with Continental by the deadline applicable prior to the extension, $ 60, 000 for each extension. On November 28, 2023, the stockholders of the Company also approved a proposal to amend the Company' s Trust Agreement (as defined above), by and between the Company and Continental. In connection with the approval of the proposals presented at the special meeting held on November 28, 2023, holders of 2, 180, 738 shares of the Company' s common stock exercised their right to redeem those shares for cash at an approximate price of $ 10. 82 per share, for an aggregate of approximately $ 23. 60 million. As of the date of this report, the Company has extended the Termination Date seven times under its current amended and restated certificate of incorporation, as amended (or nine times since the IPO), and has until April 9, 2024 to complete its initial business combination. The Company may continue to extend the Termination Date to up to December 9, 2024 through monthly extensions. F- 10 The Initial Stockholders have agreed to waive their liquidation rights with respect to the Founder Shares if the Company fails to complete a Business Combination within the Combination Period. However, if the Initial Stockholders should acquire **any** Public Shares in or after the **IPO** ~~Initial Public Offering~~ , they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete a Business Combination within the Combination Period. The underwriters have agreed to waive their rights to deferred underwriting discounts (see Note 6) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period, and, in such event, such amounts will be included with the other funds held in the Trust Account that will be available to fund the redemption of the Public Shares. In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be only $ 10. 15 per share held in the Trust Account. In order to protect the amounts held in the Trust Account, the sponsor has agreed to be liable to the Company if and to the extent any claims by a vendor for services rendered or products sold to the Company, or a prospective target business with which the Company has discussed entering into a transaction agreement, reduce the amount of funds in the Trust Account. This liability will not apply with respect to any claims by a third party who executed a waiver of any right, title, interest or claim of any kind in or to any monies held in the Trust Account or to any claims under the Company' s indemnity of the underwriters of the **IPO** ~~Initial Public Offering~~ against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the " Securities Act "). Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, the sponsor will not be responsible to the extent of any liability for such third- party claims. The Company will seek to reduce the possibility that the sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers (except the Company' s independent registered public accounting firm), prospective target businesses or other entities with which the Company does business, execute agreements waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account. ~~F- 10~~ On August 3, 2022, the Company entered into an Agreement and Plan of Merger (the " Merger Agreement ") by and among Tomorrow Crypto Group Inc., a Nevada corporation (" Tomorrow Crypto "), Globalink Merger Sub, Inc., a Nevada corporation and a wholly- owned subsidiary of Globalink (" Merger Sub "), GL Sponsor LLC, a Delaware limited liability company ~~, in its capacity as the representative of the Company' s stockholders from and after the effective time of the Merger (as defined below) (the " Effective Time ") in accordance with the terms and conditions of the Merger Agreement (the " Parent Representative "), and Mingliu Wang, an individual, in his capacity as the representative of Tomorrow Crypto' s stockholders from and after the Effective Time for the stockholders of Tomorrow Crypto as of immediately prior to the Effective Time in accordance with the terms and conditions of the Merger Agreement (the " Seller Representative "). The total consideration to be paid by Globalink to the stockholders of Tomorrow Crypto in the form of Globalink' s common stock at the Closing will be equal to $ 210 million, with an earn- out provision permitting the stockholders of Tomorrow Crypto to receive up to 10 million additional shares as and when the business meets certain incremental milestones for the number of ASIC mining machines successfully installed, commissioned and~~

The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. In February 2022, the Russian Federation and Belarus commenced a military action with the country of Ukraine. As a result of this action, various nations, including the United States, have instituted economic sanctions against the Russian Federation and Belarus. Further, the impact of this action and related sanctions on the world economy are not determinable as of the date of these consolidated financial statements and the specific impact on~~ the Company' s **business** ~~financial condition, results of operations,~~ and ~~cash flows is~~ **its ability to complete an initial Business Combination** ~~also not determinable as of the date of these consolidated financial statements~~ . On August 16, 2022, the Inflation Reduction Act of 2022 (the " IR Act ") was signed into federal law. The IR Act provides for, among other things, a new U. S. federal 1 % excise tax on certain repurchases of stock by publicly traded U. S. domestic corporations and certain U. S. domestic subsidiaries of publicly traded foreign corporations occurring on or after January 1, 2023. The excise tax is imposed on the repurchasing corporation itself, not its stockholders from which shares are repurchased. The amount of the excise tax is generally 1 % of the fair market value of the shares repurchased at the time of the repurchase. However, for purposes of calculating the excise tax, repurchasing corporations are permitted to net the fair market value of certain new stock issuances against the fair market value of stock repurchases during the same taxable year. In addition, certain exceptions apply to the excise tax. The U. S. Department of the Treasury (the " Treasury ") has been given authority to provide regulations and other guidance to carry out and prevent the abuse or avoidance of the excise tax. ~~F- 11~~ Any redemption or other repurchase that occurs after December 31, 2022, in connection with a Business Combination, extension vote or otherwise, may be subject to the excise tax. Whether and to what extent the Company would be subject to the excise tax in connection with a Business Combination, extension vote or otherwise would depend on a number of factors, including (i) the fair market value of the redemptions and repurchases in connection with the Business Combination, extension or otherwise, (ii) the structure of a Business Combination, (iii) the nature and amount of any " PIPE " or other equity issuances in connection with a Business Combination (or otherwise issued not in connection with a Business Combination but issued within the same taxable year of a Business Combination) and (iv) the content of regulations and other guidance from the Treasury. In addition, because the excise tax would be payable by the Company and not by the redeeming holder, the mechanics of any required payment of the excise tax have not been determined. The foregoing could cause a reduction in the cash available on hand to complete a Business Combination and in the Company' s ability to complete a Business Combination. As of December 31, ~~2022~~ **2023** , the Company had $ ~~81~~ **79** , ~~763~~ **073** of cash ~~held in escrow~~ which is available to meet working capital needs and a working capital deficit of **approximately** $ **3. 97 million** ~~21, 922 (adjusted for amounts available for withdrawal from the Trust Account for tax related obligations)~~ . Until the consummation of a Business Combination, the Company will be using the funds not held in the Trust Account for identifying and evaluating prospective acquisition candidates, performing due diligence on prospective target businesses, paying for travel expenditures, selecting the target business to acquire, and structuring, negotiating and consummating the Business Combination. The Company will need to raise additional capital through loans or additional investments from its sponsor, stockholders, officers, directors, or third parties. The Company' s officers, directors and **the** sponsor may, but are not obligated to, loan the Company funds, from time to time or at any time, in whatever amount they deem reasonable in their sole discretion, to meet the Company' s working capital needs. If the Company is unable to raise additional capital, it may be required to take additional measures to conserve liquidity, which could include, but not necessarily be limited to, curtailing operations, suspending the pursuit of a potential transaction, and reducing overhead expenses. The Company cannot provide any assurance that new financing will be available to it on commercially acceptable terms, if at all. **F- 12** In connection with the Company' s assessment of going concern considerations in accordance with FASB Accounting Standards Update (" ASU ") 2014- 15, " Disclosures of Uncertainties about an Entity' s Ability to Continue as a Going Concern, " the Company has **up** until ~~June~~ **December** 9, ~~2023~~ **2024** to consummate a Business Combination **if it elects to extend the Termination Date in accordance with its Amended and Restated Certificate of Incorporation as currently in effect** . Note 2 — Summary of Significant Accounting Policies Basis of Presentation The accompanying consolidated financial statements are presented in U. S. dollars and have been prepared in accordance with accounting principles generally accepted in the United States of America (" U. S. GAAP ") and pursuant to the accounting and disclosure rules and regulations of the Securities and Exchange Commission (the " SEC "). ~~F- 12~~ Principles of Consolidation The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiary. All significant intercompany balances and transactions have been eliminated in consolidation. Emerging Growth Company The Company is an emerging growth company as defined in Section 102 (b) (1) of the Jumpstart Our Business Startups Act of 2012 (the " JOBS Act "), which exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non- emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised, and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company' s consolidated financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used. Use of Estimates The preparation of consolidated financial statements in conformity with U. S. GAAP requires the Company' s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Making estimates requires management to exercise significant judgment. One of the more significant accounting estimates included in these consolidated financial statements is the determination of the fair value of the warrant liabilities. Such estimates may be subject to change as more current information becomes available and accordingly the actual results could differ significantly from those estimates. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. **F- 13** Cash **and cash** held in escrow The Company had $ **79, 073 of cash and $** 81, 763 and **cash** ~~$ 812, 232~~ held in escrow on December 31, **2023 and** 2022 **,** ~~and 2021~~ respectively. ~~This balance will be~~ **During the year ended December 31, 2023 the Company** transferred **the cash amount held** in **escrow** ~~whole as soon as practicable~~ to **a newly opened bank** ~~the Company' s operating~~ account. **Cash and** ~~Investments~~ **investments** Held in Trust Account ~~At~~ **As of** December 31, 2022 ~~and 2021~~ , substantially all of the assets held in the Trust Account were held in money market funds ~~which are~~ **. At December 31, **2023 and** 2022 ~~and 2021~~ , the Company has not experienced losses on these accounts. Fair value of Financial Instruments The fair value of the Company' s assets and liabilities which qualify as financial instruments under the FASB ASC 820, " Fair Value Measurements and Disclosures, " approximate the carrying amounts represented in the accompanying consolidated balance sheets, primarily due to their short- term nature. Income Taxes The Company complies with the accounting and reporting requirements of ASC 740, " Income Taxes, " which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the ~~consolidated~~ financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. **As of December 31, 2023 and 2022, the Company' s**

deferred tax asset for start up organizational expenses had a full valuation allowance recorded against it. F- 14 FASB ASC 740 prescribes a recognition threshold and a measurement attribute for the ~~consolidated~~ financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. There were no unrecognized tax benefits as of December 31, **2023 or December 31,** 2022 ~~and 2021. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense~~. No amounts were accrued for the payment of interest and penalties for the year ended December 31, ~~2022~~ **2023 . In connection with the approval of the Extension Amendment Proposal and the Trust Amendment Proposal at the Special Meeting on November 28, 2023, holders of 2, 180, 738 shares of the Company' s common stock exercised their right to redeem those shares for cash at an approximate price of $ 10. 82 per share, for an aggregate of approximately $ 23. 60 million. Immediately following the payment of the redemptions, the Trust Account had a balance of approximately $ 27. 73 million before the Extension Payment. As such, the** Company has ~~identified~~ **recorded a 1 % excise tax liability in** the ~~United States~~ **amount of $ 935, 214 on the consolidated balance sheets** as ~~its only " major " tax jurisdiction~~ **of December 31, 2023. " Shares of common stock subject to mandatory redemption (if any) is classified as a liability instrument and is measured at fair value. Conditionally redeemable common stock (including common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company' s control) is classified as temporary equity. At all other times, common stock is classified as stockholders' equity. The Company' s **shares of** common stock sold in the IPO and as a result of the exercise by the underwriters of their over- allotment option features certain redemption rights that are considered to be outside of the Company' s control and subject to occurrence of uncertain future events. The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and whether the warrants meet all of the requirements for equity classification under ASC 815, including whether the warrants are indexed to the Company' s own common stock, among other conditions for equity classification. The adoption of ASU 2020- 06 did not have an impact on the~~ Company' s **management does not believe the adoption of ASU 2023- 09 will have a material impact on its consolidated** financial statements **and disclosures** . Note 3 — Initial Public Offering and Over- allotment Pursuant to the IPO and the over- allotment in December 2021, the Company sold 11, 500, 000 Units at a price of $ 10. 00 per Unit. Each Unit consists of one share of common stock, one redeemable warrant (each, a " Public Warrant " **and collectively, the " Public Warrants "**) and one right (**each a** " Public Right " **and collectively, the " Public Rights "**). Each Public Warrant entitles ~~the~~ **its** holder to purchase one- half (1 / 2) of one share of common stock at a price of $ 11. 50 per share, subject to adjustment. Each Public ~~right~~ **Right** entitles the holder to receive one- tenth (1 / 10) of one share of common stock at the closing of a Business Combination (see Note ~~7~~ **8**). **F- 17** Note 4 — Private Placement On December 9, 2021 and December 13, 2021, simultaneously with the consummation of the IPO and the underwriters' exercise of their over- allotment option, the Company consummated the issuance and sale (" Private Placement ") of 570, 000 Private Placement Units in a private placement transaction at a price of $ 10. 00 per Private Placement Unit, generating gross proceeds of $ 5, 700, 000. Each whole Private Placement Unit consists of one share, one warrant (**each a** " Private Placement Warrant **" and collectively the " Private Placement Warrants** ") and one right to receive one- tenth (1 / 10) of one share of common stock at the closing of a Business Combination. Each whole Private Placement Warrant will be exercisable to purchase one- half of one share of common stock at a price of $ 11. 50 per share. A portion of the proceeds from the Private Placement Units were added to the proceeds from the IPO to be held in the Trust Account. If the Company does not complete a Business Combination within the Combination Period, the proceeds from the sale of the Private Placement Units will be used to fund the redemption of the Public Shares (subject to the requirements of applicable law), and the Private Placement Units and all underlying securities will be worthless. ~~F- 16~~ Note 5 — Related Party Transactions Founder Shares On August 19, 2021, ~~our~~ **the Company' s** sponsor purchased 2, 875, 000 shares (the " Founder Shares ") of the Company' s common stock, par value $ 0. 001, for an aggregate price of $ 25, 000. The Founder Shares are subject to certain transfer restrictions, as described in Note ~~7~~ **8** . The Initial Stockholders have agreed, subject to limited exceptions, that 50 % of these shares will not be transferred, assigned, sold or released from escrow until the earlier of six months after the date of the consummation of the Company' s initial Business Combination and the date on which the closing price of ~~our~~ **the Company' s** common stock equals or exceeds $ 12. 50 per share (as adjusted for stock splits, stock dividends, reorganizations and recapitalizations) for any 20 trading days within any 30- trading day period commencing after ~~our~~ **its** initial ~~business~~ **Business** ~~combination~~ **Combination** and the remaining 50 % of the Founder Shares will not be transferred, assigned, sold or released from escrow until six months after the date of the consummation of ~~our~~ **the Company' s** initial Business Combination, or earlier, in either case, if, subsequent to ~~our~~ **the Company' s** initial Business Combination, ~~we~~ **the Company** ~~complete~~ **completes** a liquidation, merger, stock exchange or other similar transaction which results in all of ~~our~~ **its** stockholders having the right to exchange their shares of common stock for cash, securities or other property. Related Party Loans ~~On October 7, 2021, Lin Ding Jie, a member of the sponsor agreed to loan the Company an aggregate of up to $ 300, 000 to cover expenses related to the IPO pursuant to a promissory note (the " Note "). The Company borrowed $ 70, 000 under the Note, which was repaid at IPO. As of December 31, 2022 and 2021, the Company had no borrowings under the Note.~~ In ~~addition, in~~ order to finance transaction costs in connection with a Business Combination, the **Company' s** sponsor or an affiliate of the sponsor, or certain of the Company' s officers and directors may, but are not obligated to, loan the Company funds as may be required (" Working Capital Loans "). If the Company completes a Business Combination, the Company will repay the Working Capital Loans out of the proceeds of the Trust Account released to the Company. Otherwise, the Working Capital Loans would be repaid only out of funds held outside the Trust Account. In the event that a Business Combination does not close, the Company may use a portion of proceeds held outside the Trust Account to repay the Working Capital Loans, but no proceeds held in the Trust Account would be used to repay the Working Capital Loans. Except for the foregoing, the terms of such Working Capital Loans, if any, have not been determined and no written agreements exist with respect to such loans. The Working Capital Loans would either be repaid upon consummation of a Business Combination, without interest, or, at the lender' s discretion, up to $ 1. 5 million of such Working Capital Loans may be convertible into units of the post Business Combination entity at a price of $ 10. 00 per unit. The units would be identical to the Private Placement Units. As of December 31, **2023 and** 2022 ~~and 2021~~, there were no Working Capital Loans outstanding **. The Company entered into promissory notes with Public Gold Marketing Sdn. Bhd., which is considered a related party due to a familial relationship between the Sponsor and a 95 % shareholder of Public Gold Marketing Sdn. Bhd. The promissory notes bear an interest of 6 % per annum and repayable upon consummation of an initial Business Combination (Note 7)** . Support Services The Company has entered into an administrative services agreement pursuant to which the Company will pay **its** ~~the Company' s~~ sponsor a total of $ 10, 000 per month for office space, administrative and support services. Upon completion of its initial Business Combination or ~~our~~ liquidation, the Company will cease paying these monthly fees. As of December 31, **2023 and** 2022 ~~and 2021~~, **$ 217, 000 and** $ 127, 000 ~~and $ 7, 000~~ respectively, ~~have~~ **had** been accrued under this arrangement and shown under " Due to ~~affiliate~~ **related parties** " in the accompanying consolidated balance sheets. **On September 30, 2023, the Company terminated the administrative services agreement. As a result, the Company will no longer be required to pay the sponsor $ 10, 000 monthly. F- 18 Advances** Note 6 — Commitments and Contingencies The holders of Founder Shares, Private Placement Units and warrants that may be issued upon conversion of Working Capital Loans, if any, will be entitled to registration rights (in the case of the Founder Shares, only after conversion of such shares ~~to~~ **into** shares of common stock) pursuant to a registration rights agreement signed on the date of the prospectus for the IPO. These holders are entitled to certain demand and " piggyback " registration rights. However, the registration rights agreement provides that the Company will not permit any registration statement filed under the Securities Act to become effective until the termination of the applicable lock- up period for the securities to be registered. The Company will bear the expenses incurred in connection with the filing of any such registration statements. ~~F- 17 The Company granted the underwriters a 45- day option from the final prospectus relating to the IPO to purchase up to 1, 500, 000 additional Units to cover over-allotments, if any, at the IPO price less the underwriting discounts. On December 13, 2021, the underwriters fully exercised the option and purchased 1, 500, 000 additional Units.~~ The underwriters were paid a cash underwriting discount of $ 0. 20 per ~~Unit~~ **unit** on the offering including the Units issued with the underwriter' s exercise of their over- allotment option, or $ 2, 300, 000 in the aggregate at the closing of the IPO. In addition, the underwriters are entitled to deferred underwriting discounts of $ 0. 35 per ~~Unit~~ **unit** , or $ 4, 025, 000 from the closing of the IPO and the exercise of the over- allotment option. The deferred discounts will become payable to the underwriters from the amounts held in the Trust Account solely if the Company completes a Business Combination, subject to the terms of the underwriting agreement. **Note 7 — Promissory Notes – Related Party** On ~~August~~ **March** 3, ~~2022, Globalink entered into the Merger Agreement by and among Tomorrow Crypto, Merger Sub, GL the Parent Representative, and the Seller Representative. Pursuant to the terms of the Merger Agreement, a business combination between Globalink and Tomorrow Crypto through the merger of Merger Sub with and into Tomorrow Crypto, with Tomorrow Crypto surviving the Merger as a wholly-owned subsidiary of Globalink. Subject to the terms and conditions set forth therein upon the consummation of the transactions contemplated by the Merger Agreement (the " Closing "), each share of Tomorrow Crypto common stock issued and outstanding immediately prior to the Effective Time (other than treasury shares or dissenting shares) will be converted into the right to receive shares of Globalink common stock. The total consideration to be paid by Globalink to the stockholders of Tomorrow Crypto in the form of Globalink' s common stock at the Closing will be equal to $ 210 million, with an earn- out provision permitting the stockholders of Tomorrow Crypto to receive up to 10 million additional shares as and when the business meets certain incremental milestones for the number of ASIC mining machines successfully installed, commissioned and placed in operation. The Merger Agreement is subject to certain customary closing conditions and contains customary representations, warranties, covenants and indemnity provisions. The respective boards of directors of Globalink and Tomorrow Crypto have (i) approved and declared advisable the Merger Agreement, the Merger and the Transactions and (ii) resolved to recommend approval of the Merger Agreement and related transactions by their respective stockholders. In accordance with the termination provisions under Section 10. 1 of the Merger Agreement, the Merger Agreement was terminated March 8,~~ 2023, the **Company** ~~Merger Agreement Termination Date. In conjunction with the termination of the Merger Agreement, the Additional Agreements (as defined in the Merger Agreement) (including the Support Agreements) have also been terminated in accordance with their respective terms as of March 8, 2023, the Merger Agreement Termination Date. Subscription Agreement In connection with the execution of the Merger Agreement, Globalink entered into subscription agreements (collectively, the " Subscription Agreements ") with certain accredited investors (the " Subscribers ") pursuant to which the Subscribers have agreed to purchase, and Globalink has agreed to sell to the Subscribers, an aggregate of $ 15, 000, 000 shares of Series A Convertible Preferred Stock with an aggregate face value of $ 16, 666, 667 (the " PIPE Preferred Shares "). The PIPE Preferred Shares will have a 10 % monthly compound dividend and a conversion price of $ 10. 00 per share, subject to certain downward adjustments described therein, and will be both redeemable and subject to forced conversion under certain conditions set forth in the Subscription Agreements. In connection with the purchase of the PIPE Preferred~~

~~Shares, Globalink will also issue warrants of Globalink (the “ PIPE Warrants ”, and together with the PIPE Preferred Shares, the “ PIPE Securities ”) to purchase that number of shares of Globalink common stock equal to the number of shares of Globalink common stock into which the PIPE Preferred Shares are convertible based on the Closing date conversion price. The PIPE Warrants will have a term of five years and an exercise price of $ 11. 50, subject to certain downward adjustments as set forth in the Subscription Agreements. Holders of the PIPE Securities will be entitled to certain registration rights. The purpose of the sale of the PIPE Securities is to raise additional capital for use in connection with the Merger and to meet the minimum cash requirements provided in the Merger Agreement. The obligations to consummate the transactions contemplated by the Subscription Agreements are conditioned upon, among other things, customary closing conditions and the consummation of the Transactions. F- 18 Globalink Support Agreement In connection with the execution of the Merger Agreement, certain stockholders of Globalink, Tomorrow Crypto and Globalink~~ entered into a **promissory** ~~support agreement (the “ Globalink Support Agreement ”) pursuant to which the stockholders of Globalink that are parties to the Globalink Support Agreement have agreed to vote~~ **note subscription** ~~all shares of Globalink common stock beneficially owned by them~~ - **term sheet** ~~in favor of the Merger and related transactions. As of December 31, **2023 and** 2022 ~~and 2021~~ , there were 3, 445, 000 (excluding **2, 562, 567 and** 11, 500, 000 shares of common stock subject to possible redemption **, respectively**) shares of common stock issued and outstanding. **Warrants:** As of December 31, **2023 and** 2022 ~~and 2021~~ , the Company had 11, 500, 000 Public Warrants and 570, 000 Private Placement Warrants outstanding. The Public Warrants are accounted for as equity instruments in the Company' s consolidated financial statements. Public Warrants may only be exercised for a whole number of shares. No fractional shares will be issued upon exercise of the Public Warrants. The Public Warrants will become exercisable on the later of the completion of an initial Business Combination and will expire five years after the completion of an initial Business Combination, or earlier upon redemption. No Public Warrants will be exercisable for cash unless the Company has an effective and current registration statement covering the **shares of** common stock issuable upon exercise of the Public Warrants and a current prospectus relating to such **shares of** common stock. Notwithstanding the foregoing, if a registration statement covering the **shares of** common stock issuable upon exercise of the Public Warrants is not effective within a specified period following the consummation of a Business Combination, ~~Warrant~~ **warrant** holders may, until such time as there is an effective registration statement and during any period when the Company shall have failed to maintain an effective registration statement, exercise ~~Warrants~~ **warrants** on a cashless basis pursuant to the exemption provided by Section 3 (a) (9) of the Securities Act, provided that such exemption is available. If that exemption, or another exemption, is not available, holders will not be able to exercise their ~~Warrants~~ **warrants** on a cashless basis. The Public Warrants will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation. ~~F- 19~~ Redemption of warrants when the price per common stock equals or exceeds $ 16. 50 Once the warrants become exercisable, the Company may redeem the outstanding warrants (except as described herein with respect to the private placement warrants): ● in whole and not in part; ● at a price of $ 0. 01 per warrant; ● upon a minimum of 30 days' prior written notice of redemption, which the Company refers to as the “ 30- day redemption period ”; and ● if, and only if, the last reported sale price (the “ closing price ”) of our common stock equals or exceeds $ 16. 50 per share (as adjusted for adjustments to the number of shares issuable upon exercise or the exercise price of a warrant as described under the heading " Description of Securities — Warrants ") for any 20 trading days within a 30- trading day period ending on the third trading day prior to the date on which the Company sends the notice of redemption to the warrant holders. The Company will not redeem the warrants as described above unless an effective registration statement under the Securities Act covering the **shares of** common stock issuable upon exercise of the warrants is effective and a current prospectus relating to those **shares of** common stock is available throughout the 30- day redemption period. If and when the warrants become redeemable by ~~us~~ **the Company** , the Company may exercise ~~our~~ **its** redemption right even if the Company is unable to register or qualify the underlying securities for sale under all applicable state securities laws. If the Company calls the Public Warrants for redemption, management will have the option to require all holders that wish to exercise the Public Warrants to do so on a " cashless basis, " as described in the warrant agreement. **F- 20** The Private **Placement** Warrants **are** ~~will be issued~~ substantially in the same form as the Public Warrants, except they (i) will be exercisable either for cash or on a cashless basis at the holder' s option pursuant and (ii) will not be redeemable by the Company, in either case as long as the Private **Placement** Warrants are held by the initial purchasers or any of their permitted transferees (as prescribed in the Subscription Agreement **, dated December 6, 2021, by and between the Company and Public Gold Marketing Sdn. Bhd**). Once a Private **Placement** Warrant is transferred to a holder other than a permitted transferee, it shall be treated as a Public Warrant for all purposes. Due to these terms the Private Warrants are required to be liability classified. The exercise price and number of **shares of** common stock issuable on exercise of the warrants may be adjusted in certain circumstances **,** including in the event of a share dividend, extraordinary dividend or ~~our~~ recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuances **of shares** of common stock at a price below their respective exercise prices. Additionally, in no event will the Company be required to net cash settle the warrants. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of **the** warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company' s assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless. ~~F- 20~~ In addition, if the Company issues additional **shares of** common stock or equity- linked securities for capital raising purposes in connection with the closing of a Business Combination at an issue price or effective issue price of less than $ 9. 50 per share of common stock (with such issue price or effective issue price to be determined in good faith by the Company' s board of directors, and in the case of any such issuance to the initial stockholders or their affiliates, without taking into account any Founder Shares held by them prior to such issuance), (y) the aggregate gross proceeds from such issuances represent more than 60 % of the total equity proceeds, and interest thereon, available for the funding of a Business Combination on the date of the consummation of a Business Combination (net of redemptions), and (z) the volume weighted average trading price of the Company' s common stock during the 20 trading day period starting on the trading day prior to the day on which the Company consummates Business Combination (such price, the " Market Value ") is below $ 9. 50 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 165 % of the greater of (i) the Market Value or (ii) the price at which the Company issues the additional common stock or equity- linked securities. Except in cases where the Company is not the surviving company in a Business Combination, each holder of a Public Right will automatically receive one-tenth of one share of common stock upon consummation of a Business Combination, even if the holder of a Public Right converted all shares held by him, her or it in connection with a Business Combination or an amendment to the Company' s Amended and Restated Certificate of Incorporation with respect to its pre- business combination activities. In the event that the Company will not be the surviving company upon completion of a Business Combination, each holder of a Public Right will be required to affirmatively convert his, her or its rights in order to receive the one- tenth of a share underlying each Public Right upon consummation of the Business Combination. The Company will not issue fractional shares in connection with an exchange of Public Rights. Fractional shares will either be rounded down to the nearest whole share or otherwise addressed in accordance with the applicable provisions of the Delaware General Corporation Law. As a result, the holders of the Public Rights must hold rights in multiples of 10 in order to receive shares for all of the holders' rights upon closing of a Business Combination. **F- 21** Note ~~8~~ **9** . As of this filing, the Company' s 2021 federal tax return has not been filed, and therefore the net operating loss for 2021 may be subject to change. The federal net operating loss can be carried forward indefinitely.~~ In assessing the realization of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which temporary differences representing net future deductible amounts become deductible. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from independent sources) and to minimize the use of unobservable inputs (internal assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities: ~~F- 22~~ Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis. Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active. Level 3: Unobservable inputs based on ~~our~~ **the Company' s** assessment of the assumptions that market participants would use in pricing the asset or liability. ~~At~~ **As of** December 31, 2022 ~~and 2021~~ , the assets held in the Trust Account were held **in money market funds invested** in U. S. Treasury Securities. All of the Company' s investments held in the Trust Account ~~are~~ **were** classified as trading securities. The following table presents information about the Company' s liabilities that are measured at fair value on a recurring basis ~~at~~ **as of** December 31, **2023 and December 31,** 2022 ~~and 2021~~ and indicates the fair value hierarchy of the valuation inputs the Company utilized to determine such fair value. (k) Not disburse any amounts from the Trust Account in connection with a Business Combination in the event that the amount per share to be received by the redeeming Public Shareholders is less than $ 10. 15 per share (plus the amount per share deposited in the Trust Account pursuant to any Extension Letter). (l) In connection with a Business Combination, before making disbursements to the Depository Trust Company, the Company or any other person, disburse the per share amount to redeeming Public Shareholders (other than shares tendered through the Depository Trust Company) that have tendered their shares directly to the Trustee. 2. Limited Distributions of Income from Trust Account. (a) Upon written request from the Company, which may be given from time to time in a form substantially similar to that attached hereto as Exhibit C, the Trustee shall distribute to the Company the amount of interest income earned on the Trust Account requested by the Company to cover any income or other tax obligations owed by the Company. (b) The limited distributions referred to in Section 2 (a) above shall be made only from income collected on the Property. Except as provided in Section 2 (a), no other distributions from the Trust Account shall be permitted except in accordance with Section 1 (i) hereof. (c) The Company shall provide the Representative with a copy of any Termination Letters and / or any other correspondence that it issues to the Trustee with respect to any proposed withdrawal from the Trust Account promptly after such issuance. (d) If applicable, the Company shall issue a press release at least three days prior to the Applicable Deadline announcing that, at least five days prior to the Applicable Deadline, the Company received notice from the Company' s sponsor or its affiliates or designees that the sponsor or its affiliates or designees intend to extend the Applicable Deadline. (e) Promptly following the Applicable Deadline, disclose whether or not the term the Company has to consummate a Business Combination has been extended. 3. Agreements and Covenants of the Company. The Company hereby agrees and covenants to: (a) Give all instructions to the Trustee hereunder in writing, signed by the Company' s Chairman of the Board, Chief Executive Officer or Chief Financial Officer. In addition, except with respect to its duties under paragraphs 1 (i) and 2 (a) above, the Trustee shall be entitled to rely on, and shall be protected in relying on, any verbal or telephonic advice or instruction which it in good faith believes to be given by any one of the persons authorized above to give written instructions, provided that the Company shall promptly confirm such instructions in writing. (b) Subject to the provisions of Sections 5 and 7 (h) of this Agreement, hold the Trustee harmless and indemnify the Trustee from and against, any and all expenses, including reasonable counsel fees and disbursements, or loss suffered by the Trustee in connection with any claim, potential claim, action, suit or other proceeding brought against the Trustee involving any claim, or in connection with any claim or demand which in any way arises out of or relates to this

Agreement, the services of the Trustee hereunder, or the Property or any income earned from investment of the Property, except for expenses and losses resulting from the Trustee' s gross negligence or willful misconduct. Promptly after the receipt by the Trustee of notice of demand or claim or the commencement of any action, suit or proceeding, pursuant to which the Trustee intends to seek indemnification under this paragraph, it shall notify the Company in writing of such claim (hereinafter referred to as the " Indemnified Claim "); provided, however, that the Trustee' s failure to provide such notice shall not relieve the Company of its liability hereunder, except to the extent that it is materially prejudiced by such failure. The Trustee shall have the right to conduct and manage the defense against such Indemnified Claim, provided, that the Trustee shall obtain the consent of the Company with respect to the selection of counsel, which consent shall not be unreasonably withheld. The Trustee may not agree to settle any Indemnified Claim without the prior written consent of the Company, which consent shall not be unreasonably withheld or delayed. The Company may participate in such action with its own counsel. (c) Pay the Trustee an initial acceptance fee, an annual fee and a transaction processing fee for each disbursement made pursuant to Section 2 (a) as set forth on Schedule A hereto, which fees shall be subject to modification by the parties from time to time. It is expressly understood that the Property shall not be used to pay such fees and further agreed that any fees owed to the Trustee shall be deducted by the Trustee from the disbursements made to the Company pursuant to Sections 1 (i) solely in connection with the consummation of the Company' s initial acquisition, share exchange, share reconstruction and amalgamation, purchase of all or substantially all of the assets of, or any other similar business combination with, one or more businesses or entities (a " Business Combination "). The Company shall pay the Trustee the initial acceptance fee and first year' s fee at the consummation of the IPO and thereafter on the anniversary of the Effective Date. Except as set forth in this Section 3 (c) and Section 3 (b) hereof, the Company shall not be responsible for any other fees or charges of the Trustee. (d) In connection with any vote of the Company' s shareholders regarding a Business Combination, provide to the Trustee an affidavit or certificate of a firm regularly engaged in the business of soliciting proxies and / or tabulating shareholder votes verifying the vote of the Company' s shareholders regarding such Business Combination. (e) In the event that the Company directs the Trustee to commence liquidation of the Trust Account pursuant to Section 1 (i), the Company agrees that it will not direct the Trustee to make any payments that are not specifically authorized by this Agreement. 4. Limitations of Liability. The Trustee shall have no responsibility or liability to: (a) Take any action with respect to the Property, other than as directed in paragraphs 1 and 2 hereof and the Trustee shall have no liability to any party except for liability arising out of its own gross negligence or willful misconduct; (b) Institute any proceeding for the collection of any principal and income arising from, or institute, appear in or defend any proceeding of any kind with respect to, any of the Property unless and until it shall have received instructions from the Company given as provided herein to do so and the Company shall have advanced or guaranteed to it funds sufficient to pay any expenses incident thereto; (c) Change the investment of any Property, other than in compliance with paragraph 1 (c); (d) Refund any depreciation in principal of any Property; (e) Assume that the authority of any person designated by the Company to give instructions hereunder shall not be continuing unless provided otherwise in such designation, or unless the Company shall have delivered a written revocation of such authority to the Trustee; (f) The other parties hereto or to anyone else for any action taken or omitted by it, or any action suffered by it to be taken or omitted, in good faith and in the exercise of its own best judgment, except for its gross negligence or willful misconduct. The Trustee may rely conclusively and shall be protected in acting upon any order, notice, demand, certificate, opinion or advice of counsel (including counsel chosen by the Trustee), statement, instrument, report or other paper or document (not only as to its due execution and the validity and effectiveness of its provisions, but also as to the truth and acceptability of any information therein contained) which is believed by the Trustee, in good faith, to be genuine and to be signed or presented by the proper person or persons. The Trustee shall not be bound by any notice or demand, or any waiver, modification, termination or rescission of this Agreement or any of the terms hereof, unless evidenced by a written instrument delivered to the Trustee signed by the proper party or parties and, if the duties or rights of the Trustee are affected, unless it shall give its prior written consent thereto; (g) Verify the correctness of the information set forth in the Registration Statement or to confirm or assure that any acquisition made by the Company or any other action taken by it is as contemplated by the Registration Statement; (h) File local, state and / or federal tax returns or information returns with any taxing authority on behalf of the Trust Account and payee statements with the Company documenting the taxes, if any, payable by the Company or the Trust Account, relating to the income earned on the Property; (i) Pay any taxes on behalf of the Trust Account (it being expressly understood that the Property shall not be used to pay any such taxes and that such taxes, if any, shall be paid by the Company from funds not held in the Trust Account or released to it under Section 2 (a) hereof); (j) Imply obligations, perform duties, inquire or otherwise be subject to the provisions of any agreement or document other than this Agreement and that which is expressly set forth herein; and (k) Verify calculations, qualify or otherwise approve Company requests for distributions pursuant to Section 1 (i) or 2 (a) above. 5. Trust Account Waiver. The Trustee has no right of set- off or any right, title, interest or claim of any kind (" Claim ") to, or to any monies in, the Trust Account, and hereby irrevocably waives any Claim to, or to any monies in, the Trust Account that it may have now or in the future. In the event the Trustee has any Claim against the Company under this Agreement, including, without limitation, under Section 3 (b) or Section 3 (c) hereof, the Trustee shall pursue such Claim solely against the Company and its assets outside the Trust Account and not against the Property or any monies in the Trust Account. 6. Termination. This Agreement shall terminate as follows: (a) If the Trustee gives written notice to the Company that it desires to resign under this Agreement, the Company shall use its reasonable efforts to locate a successor trustee during which time the Trustee shall act in accordance with this Agreement. At such time that the Company notifies the Trustee that a successor trustee has been appointed by the Company and has agreed to become subject to the terms of this Agreement, the Trustee shall transfer the management of the Trust Account to the successor trustee, including but not limited to the transfer of copies of the reports and statements relating to the Trust Account, whereupon this Agreement shall terminate; provided, however, that, in the event that the Company does not locate a successor trustee within 90 days of receipt of the resignation notice from the Trustee, the Trustee may submit an application to have the Property deposited with any court in the State of New York or with the United States District Court for the Southern District of New York and upon such deposit, the Trustee shall be immune from any liability whatsoever; or (b) At such time that the Trustee has completed the liquidation of the Trust Account in accordance with the provisions of paragraph 1 (i) hereof, and distributed the Property in accordance with the provisions of the Termination Letter, this Agreement shall terminate except with respect to Paragraph 3 (b). 7. Miscellaneous. (a) The Company and the Trustee each acknowledge that the Trustee will follow the security procedures set forth below with respect to funds transferred from the Trust Account. The Company and the Trustee will each restrict access to confidential information relating to such security procedures to authorized persons. Each party must notify the other party immediately if it has reason to believe unauthorized persons may have obtained access to such information, or of any change in its authorized personnel. In executing funds transfers, the Trustee will rely upon all information supplied to it by the Company, including account names, account numbers and all other identifying information relating to a beneficiary, beneficiary' s bank or intermediary bank. The Trustee shall not be liable for any loss, liability or expense resulting from any error in the information or transmission of the wire. (b) This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of New York, without giving effect to conflicts of law principles that would result in the application of the substantive laws of another jurisdiction. It may be executed in several original or facsimile counterparts, each one of which shall constitute an original, and together shall constitute but one instrument. (c) This Agreement contains the entire agreement and understanding of the parties hereto with respect to the subject matter hereof. Except for Sections 1 (i), 1 (k), 1 (l), 7 (c) and 7 (h) (which may only be amended with the approval of the holders of at least a majority of the outstanding shares of Common Stock), this Agreement or any provision hereof may only be changed, amended or modified by a writing signed by each of the parties hereto; provided, however, that no such change, amendment or modification may be made without the prior written consent of the Representative. As to any claim, cross- claim or counterclaim in any way relating to this Agreement, each party waives the right to trial by jury. The Trustee may require from Company counsel an opinion as to the propriety of any proposed amendment. (d) The parties hereto consent to the jurisdiction and venue of any state or federal court located in the City of New York, Borough of Manhattan, for purposes of resolving any disputes hereunder. (e) Any notice, consent or request to be given in connection with any of the terms or provisions of this Agreement shall be in writing and shall be sent by express mail or similar private courier service, by certified mail (return receipt requested), by hand delivery or by e- mail transmission: if to the Trustee, to: New York, New York 10004 Attention: Francis Wolf and Celeste Gonzalez E- mail: fwolf @ continentalstock. com; cgonzalez @ continentalstock. com if to the Company, to: Avenue of the Americas, 8 Floor New York, NY 10036 Attn: Say Leong Lim, Chief Executive Officer E- mail: limsayleong @ hotmail. com in either case with a copy (which copy shall not constitute notice) to: Chardan Capital Markets, LLC State Street, 21st Floor New York, NY 10004 Attn: George Santana E- mail: GSantana @ chardan. com and: Hunter Taubman Fischer & Li LLC Third Avenue, Suite 2800 New York, NY 10022 Attn: Ying Li, Esq., Guillaume de Sampigny, Esq. To the extent that any notice given by means of electronic transmission is returned or undeliverable for any reason, the foregoing consent shall be deemed to have been revoked until a new or corrected e- mail address has been provided, and such attempted electronic notice shall be ineffective and deemed to not have been given. Each party agrees to promptly notify the other parties of any change in its e- mail address, and that failure to do so shall not affect the foregoing. (g) Each of the Trustee and the Company hereby represents that it has the full right and power and has been duly authorized to enter into this Agreement and to perform its respective obligations as contemplated hereunder. The Trustee acknowledges and agrees that it shall not make any claims or proceed against the Trust Account, including by way of set- off, and shall not be entitled to any funds in the Trust Account under any circumstance. (h) This Agreement is the joint product of the Company and the Trustee and each provision hereof has been subject to the mutual consultation, negotiation and agreement of such parties and shall not be construed for or against any party hereto. (i) This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all such counterparts shall together constitute one and the same instrument. Delivery of a signed counterpart of this Agreement by facsimile or electronic transmission shall constitute valid and sufficient delivery thereof. (j) Each of the Company and the Trustee hereby acknowledge that the Representative is a third party beneficiary of this Agreement. Securities and Exchange Commission (the " Report "), I, Kelvin **(Zeng Yenn)** Chin, Chief Financial Officer of the Company, certify, pursuant to 18 U. S. C. § 1350, as added by § 906 of the Sarbanes- Oxley Act of 2002, that: **Exhibit 97. 1 GLOBALINK INVESTMENT INC. COMPENSATION RECOVERY POLICY Effective November 29, 2023 In accordance with Section 10D of the Securities Exchange Act of 1934, as amended (the " Exchange Act "), Exchange Act Rule 10D- 1, and the listing standards of the national securities exchange (the " Exchange ") on which the securities of Globalink Investment Inc. (the " Company ") are listed, the Company' s Board of Directors (the " Board ") has adopted this Compensation Recovery Policy (the " Policy "). Capitalized terms used in the Policy are defined in Section I below. The application of the Policy to Executive Officers is not discretionary, except to the limited extent provided in Section G below, and applies without regard to whether an Executive Officer was at fault. A. Persons Covered by the PolicyThe Policy is binding and enforceable against all Executive Officers. Each Executive Officer will be required to sign and return to the Company an acknowledgement that such Executive Officer will be bound by the terms and comply with the Policy. The failure to obtain such acknowledgement will have no impact on the applicability or enforceability of the Policy. B. Administration of the PolicyThe Compensation Committee of the Board (the " Committee ") has full- delegated authority to administer the Policy. The Committee is authorized to interpret and construe the Policy and to make all determinations necessary, appropriate, or advisable for the administration of the Policy. In addition, if determined in the discretion of the Board, the Policy may be administered by the independent members of the Board or another committee of the Board made up of independent members of the Board, in which case all references to the Committee will be deemed to refer to such independent members of the Board or such other Board committee. All determinations of the Committee will be final and binding and will be given the maximum deference permitted by law. C. Accounting Restatements Requiring Application of the PolicyIf the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the securities laws, including any required accounting restatement to correct an error in previously issued financial statements that is material to the previously issued financial statements, or that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period (an " Accounting Restatement "), then the Committee must determine the excess compensation, if any, that must be recovered (the " Excess Compensation "). The Company' s obligation to recover Excess Compensation is not dependent on if or when the restated financial statements are filed. D. Compensation Covered by the PolicyThe Policy applies to all Incentive- Based Compensation Received by an Executive Officer: (a) after beginning service as an Executive Officer; (b) who served as an Executive Officer at any time during the performance period for that Incentive- Based Compensation; (c) while the Company has a class of securities listed on the Exchange; (d) during the three completed fiscal years immediately preceding the Accounting Restatement Determination Date. In addition to these last three completed fiscal years, the Policy must apply to any transition period (that results from a change in the Company' s fiscal year) within or immediately following those three completed fiscal years. However, a transition period between the last day of the Company' s previous fiscal year end and the first day of the Company' s new fiscal year that comprises a period of nine to 12 months would be deemed a completed fiscal year; and (e) on or after October 2, 2023. E. Excess Compensation Subject to Recovery of the PolicyExcess Compensation is the amount of Incentive- Based Compensation Received that exceeds the amount of Incentive- Based Compensation that otherwise would have been Received had such Incentive- Based Compensation been determined based on the restated amounts (this is referred to in the listings standards as " erroneously awarded incentive- based compensation ") and must be computed without regard to any taxes paid. To determine the amount of Excess Compensation for Incentive- Based Compensation based on stock price or total shareholder return, where it is not subject to mathematical recalculation directly from the information in an Accounting Restatement, the amount must be based on a reasonable estimate of the effect of the Accounting Restatement on the stock price or total shareholder return upon which the Incentive- Based Compensation was Received and the Company must maintain documentation of the determination of that reasonable estimate and provide the documentation to the Exchange. F. Repayment of Excess CompensationThe Company must recover Excess Compensation reasonably promptly and Executive Officers are required to repay Excess Compensation to the Company. Subject to applicable law, the Company may recover Excess Compensation by requiring the Executive Officer to repay such amount to the Company by direct payment to the Company or such other means or combination of means as the Committee determines to be appropriate (these determinations do not need to be identical as to each Executive Officer). These means may include: (a) requiring reimbursement of cash Incentive- Based Compensation previously paid; (b) seeking recovery of any gain realized on the vesting, exercise, settlement, sale, transfer, or other disposition of any equity- based awards; (c) offsetting the amount to be recovered from any unpaid or future compensation to be paid by the Company**

or any affiliate of the Company to the Executive Officer; (d) cancelling outstanding vested or unvested equity awards; and / or (e) taking any other remedial and recovery action permitted by law, as determined by the Committee. The repayment of Excess Compensation must be made by an Executive Officer notwithstanding any Executive Officer' s belief (whether or not legitimate) that the Excess Compensation had been previously earned under applicable law and therefore is not subject to recovery. In addition to its rights to recovery under the Policy, the Company or any affiliate of the Company may take any legal actions it determines appropriate to enforce an Executive Officer' s obligations to the Company or its affiliate or to discipline an Executive Officer, including (without limitation) termination of employment, institution of civil proceedings, reporting of misconduct to appropriate governmental authorities, reduction of future compensation opportunities, or change in role. The decision to take any actions described in the preceding sentence will not be subject to the approval of the Committee and can be made by the Board, any committee of the Board, or any duly authorized officer of the Company or of any applicable affiliate of the Company. G. Limited Exceptions to the PolicyThe Company must recover Excess Compensation in accordance with the Policy except to the limited extent that any of the conditions set forth below are met, and the Committee determines that recovery of the Excess Compensation would be impracticable: (a) The direct expense paid to a third party to assist in enforcing the Policy would exceed the amount to be recovered. Before reaching this conclusion, the Company must make a reasonable attempt to recover the Excess Compensation, document the reasonable attempt (s) taken to so recover, and provide that documentation to the Exchange; (b) Recovery would violate home country law where that law was adopted prior to November 28, 2022. Before reaching this conclusion, the Company must obtain an opinion of home country counsel, acceptable to the Exchange, that recovery would result in such a violation, and must provide such opinion to the Exchange; or (c) Recovery would likely cause an otherwise tax- qualified retirement plan, under which benefits are broadly available to employees of the Company, to fail to meet the legal requirements as such. H. Other Important Information in the PolicyNotwithstanding the terms of any of the Company' s organizational documents (including, but not limited to, the Company' s bylaws), any corporate policy or any contract (including, but not limited to, any indemnification agreement), neither the Company nor any affiliate of the Company will indemnify or provide advancement for any Executive Officer against any loss of Excess Compensation, or any claims relating to the Company' s enforcement of its rights under the Policy. Neither the Company nor any affiliate of the Company will pay for or reimburse insurance premiums for an insurance policy that covers potential recovery obligations. In the event that pursuant to the Policy the Company is required to recover Excess Compensation from an Executive Officer who is no longer an employee, the Company will be entitled to seek recovery in order to comply with applicable law, regardless of the terms of any release of claims or separation agreement such individual may have signed. Neither the Company nor any affiliate of the Company will enter into any agreement that exempts any Incentive- Based Compensation that is granted, paid, or awarded to an Executive Officer from the application of the Policy or that waives the Company' s right to recovery of any Excess Compensation, and the Policy shall supersede any such agreement (whether entered into before, on, or after the adoption of the Policy). The Committee or Board may review and modify the Policy from time to time. If any provision of the Policy or the application of any such provision to any Executive Officer is adjudicated to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability will not affect any other provisions of the Policy or the application of such provision to another Executive Officer, and the invalid, illegal or unenforceable provisions will be deemed amended to the minimum extent necessary to render any such provision or application enforceable. The Policy will terminate and no longer be enforceable when the Company ceases to be a listed issuer within the meaning of Section 10D of the Exchange Act. I. Definitions " Accounting Restatement Determination Date " means the earlier to occur of: (a) the date the Board, a committee of the Board, or one or more of the officers of the Company authorized to take such action if Board action is not required, concludes, or reasonably should have concluded, that the Company is required to prepare an Accounting Restatement; and (b) the date a court, regulator, or other legally authorized body directs the Company to prepare an Accounting Restatement. " Executive Officer " means each individual who is or was ever designated as an " officer " by the Board in accordance with Exchange Act Rule 16a- 1 (f). " Financial Reporting Measures " means measures that are determined and presented in accordance with the accounting principles used in preparing the Company' s financial statements, and any measures that are derived wholly or in part from such measures. Stock price and total shareholder return are also Financial Reporting Measures. A Financial Reporting Measure need not be presented within the financial statements or included in a filing with the Securities and Exchange Commission. " Incentive- Based Compensation " means any compensation that is granted, earned, or vested based wholly or in part upon the attainment of a Financial Reporting Measure (for the avoidance of doubt, no compensation that is potentially subject to recovery under the Policy will be earned until the Company' s right to recover under the Policy has lapsed) and excludes the following: salaries, bonuses paid solely at the discretion of the Committee or Board that are not paid from a bonus pool that is determined by satisfying a Financial Reporting Measure, bonuses paid solely upon satisfying one or more subjective standards and / or completion of a specified employment period, non- equity incentive plan awards earned solely upon satisfying one or more strategic measures or operational measures, and equity awards for which the grant is not contingent upon achieving any Financial Reporting Measure performance goal and vesting is contingent solely upon completion of a specified employment period (e. g., time- based vesting equity awards) and / or attaining one or more non- Financial Reporting Measures. " Received " means, with respect to any Incentive- based Compensation, actual or deemed receipt, and Incentive- Based Compensation is " Received " under the Policy in the Company' s fiscal period during which the Financial Reporting Measure specified in the Incentive- Based Compensation award is attained, even if the payment or grant of the Incentive- Based Compensation occurs after the end of that period. For the avoidance of doubt, the Policy does not apply to Incentive- Based Compensation for which the Financial Reporting Measure is attained prior to October 2, 2023. ACKNOWLEDGEMENT I acknowledge that I have received and read the Compensation Recovery Policy (the " Policy ") of Globalink Investment Inc. (the " Company "). I understand and acknowledge that the Policy applies to me, and all of my beneficiaries, heirs, executors, administrators, or other legal representatives and that the Company' s right to recovery in order to comply with applicable law will apply,

regardless of the terms of any release of claims or separation agreement I have signed or will sign in the future. I agree to be bound by and to comply with the Policy and understand that determinations of the Committee (as such term is used in the Policy) will be final and binding and will be given the maximum deference permitted by law. I understand and agree that my current indemnification rights, whether in an individual agreement or the Company' s organizational documents, exclude the right to be indemnified for amounts required to be recovered under the Policy. I understand that my failure to comply in all respects with the Policy is a basis for termination of my employment with the Company and any affiliate of the Company, as well as any other appropriate discipline. I understand that neither the Policy, nor the application of the Policy to me, gives rise to a resignation for good reason (or similar concept) by me under any applicable employment agreement or arrangement. I acknowledge that if I have questions concerning the meaning or application of the Policy, it is my responsibility to seek guidance from the Company' s legal department or my own personal advisers. I acknowledge that neither this Acknowledgement nor the Policy is meant to constitute an employment contract. (the “ Company ”) was incorporated in Delaware on March 24, 2021. The Company is a blank check company formed for the purpose of entering into a merger, share exchange, asset acquisition, stock purchase, recapitalization, reorganization or other similar business combination with one or more businesses or entities (the “ Business Combination ”). On July 27, 2022, Globalink Merger Sub, Inc., a Nevada corporation and a wholly- owned subsidiary of Globalink, was formed. The Company is not limited to a particular industry or geographic region for purposes of consummating a Business Combination. The Company is an early stage and emerging growth company and, as such, the Company is subject to all of the risks associated with early stage and emerging growth companies. As of December 31, ~~2022~~ **2023** , the Company had not commenced any operations. All activity through December 31, ~~2022~~ **2023** ~~,~~ relates to the Company’ s formation and Initial Public Offering (“ IPO ”), which is described below and, since the offering, the search for a prospective initial Business Combination. The Company will not generate any operating revenues until after the completion of its initial Business Combination, at the earliest. The Company ~~will generate~~ **generates** non- operating income in the form of interest income earned on investments from the proceeds derived from the IPO. The registration statement for the Company’ s IPO was declared effective on December 6, 2021. On December 9, 2021, the Company consummated the IPO of 10, 000, 000 units (“ Units ”) at $ 10. 00 per Unit generating gross proceeds of $ 100, 000, 000, which is discussed in Note 3. The Company has selected December 31 as its fiscal year end. Simultaneously with the closing of the IPO, the Company consummated the sale of 517, 500 units (“ Private Placement Units ”) at a price of $ 10. 00 per Private Placement Unit in a private placement to Public Gold Marketing Sdn. Bhd, a Malaysian private limited company, **a related party** ~~an entity not affiliated with the Company~~ , the sponsor or the underwriters, generating gross proceeds of $ 5, 175, 000, which is described in Note 4. Additionally with the closing of the IPO, the Company granted the underwriters a 45- day option to purchase up to 1, 500, 000 Units to cover over- allotment. On December 13, 2021, the underwriters fully exercised the option and purchased 1, 500, 000 additional Units (the “ Over- allotment Units ”), generating additional gross proceeds of $ 15, 000, 000. Simultaneously with the exercise of the over- allotment, the Company consummated a private sale of an additional 52, 500 Private Placement Units **to Public Gold Marketing Sdn. Bhd** at a price of $ 10. 00 per Private Placement Unit, generating additional gross proceeds of $ 525, 000. Since the underwriters’ over- allotment was exercised in full, the sponsor did not forfeit any Founder Shares (as defined in Note 5). Offering costs for the IPO and the exercise of the underwriters’ over- allotment option amounted to $ 6, 887, 896, consisting of $ 2, 300, 000 of underwriting fees, $ 4, 025, 000 of deferred underwriting fees payable (which are held in the Trust Account (defined below)) and $ 562, 896 of other costs. As described in Note 6, the $ 4, 025, 000 of deferred underwriting fee payable is contingent upon the consummation of a Business Combination, subject to the terms of the underwriting agreement. Following the closing of the IPO, $ 116, 725, 000 ($ 10. 15 per Unit) from the net proceeds of the sale of the Units in the IPO and the Private Placement Units was placed in a trust account (“ Trust Account ”) and **was** ~~has been~~ invested in U. S. government securities, within the meaning set forth in Section 2 (a) (16) of the Investment Company Act of 1940, as amended (the “ Investment Company Act ”), with a maturity of 180 days or less or in any open- ended investment company that holds itself out as a money market fund selected by the Company meeting the conditions of paragraphs (d) (2), (d) (3) and (d) (4) of Rule 2a- 7 of the Investment Company Act ~~,~~ **. To mitigate the risk of being deemed to have been operating** as ~~determined by~~ **an unregistered investment company (including under** the **subjective test of Section 3 (a) (1) (A) of the Investment** Company **Act)** , **on August 9, 2023, the Company instructed Continental Stock Transfer & Trust Company, the trustee of the Trust Account (the “ Trustee ” or “ Continental ”), to liquidate the U. S. government securities or money market funds held in the Trust Account and thereafter to hold all funds in the Trust Account in cash (which may include demand deposit accounts)** until the earlier of **consummation** ~~: (i) the completion~~ of ~~a~~ **our** Business Combination ~~and (ii) the distribution of the Trust~~ **or liquidation. Furthermore, such cash is held in bank** ~~Account~~ **accounts** , **which exceed federally insured limits** as ~~described below~~ **guaranteed by the Federal Deposit Insurance Corporation (the “ FDIC ”)** . The Company’ s management has broad discretion with respect to the specific application of the net proceeds of the **IPO** ~~Initial Public Offering~~ and the sale of the Private Placement Units, although substantially all of the net proceeds are intended to be applied generally toward consummating a Business Combination. There is no assurance that the Company will be able to complete a Business Combination successfully. The Company must complete one or more initial Business Combinations having an aggregate fair market value of at least 80 % of the assets held in the Trust Account excluding the deferred underwriting discounts and taxes payable on income earned on the Trust Account at the time of the agreement to enter into the initial Business Combination. However, the Company will only complete a Business Combination if the post- transaction company owns or acquires 50 % or more of the outstanding voting securities of the target or otherwise acquires a controlling interest in the target sufficient for it not to be required to register as an investment company under the Investment Company Act. There is no assurance the Company will be able to successfully effect a Business Combination. The Company will provide the holders (the “ Public Stockholders ”) of the outstanding shares of common stock included in the Units, or the Public Shares with the opportunity to redeem all or a portion of their Public Shares upon the completion of a Business Combination either (i) in connection with a stockholder meeting called to approve the Business Combination or (ii) by means of a tender offer. The decision as to whether the Company will seek stockholder approval of a Business Combination or conduct a tender offer will be made by the Company. The Public Stockholders will be entitled to redeem their Public Shares for a pro rata portion of the amount then in the Trust Account (initially anticipated to be $ 10. 15 per Public Share, plus any pro rata interest then in the Trust Account, net of taxes payable). There will be no redemption rights with respect to the Company’ s warrants. All of the Public Shares contain a redemption feature, which allows for the redemption of such Public Shares in connection with the Company’ s liquidation, if there is a stockholder vote or tender offer in connection with the Company’ s Business Combination and in connection with certain amendments to the Company’ s amended and restated certificate of incorporation. In accordance with Financial Accounting Standards Board (“ FASB ”) Accounting Standards Codification (“ ASC ”) 480- 10- S99, redemption provisions not solely within the control of a company require the Public Shares subject to redemption to be classified outside of permanent equity. Given that the Public Shares will be issued with other freestanding instruments (i. e., public warrants and rights), the initial carrying value of common stock classified as temporary equity will be the allocated proceeds determined in accordance with ASC 470- 20. The Public Shares are subject to ASC 480- 10- S99. If it is probable that the equity instrument will become redeemable, the Company has the option to either (i) accrete changes in the redemption value over the period from the date of issuance (or from the date that it becomes probable that the instrument will become redeemable, if later) to the earliest redemption date of the instrument or (ii) recognize changes in the redemption value immediately as they occur and adjust the carrying amount of the instrument to equal the redemption value at the end of each reporting period. The Company has elected to recognize the changes immediately. While redemptions cannot cause the Company’ s net tangible assets to fall below $ 5, 000, 001, the Public Shares are redeemable and are classified as such on the consolidated balance sheets until such date that a redemption event takes place. Redemptions of the Company’ s Public Shares may be subject to the satisfaction of conditions, including minimum cash conditions, pursuant to an agreement relating to the Company’ s Business Combination. If the Company seeks stockholder approval of the Business Combination, the Company will proceed with a Business Combination if a majority of the shares voted are voted in favor of the Business Combination, or such other vote as required by law or stock exchange rule. If a stockholder vote is not required by applicable law or stock exchange listing requirements and the Company does not decide to hold a stockholder vote for business or other reasons, the Company will, pursuant to its Certificate of Incorporation, conduct the redemptions pursuant to the tender offer rules of the U. S. Securities and Exchange Commission (“ SEC ”) and file tender offer documents with the SEC prior to completing a Business Combination. If, however, stockholder approval of the transaction is required by applicable law or stock exchange listing requirements, or the Company decides to obtain stockholder approval for business or other reasons, the Company will offer to redeem shares in conjunction with a proxy solicitation pursuant to the proxy rules and not pursuant to the tender offer rules. If the Company seeks stockholder approval in connection with a Business Combination, the sponsor has agreed to vote its Founder Shares (as defined in Note 5) and any Public Shares purchased during or after the IPO in favor of approving a Business Combination. Additionally, each Public Stockholder may elect to redeem their Public Shares without voting, and if they do vote, irrespective of whether they vote for or against the proposed transaction. Notwithstanding the foregoing, the amended and restated certificate of incorporation of the Company (the “ Certificate of Incorporation ”) provides that a Public Stockholder, together with any affiliate of such stockholder or any other person with whom such stockholder is acting in concert or as a “ group ” (as defined under Section 13 of the Securities Exchange Act of 1934, as amended (the “ Exchange Act ”)), will be restricted from redeeming its shares with respect to more than an aggregate of 15 % or more of the **shares of** common stock sold in the **IPO** ~~Initial Public Offering~~ , without the prior consent of the Company. The Company’ s sponsor, officers and directors (the “ Initial Stockholders ”) have agreed not to propose an amendment to the Certificate of Incorporation that would affect the substance or timing of the Company' s obligation to redeem 100 % of its Public Shares if the Company does not complete a Business Combination, unless the Company provides the Public Stockholders with the opportunity to redeem their shares of common stock in conjunction with any such amendment. The Company **originally** had until March 9, 2023, 15 months from the closing of the IPO to complete a Business Combination. On March 6, 2023, the Company held a special meeting (the " **March 2023** Special Meeting "), during which the stockholders of the Company approved a proposal to amend the Company' s amended and restated certified articles of incorporation which included extending the time in which the Company must complete a Business Combination (the " Extension Amendment Proposal ") and a proposal to amend the Company' s investment management trust agreement, dated as of December 6, 2021 (the " Trust Agreement "), by and between the Company and Continental ~~Stock Transfer & Trust Company, as trustee (" Continental ")~~ (the " Trust Amendment Proposal "). The Company will have the option of two (2) three- months extensions, followed by three (3) one- month extensions, or until December 9, 2023, if all extensions are exercised. The Company ~~has~~ exercised the option for ~~a~~ **two** three- month ~~extension~~ **extensions** and as a result the Company has deposited **a total of $ 780, 000, or** $ 390, 000 **for each three- month extension,** into the Trust Account and ~~now~~ **had until September 9, 2023 to complete its Business Combination, which was funded by a promissory note with Public Gold Marketing Sdn. Bhd. which** has ~~until June~~ **a current balance of $ 1, 757, 255. On September 9, 2023, October 4, 2023, and October 31, 2023, the Company deposited $ 130, 000 each time into the Trust Account, representing $ 0. 0275 per public share, which further extended the period of time it has to consummate its initial business combination to December** 9, 2023 (" Combination Period ") ~~to complete its Business Combination or exercise~~ **. The September 9, 2023, October 9, 2023 and November 1, 2023 payments were funded by the advance of $ 390, 000 provided by** an ~~additional~~ **affiliate of GL Sponsor, LLC, the Company' s sponsor (the " sponsor "). The Company has exhausted the five** ~~extension~~ **extensions permitted under the Amended and Restated Certificate of Incorporation of the Company, as first amended** . If the Company does not complete its Business Combination or exercise an additional extension, the Company will (i) cease all operations except for the purpose of winding up, (ii) as promptly as reasonably possible but not more than ten business days thereafter, redeem the Public Shares, at a per- share price, payable in cash, equal to the aggregate amount then on deposit in the Trust Account including interest earned on the funds held in the Trust Account and not previously released to us to pay the Company' s franchise and income taxes (less up to $ 100, 000 of interest to pay dissolution expenses), divided by the number of then outstanding Public Shares, which redemption will completely extinguish the Public Stockholders' rights as stockholders (including the right to receive further liquidating distributions, if any), subject to applicable law, and (iii) as promptly as reasonably possible following such redemption, subject to the approval of the Company' s remaining stockholders and the Company' s board of directors, dissolve and liquidate, subject in each case to the Company' s obligations under Delaware law to provide for claims of creditors and the requirements of other applicable law. **Through a total of five elections from March 2023 to December 2023, Globalink elected to extend the Termination Date to December 9, 2023 and deposited an aggregate of US $ 1. 17 million into the trust account for its public stockholders. Globalink elected all of the five extensions permitted under the amended and restated certificate of incorporation of the Company, as first amended. On March 6, 2023, in connection with the approval of the proposals presented at the March 2023 Special Meeting which extended the time in which the Company must complete a Business Combination, holders of 6, 756, 695 of the Company' s shares of common stock exercised their right to redeem those shares for cash at an approximate price of $ 10. 35 per share, for an aggregate of approximately $ 69. 92 million. On October 16, 2023, the Company received a written notice (the " Notice ") from the Nasdaq Listing Qualifications Department of The Nasdaq Stock Market (" Nasdaq ") indicating that the Company was not in compliance with Nasdaq Listing Rule 5450 (a) (2), which requires the Company to maintain at least 400 total holders for continued listing on the Nasdaq Global Market (the " Minimum Total Holders Rule "). The Notice is only a notification of deficiency, not of imminent delisting, and has no current effect on the listing or trading of the Company' s securities on the Nasdaq Global Market. The Notice states that the Company has 45 calendar days, or until November 30, 2023, to submit a plan to regain compliance with the Minimum Total Holders Rule. On January 29, 2024, the Company submitted an application to phase- down from The Nasdaq Global Market to The Nasdaq Capital Market. On March 6, 2024, the Company received a letter from the Nasdaq Listing Qualifications staff granting the Company' s request for transfer to The Nasdaq Capital Market. The Company' s securities will be transferred to The Nasdaq Capital Market at the opening of business on March 12, 2024. In connection with the approval of the phase- down application, the staff indicated that the Company' s deficiency with the Minimum Total Holders Rule was cured and the matter is closed. On November 28, 2023, the Company held a special meeting of its stockholders (the " November 2023 Special Meeting "). At the November 2023 Special Meeting, the Company' s stockholders 1) approved an amendment of the Company' s amended and restated certificate of incorporation (the " Charter Amendment "), changing the structure and cost of the Company' s right to extend the date (the " Termination Date ") by which the Company must (i) consummate a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination involving the Company and one or more businesses, (ii) cease its operations if it fails to complete such business combination, and (iii) redeem or repurchase 100 % of the Company' s outstanding public shares of common stock included as part of the units sold in the Company' s IPO that closed on December 9, 2021, which was December 9, 2023 at the time of the November 2023 Special Meeting unless extended. The Charter Amendment allows the Company to extend the Termination Date by up to twelve (12) monthly extensions, to December 9, 2024 (each of which is referred to as an " Extension ", and such later date, the " Extended Deadline "). To obtain each extension, the Company, its sponsor or any of their affiliates or designees must deposit into the Company' s Trust Account with Continental by the deadline applicable prior to the extension $ 60, 000 for each monthly extension; 2) approved the proposal (the " Extension Amendment Proposal ") to amend Company' s amended and restated certificate of incorporation, as first amended, to extend the date by which the Company must (i) consummate a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or similar business combination involving the Company and one or more businesses, (ii) cease its operations if it fails to complete such business combination, and (iii) redeem or repurchase 100 % of the Company' s outstanding public shares of common stock included as part of the units sold in the Company' s IPO that was consummated on December 9, 2021, from December 9, 2023 to, if the Company elects to extend the date to**

consummate a business combination, for up to twelve times of monthly extensions, December 9, 2024, unless the closing of the Company' s initial business combination shall have occurred; 3) approved the proposal to amend the Company' s Trust Agreement with Continental (the " Trust Amendment Proposal "), pursuant to which the Company' s Trust Agreement with Continental be amended to extend the time for the Company to complete its initial business combination under the Trust Agreement from (x) December 9, 2023, to (y) up to December 9, 2024, if the Company elects to extend the date to consummate a business combination, for up to twelve times of monthly extensions, by depositing into the Trust Account $ 60, 000 for each one- month extension from December 9, 2023 to December 9, 2024, unless the closing of the Company' s initial business combination shall have occurred; and 4) approved the proposal to re- elect Kian Huat Lai as Class I director of the Company, until the annual meeting of the Company to be held in 2026 or until his successor is appointed and qualified. On November 28, 2023, the stockholders of the Company approved a proposal to amend the Company' s amended and restated certificate of incorporation, allowing the Company to Extended Deadline from December 9, 2023 to up to December 9, 2024 through monthly extensions. To obtain each extension, the Company, its sponsor or any of their affiliates or designees must deposit into the Company' s trust account with Continental by the deadline applicable prior to the extension, $ 60, 000 for each extension. On November 28, 2023, the stockholders of the Company also approved a proposal to amend the Company' s Trust Agreement (as defined above), by and between the Company and Continental. In connection with the approval of the proposals presented at the special meeting held on November 28, 2023, holders of 2, 180, 738 shares of the Company' s common stock exercised their right to redeem those shares for cash at an approximate price of $ 10. 82 per share, for an aggregate of approximately $ 23. 60 million. As of the date of this report, the Company has extended the Termination Date seven times under its current amended and restated certificate of incorporation, as amended (or nine times since the IPO), and has until April 9, 2024 to complete its initial business combination. The Company may continue to extend the Termination Date to up to December 9, 2024 through monthly extensions. The Initial Stockholders have agreed to waive their liquidation rights with respect to the Founder Shares if the Company fails to complete a Business Combination within the Combination Period. However, if the Initial Stockholders should acquire **any** Public Shares in or after the **IPO** ~~Initial Public Offering~~ , they will be entitled to liquidating distributions from the Trust Account with respect to such Public Shares if the Company fails to complete a Business Combination within the Combination Period. The underwriters have agreed to waive their rights to deferred underwriting discounts (see Note 6) held in the Trust Account in the event the Company does not complete a Business Combination within the Combination Period, and, in such event, such amounts will be included with the other funds held in the Trust Account that will be available to fund the redemption of the Public Shares. In the event of such distribution, it is possible that the per share value of the residual assets remaining available for distribution (including Trust Account assets) will be only $ 10. 15 per share held in the Trust Account. In order to protect the amounts held in the Trust Account, the sponsor has agreed to be liable to the Company if and to the extent any claims by a vendor for services rendered or products sold to the Company, or a prospective target business with which the Company has discussed entering into a transaction agreement, reduce the amount of funds in the Trust Account. This liability will not apply with respect to any claims by a third party who executed a waiver of any right, title, interest or claim of any kind in or to any monies held in the Trust Account or to any claims under the Company' s indemnity of the underwriters of the **IPO** ~~Initial Public Offering~~ against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the " Securities Act "). Moreover, in the event that an executed waiver is deemed to be unenforceable against a third party, the sponsor will not be responsible to the extent of any liability for such third- party claims. The Company will seek to reduce the possibility that the sponsor will have to indemnify the Trust Account due to claims of creditors by endeavoring to have all vendors, service providers (except the Company' s independent registered public accounting firm), prospective target businesses or other entities with which the Company does business, execute agreements waiving any right, title, interest or claim of any kind in or to monies held in the Trust Account. Business Combination On August 3, 2022, the Company entered into an Agreement and Plan of Merger (the " Merger Agreement ") by and among Tomorrow Crypto Group Inc., a Nevada corporation (" Tomorrow Crypto "), Globalink Merger Sub, Inc., a Nevada corporation and a wholly- owned subsidiary of Globalink (" Merger Sub "), GL Sponsor LLC, a Delaware limited liability company ~~, in its capacity as the representative of the Company' s stockholders from and after the effective time of the Merger (as defined below) (the " Effective Time ") in accordance with the terms and conditions of the Merger Agreement (the " Parent Representative "), and Mingliu Wang, an individual, in his capacity as the representative of Tomorrow Crypto' s stockholders from and after the Effective Time for the stockholders of Tomorrow Crypto as of immediately prior to the Effective Time in accordance with the terms and conditions of the Merger Agreement (the " Seller Representative "). Pursuant to the terms of the Merger Agreement, a business combination between Globalink and Tomorrow Crypto through the merger of Merger Sub with and into Tomorrow Crypto, with Tomorrow Crypto surviving the merger as a wholly- owned subsidiary of Globalink (the " Merger, " and, together with the other transactions contemplated by the Merger Agreement, the " Transactions "). Subject to the terms and conditions set forth therein upon the consummation of the transactions contemplated by the Merger Agreement (the " Closing "), each share of Tomorrow Crypto common stock issued and outstanding immediately prior to the Effective Time (other than treasury shares or dissenting shares) will be converted into the right to receive shares of Globalink common stock. The total consideration to be paid by Globalink to the stockholders of Tomorrow Crypto in the form of Globalink' s common stock at the Closing will be equal to $ 210 million, with an earn- out provision permitting the stockholders of Tomorrow Crypto to receive up to 10 million additional shares as and when the business meets certain incremental milestones for the number of ASIC mining machines successfully installed, commissioned and placed in operation. The Merger Agreement is subject to certain customary closing conditions and contains customary representations, warranties, covenants and indemnity provisions. The respective boards of directors of Globalink and Tomorrow Crypto have (i) approved and declared advisable the Merger Agreement, the Merger and the other transactions contemplated thereby (the " Transactions ") and (ii) resolved to recommend approval of the Merger Agreement and related transactions by their respective stockholders.~~ In accordance with the termination provisions under Section 10. 1 of the Merger Agreement, the Merger Agreement was terminated **on** March 8, 2023 (the " Merger Agreement Termination Date "). In conjunction with the termination of the Merger Agreement, the Additional Agreements (as defined in the Merger Agreement) (including the Support Agreements) ~~have~~ **were** also ~~been~~ terminated in accordance with their respective terms as of March 8, 2023, the Merger

Pursuant to the terms of the Merger Agreement, a business combination between Globalink and Alps through the merger of a to be incorporated subsidiary of Globalink in the Cayman Islands (the " Merger Sub ") with and into Alps, with Alps surviving the merger (the " Surviving Company ") as a wholly- owned subsidiary of Globalink (the " Merger ", and, together with the other transactions contemplated by the Merger Agreement, the " Transactions "). After the date of the Merger Agreement and prior to the consummation of the transactions contemplated by the Merger Agreement (the " Closing "), a company formed under the laws of the Cayman Islands will be incorporated (" Cayman Holdco "), whereupon it is envisaged that Alps will become a wholly owned subsidiary of the Cayman Holdco.** Risks and Uncertainties ~~As of~~ **The Company continues to evaluate** the ~~date the consolidated~~ **impact of increases in inflation and rising interest rates,** financial **market instability** ~~statements were issued~~ , **including** ~~there~~ -- **the recent bank failures,** ~~was still considerable uncertainty around~~ the ~~expected duration~~ **potential government shutdown, the lingering effects** of the COVID- 19 pandemic **and certain geopolitical events, including the wars in Ukraine and the surrounding region and between Israel and Hamas** . The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. In February 2022, the Russian Federation and Belarus commenced a military action with the country of Ukraine. As a result of this action, various nations, including the United States, have instituted economic sanctions against the Russian Federation and Belarus. Further, the impact of this action and related sanctions on the world economy are not determinable as of the date of these consolidated financial statements and the specific impact on~~ the Company' s **business** ~~financial condition, results of operations,~~ and ~~cash flows is~~ **its ability to complete an initial Business Combination** ~~also not determinable as of the date of these consolidated financial statements~~ . On August 16, 2022, the Inflation Reduction Act of 2022 (the " IR Act ") was signed into federal law. The IR Act provides for, among other things, a new U. S. federal 1 % excise tax on certain repurchases of stock by publicly traded U. S. domestic corporations and certain U. S. domestic subsidiaries of publicly traded foreign corporations occurring on or after January 1, 2023. The excise tax is imposed on the repurchasing corporation itself, not its stockholders from which shares are repurchased. The amount of the excise tax is generally 1 % of the fair market value of the shares repurchased at the time of the repurchase. However, for purposes of calculating the excise tax, repurchasing corporations are permitted to net the fair market value of certain new stock issuances against the fair market value of stock repurchases during the same taxable year. In addition, certain exceptions apply to the excise tax. The U. S. Department of the Treasury (the " Treasury ") has been given authority to provide regulations and other guidance to carry out and prevent the abuse or avoidance of the excise tax. Any redemption or other repurchase that occurs after December 31, 2022, in connection with a Business Combination, extension vote or otherwise, may be subject to the excise tax. Whether and to what extent the Company would be subject to the excise tax in connection with a Business Combination, extension vote or otherwise would depend on a number of factors, including (i) the fair market value of the redemptions and repurchases in connection with the Business Combination, extension or otherwise, (ii) the structure of a Business Combination, (iii) the nature and amount of any " PIPE " or other equity issuances in connection with a Business Combination (or otherwise issued not in connection with a Business Combination but issued within the same taxable year of a Business Combination) and (iv) the content of regulations and other guidance from the Treasury. In addition, because the excise tax would be payable by the Company and not by the redeeming holder, the mechanics of any required payment of the excise tax have not been determined. The foregoing could cause a reduction in the cash available on hand to complete a Business Combination and in the Company' s ability to complete a Business Combination. S. dollars and have been prepared in accordance with accounting principles generally accepted in the United States of America (" U. S. GAAP ") and pursuant to the accounting and disclosure rules and regulations of the Securities and Exchange Commission (the " SEC "). Principles of Consolidation The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiary. All significant intercompany balances and transactions have been eliminated in consolidation. Emerging Growth Company The Company is an emerging growth company as defined in Section 102 (b) (1) of the Jumpstart Our Business Startups Act of 2012 (the " JOBS Act "), which exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non- emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised, and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company' s consolidated financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used. Use of Estimates The preparation of consolidated financial statements in conformity with U. S. GAAP requires the Company' s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Making estimates requires management to exercise significant judgment. One of the more significant accounting estimates included in these consolidated financial statements is the determination of the fair value of the warrant liabilities. Such estimates may be subject to change as more current information becomes available and accordingly the actual results could differ significantly from those estimates. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Cash **and cash** held in escrow The Company had $ **79, 073 of cash and $** 81, 763 and **cash** ~~$ 812, 232~~ held in escrow on December 31, **2023 and** 2022 **,** ~~and 2021~~ respectively. ~~This balance will be~~ **During the year ended December 31, 2023 the Company** transferred **the cash amount held** in **escrow** ~~whole as soon as practicable~~ to **a newly opened bank** ~~the Company' s operating~~ account. **Cash and** ~~Investments~~ **investments** Held in Trust Account ~~At~~ **As of** December 31, 2022 ~~and 2021~~ , substantially all of the assets held in the Trust Account were held in money market funds ~~which are~~ **. At December 31, **2023 and** 2022 ~~and 2021~~ , the Company has not experienced losses on these accounts. Fair value of Financial Instruments The fair value of the Company' s assets and liabilities which qualify as financial instruments under the FASB ASC 820, " Fair Value Measurements and Disclosures, " approximate the carrying amounts represented in the accompanying consolidated balance sheets, primarily due to their short- term nature. Income Taxes The Company complies with the accounting and reporting requirements of ASC 740, " Income Taxes, " which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the ~~consolidated~~ financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. **As of December 31, 2023 and 2022, the Company' s deferred tax asset for start up organizational expenses had a full valuation allowance recorded against it.** FASB ASC 740 prescribes a recognition threshold and a measurement attribute for the ~~consolidated~~ financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. There were no unrecognized tax benefits as of December 31, **2023 or December 31,** 2022 ~~and 2021. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense~~. No amounts were accrued for the payment of interest and penalties for the year ended December 31, ~~2022~~ **2023 . In connection with the approval of the Extension Amendment Proposal and the Trust Amendment Proposal at the Special Meeting on November 28, 2023, holders of 2, 180, 738 shares of the Company' s common stock exercised their right to redeem those shares for cash at an approximate price of $ 10. 82 per share, for an aggregate of approximately $ 23. 60 million. Immediately following the payment of the redemptions, the Trust Account had a balance of approximately $ 27. 73 million before the Extension Payment. As such, the** Company has ~~identified~~ **recorded a 1 % excise tax liability in** the ~~United States~~ **amount of $ 935, 214 on the consolidated balance sheets** as ~~its only " major " tax jurisdiction~~ **of December 31, 2023. " Shares of common stock subject to mandatory redemption (if any) is classified as a liability instrument and is measured at fair value. Conditionally redeemable common stock (including common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company' s control) is classified as temporary equity. At all other times, common stock is classified as stockholders' equity. The Company' s **shares of** common stock sold in the IPO and as a result of the exercise by the underwriters of their over- allotment option features certain redemption rights that are considered to be outside of the Company' s control and subject to occurrence of uncertain future events. The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and whether the warrants meet all of the requirements for equity classification under ASC 815, including whether the warrants are indexed to the Company' s own common stock, among other conditions for equity classification. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance and as of each subsequent quarterly period end date while the warrants are outstanding. ~~We~~ **The Company** ~~account~~ **accounts** for the warrants issued in connection with ~~our Initial Public Offering~~ **the Company' s IPO** in accordance with the guidance contained in ASC 815 under which the public warrants meet the criteria for equity treatment and the private warrants do not meet the criteria for equity treatment and must be recorded as liabilities. Accordingly, ~~we~~ **the Company** ~~classify~~ **classifies** the private warrants as liabilities at their fair value and adjust the private warrants to fair value at each reporting period. This liability is subject to re- measurement at each balance sheet date until exercised, and any change in fair value is recognized in ~~our~~ **the Company' s** consolidated ~~statement~~ **statements** of operations. The fair value of the warrants was estimated using a binomial lattice model. ASU ~~2020~~ **2023** - **09** ~~06 eliminates the current models that require separation of beneficial conversion and cash conversion features from convertible instruments and simplifies the derivative scope exception guidance pertaining to equity classification of contracts in an entity' s own equity. The new standard also introduces additional disclosures for convertible debt and freestanding instruments that are indexed to and settled in an entity' s own equity. ASU 2020- 06 amends the diluted earnings per share guidance, including the requirement to use the if- converted method for all convertible instruments. Pursuant to the terms of the Merger Agreement, a business combination between Globalink and Tomorrow Crypto through the merger of Merger Sub with and into Tomorrow Crypto, with Tomorrow Crypto surviving the Merger as a wholly- owned subsidiary of Globalink. Subject to the terms and conditions set forth therein upon the consummation of the transactions contemplated by the Merger Agreement (the “ Closing ”), each share of Tomorrow Crypto common stock issued and outstanding immediately prior to the Effective Time (other than treasury shares or dissenting shares) will be converted into the right to receive shares of Globalink common stock. The total consideration to be paid by Globalink to the stockholders of Tomorrow Crypto in the form of Globalink’ s common stock at the Closing will be equal to $ 210 million, with an earn- out provision permitting the stockholders of Tomorrow Crypto to receive up to 10 million additional shares as and when the business meets certain incremental milestones for the number of ASIC mining machines successfully installed, commissioned and placed in operation. The Merger Agreement is subject to certain customary closing conditions and contains customary representations, warranties, covenants and indemnity provisions. The respective boards of directors of Globalink and Tomorrow Crypto have (i) approved and declared advisable the Merger Agreement, the Merger and the Transactions and (ii) resolved to recommend approval of the Merger Agreement and related transactions by their respective stockholders. In accordance with the termination provisions under Section 10. 1 of the Merger Agreement, the Merger Agreement was terminated March 8, 2023, the Merger Agreement Termination Date. In conjunction with the termination of the Merger Agreement, the Additional Agreements (as defined in the Merger Agreement) (including the Support Agreements) have also been terminated in accordance with their respective terms as of March 8, 2023, the Merger Agreement Termination Date. Subscription Agreement In connection with the execution of the Merger Agreement, Globalink entered into subscription agreements (collectively, the “ Subscription Agreements ”) with certain accredited investors (the “ Subscribers ”) pursuant to which the Subscribers have agreed to purchase, and Globalink has agreed to sell to the Subscribers, an aggregate of $ 15, 000, 000 shares of Series A Convertible Preferred Stock with an aggregate face value of $ 16, 666, 667 (the “ PIPE Preferred Shares ”). The PIPE Preferred Shares will have a 10 % monthly compound dividend and a conversion price of $ 10. 00 per share, subject to certain downward adjustments described therein, and will be both redeemable and subject to forced conversion under certain conditions set forth in the Subscription Agreements. In connection with the purchase of the PIPE Preferred Shares, Globalink will also issue warrants of Globalink (the “ PIPE Warrants ”, and together with the PIPE Preferred Shares, the “ PIPE Securities ”) to purchase that number of shares of Globalink common stock equal to the number of shares of Globalink common stock into which the PIPE Preferred Shares are convertible based on the Closing date conversion price. The PIPE Warrants will have a term of five years and~~

~~an exercise price of $ 11. 50, subject to certain downward adjustments as set forth in the Subscription Agreements. Holders of the PIPE Securities will be entitled to certain registration rights. The purpose of the sale of the PIPE Securities is to raise additional capital for use in connection with the Merger and to meet the minimum cash requirements provided in the Merger Agreement. The obligations to consummate the transactions contemplated by the Subscription Agreements are conditioned upon, among other things, customary closing conditions and the consummation of the Transactions. Globalink Support Agreement In connection with the execution of the Merger Agreement, certain stockholders of Globalink, Tomorrow Crypto and Globalink entered into a support agreement (the " Globalink Support Agreement ") pursuant to which the stockholders of Globalink that are parties to the Globalink Support Agreement have agreed to vote all shares of Globalink common stock beneficially owned by them in favor of the Merger and related transactions. Tomorrow Crypto Support Agreement In connection with the execution of the Merger Agreement, stockholders of Tomorrow Crypto, Tomorrow Crypto and Globalink entered into a support agreement (the " Tomorrow Crypto Support Agreement "), pursuant to which the stockholders of Tomorrow Crypto that are parties to the Tomorrow Crypto Support Agreement have agreed to vote all shares of Company Common Stock beneficially owned by them in favor of the Transactions. Lock- Up Agreements The Merger Agreement provides that, at or before the Closing, and effective as of the Closing, certain stockholders of Tomorrow Crypto will enter into a Lock- Up Agreement connection with the execution of the Merger Agreement, subject to certain customary exceptions, not to offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any of the Lock- Up Shares, enter into a transaction that would have the same effect, or enter into any swap, hedge or other arrangement that transfers, in whole or in part, any of the economic consequences of ownership of the Lock- Up Shares or otherwise, publicly disclose the intention to make any offer, sale, pledge or disposition, or to enter into any transaction, swap, hedge or other arrangement, or engage in any Short Sales with respect to the Lock- Up Shares until the date that is six months after the Closing Date (the period from the date of the Merger Agreement until such date, the " Lock- Up Period ").~~ X- ReferencesNo definition available. Data Type: dtr- types: textBlockItemType Balance Type: na Period Type: durationStockholders’ Deficit 12 Months Ended Dec. 31, ~~2022~~ **2023** Equity [Abstract] Stockholders’ Deficit Note ~~7~~ **8** — Stockholders’ Deficit Common stock The Company is authorized to issue 500, 000, 000 shares of common stock with a par value of $ 0. 001 per share. As of December 31, **2023 and** 2022 ~~and 2021~~, there were 3, 445, 000 (excluding **2, 562, 567 and** 11, 500, 000 shares of common stock subject to possible redemption **, respectively**) shares of common stock issued and outstanding. Warrants **:** As of December 31, **2023 and** 2022 ~~and 2021~~, the Company had 11, 500, 000 Public Warrants and 570, 000 Private Placement Warrants outstanding. The Public Warrants are accounted for as equity instruments in the Company’ s consolidated financial statements. Public Warrants may only be exercised for a whole number of shares. No fractional shares will be issued upon exercise of the Public Warrants. The Public Warrants will become exercisable on the later of the completion of an initial Business Combination and will expire five years after the completion of an initial Business Combination, or earlier upon redemption. No Public Warrants will be exercisable for cash unless the Company has an effective and current registration statement covering the **shares of** common stock issuable upon exercise of the Public Warrants and a current prospectus relating to such **shares of** common stock. Notwithstanding the foregoing, if a registration statement covering the **shares of** common stock issuable upon exercise of the Public Warrants is not effective within a specified period following the consummation of a Business Combination, ~~Warrant~~ **warrant** holders may, until such time as there is an effective registration statement and during any period when the Company shall have failed to maintain an effective registration statement, exercise ~~Warrants~~ **warrants** on a cashless basis pursuant to the exemption provided by Section 3 (a) (9) of the Securities Act, provided that such exemption is available. If that exemption, or another exemption, is not available, holders will not be able to exercise their ~~Warrants~~ **warrants** on a cashless basis. The Public Warrants will expire five years after the completion of a Business Combination or earlier upon redemption or liquidation. Redemption of warrants when the price per common stock equals or exceeds $ 16. 50 Once the warrants become exercisable, the Company may redeem the outstanding warrants (except as described herein with respect to the private placement warrants): ● in whole and not in part; ● at a price of $ 0. 01 per warrant; ● upon a minimum of 30 days’ prior written notice of redemption, which the Company refers to as the “ 30- day redemption period ”; and ● if, and only if, the last reported sale price (the “ closing price ”) of our common stock equals or exceeds $ 16. 50 per share (as adjusted for adjustments to the number of shares issuable upon exercise or the exercise price of a warrant as described under the heading “ Description of Securities — Warrants ”) for any 20 trading days within a 30- trading day period ending on the third trading day prior to the date on which the Company sends the notice of redemption to the warrant holders. The Company will not redeem the warrants as described above unless an effective registration statement under the Securities Act covering the **shares of** common stock issuable upon exercise of the warrants is effective and a current prospectus relating to those **shares of** common stock is available throughout the 30- day redemption period. If and when the warrants become redeemable by ~~us~~ **the Company** , the Company may exercise ~~our~~ **its** redemption right even if the Company is unable to register or qualify the underlying securities for sale under all applicable state securities laws. If the Company calls the Public Warrants for redemption, management will have the option to require all holders that wish to exercise the Public Warrants to do so on a “ cashless basis, ” as described in the warrant agreement. The Private **Placement** Warrants **are** ~~will be issued~~ substantially in the same form as the Public Warrants, except they (i) will be exercisable either for cash or on a cashless basis at the holder’ s option pursuant and (ii) will not be redeemable by the Company, in either case as long as the Private **Placement** Warrants are held by the initial purchasers or any of their permitted transferees (as prescribed in the Subscription Agreement **, dated December 6, 2021, by and between the Company and Public Gold Marketing Sdn. Bhd**). Once a Private **Placement** Warrant is transferred to a holder other than a permitted transferee, it shall be treated as a Public Warrant for all purposes. Due to these terms the Private Warrants are required to be liability classified. The exercise price and number of **shares of** common stock issuable on exercise of the warrants may be adjusted in certain circumstances **,** including in the event of a share dividend, extraordinary dividend or ~~our~~ recapitalization, reorganization, merger or consolidation. However, the warrants will not be adjusted for issuances **of shares** of common stock at a price below their respective exercise prices. Additionally, in no event will the Company be required to net cash settle the warrants. If the Company is unable to complete a Business Combination within the Combination Period and the Company liquidates the funds held in the Trust Account, holders of **the** warrants will not receive any of such funds with respect to their warrants, nor will they receive any distribution from the Company’ s assets held outside of the Trust Account with the respect to such warrants. Accordingly, the warrants may expire worthless. In addition, if the Company issues additional **shares of** common stock or equity- linked securities for capital raising purposes in connection with the closing of a Business Combination at an issue price or effective issue price of less than $ 9. 50 per share of common stock (with such issue price or effective issue price to be determined in good faith by the Company’ s board of directors, and in the case of any such issuance to the initial stockholders or their affiliates, without taking into account any Founder Shares held by them prior to such issuance), (y) the aggregate gross proceeds from such issuances represent more than 60 % of the total equity proceeds, and interest thereon, available for the funding of a Business Combination on the date of the consummation of a Business Combination (net of redemptions), and (z) the volume weighted average trading price of the Company’ s common stock during the 20 trading day period starting on the trading day prior to the day on which the Company consummates Business Combination (such price, the “ Market Value ”) is below $ 9. 50 per share, the exercise price of the warrants will be adjusted (to the nearest cent) to be equal to 165 % of the greater of (i) the Market Value or (ii) the price at which the Company issues the additional common stock or equity- linked securities. Rights Except in cases where the Company is not the surviving company in a Business Combination, each holder of a Public Right will automatically receive one- tenth of one share of common stock upon consummation of a Business Combination, even if the holder of a Public Right converted all shares held by him, her or it in connection with a Business Combination or an amendment to the Company’ s Amended and Restated Certificate of Incorporation with respect to its pre- business combination activities. In the event that the Company will not be the surviving company upon completion of a Business Combination, each holder of a Public Right will be required to affirmatively convert his, her or its rights in order to receive the one- tenth of a share underlying each Public Right upon consummation of the Business Combination. The Company will not issue fractional shares in connection with an exchange of Public Rights. Fractional shares will either be rounded down to the nearest whole share or otherwise addressed in accordance with the applicable provisions of the Delaware General Corporation Law. As a result, the holders of the Public Rights must hold rights in multiples of 10 in order to receive shares for all of the holders’ rights upon closing of a Business Combination. X-

In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from independent sources) and to minimize the use of unobservable inputs (internal assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities: Level 1: Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis. Level 2: Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active. Level 3: Unobservable inputs based on ~~our~~ **the Company' s** assessment of the assumptions that market participants would use in pricing the asset or liability. ~~At~~ **As of** December 31, 2022 ~~and 2021~~ , the assets held in the Trust Account were held **in money market funds invested** in U. S. dollars and have been prepared in accordance with accounting principles generally accepted in the United States of America (" U. S. GAAP ") and pursuant to the accounting and disclosure rules and regulations of the Securities and Exchange Commission (the " SEC "). Principles of Consolidation Principles of Consolidation The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiary. All significant intercompany balances and transactions have been eliminated in consolidation. Emerging Growth Company Emerging Growth Company The Company is an emerging growth company as defined in Section 102 (b) (1) of the Jumpstart Our Business Startups Act of 2012 (the " JOBS Act "), which exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Exchange Act) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that an emerging growth company can elect to opt out of the extended transition period and comply with the requirements that apply to non- emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period, which means that when a standard is issued or revised, and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard. This may make comparison of the Company' s consolidated financial statements with another public company that is neither an emerging growth company nor an emerging growth company that has opted out of using the extended transition period difficult or impossible because of the potential differences in accounting standards used. Use of Estimates Use of Estimates The preparation of consolidated financial statements in conformity with U. S. GAAP requires the Company' s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Making estimates requires management to exercise significant judgment. One of the more significant accounting estimates included in these consolidated financial statements is the determination of the fair value of the warrant liabilities. Such estimates may be subject to change as more current information becomes available and accordingly the actual results could differ significantly from those estimates. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Cash **and cash** held in escrow Cash **and cash** held in escrow The Company had $ **79, 073 of cash and $** 81, 763 and **cash** ~~$ 812, 232~~ held in escrow on December 31, **2023 and** 2022 **,** ~~and 2021~~ respectively. ~~This balance will be~~ **During the year ended December 31, 2023 the Company** transferred **the cash amount held** in **escrow** ~~whole as soon as practicable~~ to **a newly opened bank** ~~the Company' s operating~~ account. **Cash and** ~~Investments~~ **investments** Held in Trust Account **Cash and** ~~Investments~~ **investments** Held in Trust Account ~~At~~ **As of** December 31, 2022 ~~and 2021~~ , substantially all of the assets held in the Trust Account were held in money market funds ~~which are~~ **. Concentration of Credit Risk Concentration of Credit Risk Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash accounts in a financial institution, which, at times, may exceed the **FDIC** ~~Federal Depository Insurance Corporation~~ coverage limit. At December 31, **2023 and** 2022 ~~and 2021~~ , the Company has not experienced losses on these accounts. Fair value of Financial Instruments Fair value of Financial Instruments The fair value of the Company' s assets and liabilities which qualify as financial instruments under the FASB ASC 820, " Fair Value Measurements and Disclosures, " approximate the carrying amounts represented in the accompanying consolidated balance sheets, primarily due to their short- term nature. Income Taxes Income Taxes The Company complies with the accounting and reporting requirements of ASC 740, " Income Taxes, " which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for differences between the ~~consolidated~~ financial statement and tax bases of assets and liabilities that will result in future taxable or deductible amounts, based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. **As of December 31, 2023 and 2022, the Company' s deferred tax asset for start up organizational expenses had a full valuation allowance recorded against it.** FASB ASC 740 prescribes a recognition threshold and a measurement attribute for the ~~consolidated~~ financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. There were no unrecognized tax benefits as of December 31, **2023 or December 31,** 2022 ~~and 2021. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as income tax expense~~ . No amounts were accrued for the payment of interest and penalties for the year ended December 31, ~~2022~~ **2023 . Interest** and **penalties related** ~~for the period from March 24, 2021 (inception)~~ to **the** December 31, ~~2021~~ **2022** ~~. Additionally, the net operating loss disclosed may be subject to change when the 2021 tax return is~~ **its** ~~filed~~ **position** . The Company is subject to income tax examinations by major taxing authorities since inception. ~~The~~ **Excise Tax In connection with the vote to approve the charter amendment proposal presented at the March 2023 Special Meeting, holders of 6, 756, 695 shares of common stock properly exercised their right to redeem their shares of common stock for an aggregate redemption amount of $ 69, 920, 079. In connection with the approval of the Extension Amendment Proposal and the Trust Amendment Proposal at the Special Meeting on November 28, 2023, holders of 2, 180, 738 shares of the Company' s common stock exercised their right to redeem those shares for cash at an approximate price of $ 10. 82 per share, for an aggregate of approximately $ 23. 60 million. Immediately following the payment of the redemptions, the Trust Account had a balance of approximately $ 27. 73 million before the Extension Payment. As such, the** Company has ~~identified~~ **recorded a 1 % excise tax liability in** the ~~United States~~ **amount of $ 935, 214 on the consolidated balance sheets** as ~~its only " major " tax jurisdiction~~ **of December 31, 2023. " Shares of common stock subject to mandatory redemption (if any) is classified as a liability instrument and is measured at fair value. Conditionally redeemable common stock (including common stock that features redemption rights that are either within the control of the holder or subject to redemption upon the occurrence of uncertain events not solely within the Company' s control) is classified as temporary equity. At all other times, common stock is classified as stockholders' equity. The Company' s **shares of** common stock sold in the IPO and as a result of the exercise by the underwriters of their over- allotment option features certain redemption rights that are considered to be outside of the Company' s control and subject to occurrence of uncertain future events. The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and whether the warrants meet all of the requirements for equity classification under ASC 815, including whether the warrants are indexed to the Company' s own common stock, among other conditions for equity classification. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance and as of each subsequent quarterly period end date while the warrants are outstanding. ~~We~~ **The Company** ~~account~~ **accounts** for the warrants issued in connection with ~~our Initial Public Offering~~ **the Company' s IPO** in accordance with the guidance contained in ASC 815 under which the public warrants meet the criteria for equity treatment and the private warrants do not meet the criteria for equity treatment and must be recorded as liabilities. Accordingly, ~~we~~ **the Company** ~~classify~~ **classifies** the private warrants as liabilities at their fair value and adjust the private warrants to fair value at each reporting period. This liability is subject to re- measurement at each balance sheet date until exercised, and any change in fair value is recognized in ~~our~~ **the Company' s** consolidated ~~statement~~ **statements** of operations.
