originally incorporated on September 21, 2021 (date of inception) under the laws of the State of Nevada, and subsidiaries. On March 9, 2022, the Company converted to a Delaware corporation pursuant to a plan of conversion entered into with its former parent, Vinco Ventures, Inc. (& # x201c; Vinco & # x201d; or & # x201c; Former Parent & # x201d;). The Company operates in two main businesses: Forever 8 Inventory Cash Flow Solution and Corrugated Packaging Business. Forever 8 Fund LLC (& # x201c; Forever 8 & # x201d;), which focuses on purchasing inventory for e- commerce retailers, was acquired by the Company on October 1, 2022, and is part of its Inventory Solution Business. The Company previously sold BTC mining equipment and developed an NFT character set under its Web3 Business but has no intention of continuing this business at this time. The Corrugated Packaging Business manufactures and sells custom packaging for a wide variety of products and helps customers generate brand awareness and promote brand image through packaging. S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. The Company & # x2019; s significant estimates used in these consolidated financial statements include, but are not limited to, revenue recognition and the determination of the economic useful life of depreciable property and equipment. Certain of the Company & # x2019; s estimates could be affected by external conditions, including those unique to the Company and general economic conditions. It is reasonably possible that these external factors could have an effect on the Company & # x2019; s estimates and could cause actual results to differ from those estimates. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p id =" xdx_846_eus- gaap-- BusinessCombinationsPolicy_zyimHvlXTCR6" style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; & lt; span id =" xdx_866_zXQPJbSaCAe4" & gt; Business Combinations & lt; / span & gt; & lt; / i & gt;. For business combinations that meet the accounting definition of a business, the Company determines and allocates the purchase price of an acquired company to the tangible and intangible assets acquired, the liabilities assumed, and noncontrolling interest, if applicable, as of the date of acquisition at fair value. Fair value may be estimated using comparable market data, a discounted cash flow method, or a combination of the two. In the discounted cash flow method, estimated future cash flows are based on management & # x2019; s expectations for the future. Revenues and costs of the acquired companies are included in the Company & # x2019; s operating results from the date of acquisition. The Company uses its best estimates and assumptions as part of the purchase price allocation process to accurately value assets acquired and liabilities assumed at the acquisition date, and these estimates and assumptions are inherently uncertain and subject to refinement during the measurement period not to exceed one year from the acquisition date. As a result, any adjustment identified subsequent to the measurement period is included in operating results in the period in which the amount is determined (See Note 3 & # x2013; Acquisitions). & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p id =" xdx_84D_eus- gaap-- DiscontinuedOperationsPolicyTextBlock_z8CqFA8mjVo3" style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; & lt; span id =" xdx_86E_zy1FZxja6pgl" & gt; Discontinued Operations & lt; / span & gt;. & lt; / i & gt; A component of an entity that is disposed of by sale or abandonment is reported as discontinued operations if the transaction represents a strategic shift that will have a major effect on an entity & # x2019; s operations and financial results. Assets and liabilities of the discontinued operations are aggregated and reported separately as assets and liabilities of discontinued operations in the Consolidated Balance Sheet, including the comparative prior year period. Management estimates the allowance for credit losses using a loss- rate approach based on historical loss information, adjusted for management & # x2019; s expectations about current and future economic conditions, as the basis to determine expected credit losses. Management exercises significant judgment in determining expected credit losses. Key inputs include macroeconomic factors, industry trends, the creditworthiness of counterparties, historical experience, the financial conditions of the customers, and the amount and age of past due accounts. Management believes that the composition of receivables at year- end is consistent with historical conditions as credit terms and practices and the client base has not changed significantly. Receivables are considered past due if full payment is not received by the contractual due date. Past due accounts are generally written off against the allowance for credit losses only after all collection attempts have been exhausted. The Company reviews long- lived assets and intangible assets for potential impairment annually and when events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. In the event the expected undiscounted future cash flows resulting from the use of the asset is less than the carrying amount of the asset, an impairment loss is recorded equal to the excess of the asset & # x2019; s carrying value over its fair value. If an asset is determined to be impaired, the loss is measured based on quoted market prices in active markets, if available. If quoted market prices are not available, the estimate of fair value is based on various valuation techniques, including a discounted value of estimated future cash flows. In the event that management decides to no longer allocate resources to an asset, an impairment loss equal to the remaining carrying value of the asset is recorded. The Company did not record any impairment charges related to intangibles assets during the years ended December 31, 2024 and 2023, respectively. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; & lt; / b & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; EIGHTCO HOLDINGS INC. & lt; / b & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; NOTES TO CONSOLIDATED FINANCIAL STATEMENTS & lt; / b & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; For the Years ended December 31, 2024 and 2023 & lt; / i & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; 2. We perform an impairment assessment of goodwill on an annual basis as of December 31st, or whenever impairment indicators exist. In the absence of any impairment indicators, goodwill is assessed for impairment during the fourth quarter of each fiscal year. Judgments regarding the existence of impairment indicators are based on market conditions and operational performance of the business. We may assess our goodwill for impairment initially using a qualitative approach to determine whether it is more likely than not that the fair value of these assets is greater than their carrying value. When performing a qualitative test, we assess various factors including industry and market conditions, macroeconomic conditions and performance of our businesses. If the results of the qualitative assessment indicate that it is more likely than not that our goodwill and other indefinite- lived intangible assets are impaired, a quantitative impairment analysis would be performed to determine if impairment is required. We may also elect to perform a quantitative analysis of goodwill initially rather than using a qualitative approach. The impairment testing for goodwill is performed at the reporting unit level. The valuation methods used in the quantitative fair value assessment, discounted cash flow and market multiples method, requires our management to make certain assumptions and estimates regarding certain industry trends and future profitability of our reporting units. If the fair value of a reporting unit exceeds the related carrying value, the reporting unit & # x2019; s goodwill is considered not to be impaired and no further testing is performed. If the carrying value of a reporting unit exceeds its fair value, an impairment loss is recorded for the difference. The valuation of goodwill is affected by, among other things, the Company & # x2019; s business plan for the future and estimated results of future operations. Future events could cause the Company to conclude that impairment indicators exist, and, therefore, that goodwill may be impaired. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p id =" xdx_849_eus- gaap-- ContingentLiabilityReserveEstimatePolicy_ztU7R7GZQcz4" style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; & lt; span id =" xdx_86A_zwkqlLjZMnwj" & gt; Contingent Liabilities & lt; / span & gt;. & lt; / i & gt; The Company, from time to time, may be involved in certain legal proceedings. Based upon consultation with outside counsel handling its defense in these matters and the Company & # x2019; s analysis of potential outcomes, if the Company determines that a loss arising from such matters is probable and can be reasonably estimated, an estimate of the contingent liability is recorded in its consolidated financial statements. If only a range of estimated loss can be determined, an amount within the range that, based on estimates, assumptions and judgments, reflects the most likely outcome, is recorded as a contingent liability in the consolidated financial statements. In situations where none of the estimates within the estimated range is a better estimate of probable loss than any other amount, the Company records the low end of the range. Any such accrual would be charged to expense in the appropriate period. Litigation expenses for these types of contingencies are recognized in the period in which the litigation services were provided. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p id =" xdx_84B_eus- gaap-- ExtendedProductWarrantyPolicy_zHDot3t1VPzf" style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; & lt; span id =" xdx_864_zw38mn6h7EOe" & gt; Warrants & lt; / span & gt;. & lt; / i & gt; The Company classifies a warrant to purchase shares of its common stock as equity on its

Changes in the fair value of the warrant are not recognized after the initial measurement. The warrants will remain classified in equity until they are exercised or expire. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; & # 160; & lt; / i & gt; & lt; / span & gt; & lt; / p & gt; & lt; p id =" xdx_842_eus- gaap-- RevenueFromContractWithCustomerPolicyTextBlock_z8iRDfYIkavk" style =" font: 10pt Times New Roman, Times, Serif; text- indent: 20pt; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; & lt; span id =" xdx_867_zQbJNyqwxQY1" & gt; Revenue Recognition & lt; / span & gt;. & lt; / i & gt; In accordance with Financial Accounting Standards Board (& # x201c; FASB & # x201d;) Accounting Standards Codification (& # x201c; ASC & # x201d;) 606, Revenue from Contracts with Customers, the Company recognizes revenue when it satisfies performance obligations, by transferring promised goods or services to customers, in an amount that reflects the consideration to which the Company expects to be entitled in exchange for fulfilling those performance obligations. Earnings Per Share & lt; / span & gt;. & lt; / i & gt; The Company follows ASC 260 when reporting Earnings Per Share (& # x201c; EPS & # x201d;) resulting in the presentation of basic and diluted earnings per share. Basic net (loss) income per common share is computed by dividing net (loss) income by the weighted average number of vested common shares outstanding during the period. Diluted net income per common share is computed by dividing net income by the weighted average number vested of common shares, plus the net impact of common shares (computed using the treasury stock method), if dilutive, resulting from the exercise of dilutive securities. In periods when losses are reported, the weighted- average number of common shares outstanding excludes common stock equivalents because their inclusion would be anti- dilutive. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; EIGHTCO HOLDINGS INC. & lt; / b & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; NOTES TO CONSOLIDATED FINANCIAL STATEMENTS & lt; / b & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; For the Years ended December 31, 2024 and 2023 & lt; / i & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; 2. The Company recognizes deferred tax assets and liabilities for the expected future tax consequences of items that have been included or excluded in the consolidated financial statements or tax returns. Deferred tax assets and liabilities are determined on the basis of the difference between the tax basis of assets and liabilities and their respective financial reporting amounts (& # x201c; temporary differences & # x201d;) at enacted tax rates in effect for the years in which the temporary differences are expected to reverse. The Company utilizes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. Management has evaluated and concluded that there were no material uncertain tax positions requiring recognition in the Company & # x2019; s consolidated financial statements as of December 31, 2024 and 2023. The Company does not expect any significant changes in its unrecognized tax benefits within twelve months of the reporting date. The Company & # x2019; s policy is to classify assessments, if any, for tax related interest as interest expense and penalties as general and administrative expenses in the consolidated statements of comprehensive income. The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p id =" xdx_84E_eus- gaap-- FairValueMeasurementPolicyPolicyTextBlock_zJdS2mcl3PAb" style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; & lt; span id =" xdx_863_zeNUKxswz9bl" & gt; Fair Value Measurements & lt; / span & gt;. & lt; / i & gt; The Company measures the fair value of financial assets and liabilities based on the guidance of ASC 820 & # x201c; Fair Value Measurements and Disclosures & # x201d; (& # x201c; ASC 820 & # x201d;) which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The amendments in this Update affect loans, debt securities, trade receivables, and any other financial assets that have the contractual right to receive cash. The ASU requires an entity to recognize expected credit losses rather than incurred losses for financial assets. The amendments in this Update are effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years. The Company adopted this new guidance effective January 1, 2023 utilizing the modified retrospective transition method. The adoption of this standard did not have a material impact on the Company & # x2019; s consolidated financial statements, but did change how the allowance for credit losses is determined. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & # 160; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; In November 2023, the FASB issued ASU 2023- 07, Segment Reporting (Topic 280): Improvements to Reportable Segment Disclosures, which requires public entities to disclose significant segment expenses and other segment items on an interim and annual basis and provide in interim periods all disclosures about a reportable segment & # x2019; s profit or loss and assets that are currently required annually. The ASU does not change how a public entity identifies its operating segments, aggregates them, or applies the quantitative threshold to determine its reportable segments. The new disclosure requirements are also applicable to entities that account and report as a single operating segment entity. ASU 2023- 07 is effective for fiscal years beginning after December 15, 2023, and for

interim periods within fiscal years beginning after December 15, 2024. The Company adopted the guidance for the annual reporting period ended December 31, 2024. The management approach considers the internal organization and reporting used by the Company & # x2019; s chief operating decision maker for making operating decisions and assessing performance as the source for determining the Company & # x2019; s reportable segments. The Company & # x2019; s chief operating decision maker is the Chairman and Chief Executive Officer (& # x201c; CEO & # x201d;) of the Company, who reviews operating results to make decisions about allocating resources and assessing performance for the entire Company. The Company & # x2019; s primary revenue streams include inventory management solutions and the sale of corrugated packaging materials. Based on the CODM' s evaluation and internal reporting, the Company has two reportable segments: Inventory Management Solutions and Corrugated Packaging. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p id =" xdx_84F_eus- gaap-- PriorPeriodReclassificationAdjustmentDescription_zLdIGmjER6E3" style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; i & gt; & lt; span id =" xdx_860_zmXLmFZtZDga" & gt; Reclassifications & lt; / span & gt;. & lt; / i & gt; Certain prior period amounts have been reclassified to conform to the current period presentation, including amounts related to the Corrugated Packaging Business, which was classified as a discontinued operation as of December 31, 2024. Actual results could differ from these estimates. The Company & # x2019; s significant estimates used in these consolidated financial statements include, but are not limited to, revenue recognition and the determination of the economic useful life of depreciable property and equipment. For business combinations that meet the accounting definition of a business, the Company determines and allocates the purchase price of an acquired company to the tangible and intangible assets acquired, the liabilities assumed, and noncontrolling interest, if applicable, as of the date of acquisition at fair value. Fair value may be estimated using comparable market data, a discounted cash flow method, or a combination of the two. In the discounted cash flow method, estimated future cash flows are based on management & # x2019; s expectations for the future. Revenues and costs of the acquired companies are included in the Company & # x2019; s operating results from the date of acquisition. The Company uses its best estimates and assumptions as part of the purchase price allocation process to accurately value assets acquired and liabilities assumed at the acquisition date, and these estimates and assumptions are inherently uncertain and subject to refinement during the measurement period not to exceed one year from the acquisition date. As a result, any adjustment identified subsequent to the measurement period is included in operating results in the period in which the amount is determined (See Note 3 & # x2013; Acquisitions). & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; < / us- gaap: BusinessCombinationsPolicy > < us- gaap: DiscontinuedOperationsPolicyTextBlock contextRef =" From2024- 01- 01to2024- 12- 31" id =" Fact000761" > & lt; p id =" xdx_84D_eus- gaap-- DiscontinuedOperationsPolicyTextBlock_z8CqFA8mjVo3" style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; & lt; span id =" xdx_86E_zy1FZxja6pgl" & gt; Discontinued Operations & lt; / span & gt;. & lt; / i & gt; A component of an entity that is disposed of by sale or abandonment is reported as discontinued operations if the transaction represents a strategic shift that will have a major effect on an entity & # x2019; s operations and financial results. Management estimates the allowance for credit losses using a loss- rate approach based on historical loss information, adjusted for management & # x2019; s expectations about current and future economic conditions, as the basis to determine expected credit losses. Management exercises significant judgment in determining expected credit losses. Key inputs include macroeconomic factors, industry trends, the creditworthiness of counterparties, historical experience, the financial conditions of the customers, and the amount and age of past due accounts. Management believes that the composition of receivables at year- end is consistent with historical conditions as credit terms and practices and the client base has not changed significantly. Receivables are considered past due if full payment is not received by the contractual due date. Past due accounts are generally written off against the allowance for credit losses only after all collection attempts have been exhausted. The Company reviews long- lived assets and intangible assets for potential impairment annually and when events or changes in circumstances indicate the carrying amount of an asset may not be recoverable. In the event the expected undiscounted future cash flows resulting from the use of the asset is less than the carrying amount of the asset, an impairment loss is recorded equal to the excess of the asset & # x2019; s carrying value over its fair value. If an asset is determined to be impaired, the loss is measured based on quoted market prices in active markets, if available. If quoted market prices are not available, the estimate of fair value is based on various valuation techniques, including a discounted value of estimated future cash flows. In the event that management decides to no longer allocate resources to an asset, an impairment loss equal to the remaining carrying value of the asset is recorded. The Company did not record any impairment charges related to intangibles assets during the years ended December 31, 2024 and 2023, respectively. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; & lt; / b & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; EIGHTCO HOLDINGS INC. & lt; / b & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; NOTES TO CONSOLIDATED FINANCIAL STATEMENTS & lt; / b & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; For the Years ended December 31, 2024 and 2023 & lt; / i & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; 2. & gt; & lt; span id =" xdx_868_zIfzKuhtfDn2" & gt; Goodwill & lt; / span & gt;. & lt; / i & gt; Goodwill is recorded for the difference between the fair value of the purchase consideration over the fair value of the net identifiable tangible and intangible assets acquired. We perform an impairment assessment of goodwill on an annual basis as of December 31st, or whenever impairment indicators exist. In the absence of any impairment indicators, goodwill is assessed for impairment during the fourth quarter of each fiscal year. Judgments regarding the existence of impairment indicators are based on market conditions and operational performance of the business. We may assess our goodwill for impairment initially using a qualitative approach to determine whether it is more likely than not that the fair value of these assets is greater than their carrying value. When performing a qualitative test, we assess various factors including industry and market conditions, macroeconomic conditions and performance of our businesses. If the results of the qualitative assessment indicate that it is more likely than not that our goodwill and other indefinite-lived intangible assets are impaired, a quantitative impairment analysis would be performed to determine if impairment is required. We may also elect to perform a quantitative analysis of goodwill initially rather than using a qualitative approach. The impairment testing for goodwill is performed at the reporting unit level. The valuation methods used in the quantitative fair value assessment, discounted cash flow and market multiples method, requires our management to make certain assumptions and estimates regarding certain industry trends and future profitability of our reporting units. If the fair value of a reporting unit exceeds the related carrying value, the reporting unit & # x2019; s goodwill is considered not to be impaired and no further testing is performed. If the carrying value of a reporting unit exceeds its fair value, an impairment loss is recorded for the difference. The valuation of goodwill is affected by, among other things, the Company & # x2019; s business plan for the future and estimated results of future operations. Future events could cause the Company to conclude that impairment indicators exist, and, therefore, that goodwill may be impaired. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; < / us- gaap: GoodwillAndIntangibleAssetsPolicyTextBlock > < us- gaap: ContingentLiabilityReserveEstimatePolicy contextRef =" From2024- 01- 01to2024- 12- 31" id =" Fact000819" > & lt; p id =" xdx_849_eus- gaap-- ContingentLiabilityReserveEstimatePolicy_ztU7R7GZQcz4" style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; & lt; span id =" xdx_86A_zwkqlLjZMnwj" & gt; Contingent Liabilities & lt; / span & gt;. & lt; / i & gt; The Company, from time to time, may be involved in certain legal proceedings. Based upon consultation with outside counsel handling its defense in these matters and the Company & # x2019; s analysis of potential outcomes, if the Company determines that a loss arising from such matters is probable and can be reasonably estimated, an estimate of the contingent liability is recorded in its consolidated financial statements. If only a range of estimated loss can be determined, an amount within the range that, based on estimates, assumptions and judgments, reflects the most likely outcome, is recorded as a contingent liability in the consolidated financial statements. In situations where none of the estimates within the estimated range is a better estimate of probable loss than any other amount, the Company records the low end of the range. Any such accrual would be charged to expense in the appropriate period. Litigation expenses for these types of contingencies are recognized in the period in which the litigation services were provided. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; < / us- gaap: ContingentLiabilityReserveEstimatePolicy > < us- gaap: ExtendedProductWarrantyPolicy contextRef =" From2024- 01- 01to2024- 12- 31" id =" Fact000821" > & lt; p id =" xdx_84B_eus- gaap-- ExtendedProductWarrantyPolicy_zHDot3t1VPzf" style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; & lt; span id =" xdx_864_zw38mn6h7EOe" & gt; Warrants & lt; / span & gt;. & lt; / i & gt; The Company classifies a warrant to purchase shares of its common stock as equity on its consolidated balance sheets as this warrant is a free- standing financial instrument that is indexed to the Company & # x2019; s own stock and meets the criteria for equity classification. EPS & # x201d;) resulting in the presentation of basic and diluted earnings per share. Basic net (loss) income per common share is computed by dividing net (loss) income by the weighted average number of vested common shares outstanding during the period. Diluted net income per common share is computed by dividing net income by the weighted average number vested of common shares, plus the net impact of common shares (computed using the treasury stock method), if dilutive, resulting from the exercise of dilutive securities. In periods when losses are reported, the weighted- average number of common shares outstanding excludes common stock equivalents because their inclusion would be anti- dilutive. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; EIGHTCO HOLDINGS INC. & lt; / b & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font-size: 10pt" & gt; & lt; b & gt; NOTES TO CONSOLIDATED FINANCIAL STATEMENTS & lt; / b & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font-size: 10pt" & gt; & lt; i & gt; For the Years ended December 31, 2024 and 2023 & lt; / i & gt; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: center" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; b & gt; 2. The Company recognizes deferred tax assets and liabilities for the expected future tax consequences of items that have been included or excluded in the consolidated financial statements or tax returns. Deferred tax assets and liabilities are determined on the basis of the difference between the tax basis of assets and liabilities and their respective financial reporting amounts (& # x201c; temporary differences & # x201d;) at enacted tax rates in effect for the years in which the temporary differences are expected to reverse. The Company utilizes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. Management has evaluated and concluded that there were no material uncertain tax positions requiring recognition in the Company & # x2019; s consolidated financial statements as of December 31, 2024 and 2023. The Company does not expect any significant changes in its unrecognized tax benefits within twelve months of the reporting date. The Company & # x2019; s policy is to classify assessments, if any, for tax related interest as interest expense and penalties as general and administrative expenses in the consolidated statements of comprehensive income. The Company is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; < / us- gaap: IncomeTaxPolicyTextBlock > < us- gaap: FairValueMeasurementPolicyPolicyTextBlock contextRef =" From2024- 01- 01to2024- 12- 31" id =" Fact000898" > & lt; p id =" xdx_84E_eus- gaap--FairValueMeasurementPolicyPolicyTextBlock_zJdS2mcl3PAb" style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & lt; i & gt; & lt; span id =" xdx_863_zeNUKxswz9bl" & gt; Fair Value Measurements & lt; / span & gt;. & lt; / i & gt; The Company measures the fair value of financial assets and liabilities based on the guidance of ASC 820 & # x201c; Fair Value Measurements and Disclosures & # x201d; (& # x201c; ASC 820 & # x201d;) which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The management approach considers the internal organization and reporting used by the Company & # x2019; s chief operating decision maker for making operating decisions and assessing performance as the source for determining the Company & # x2019; s reportable segments. The Company & # x2019; s chief operating decision maker is the Chairman and Chief Executive Officer (& # x201c; CEO & # x201d;) of the Company, who reviews operating results to make decisions about allocating resources and assessing performance for the entire Company. The Company & # x2019; s primary revenue streams include inventory management solutions and the sale of corrugated packaging materials. Based on the CODM' s evaluation and internal reporting, the Company has two reportable segments: Inventory Management Solutions and Corrugated Packaging. & lt; / span & gt; & lt; / p & gt; & lt; p style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; span style =" font- family: Times New Roman, Times, Serif; font- size: 10pt" & gt; & # 160; & lt; / span & gt; & lt; / p & gt; < / us- gaap: SegmentReportingPolicyPolicyTextBlock > < us- gaap: PriorPeriodReclassificationAdjustmentDescription contextRef =" From2024- 01- 01to2024- 12- 31" id =" Fact000912" > & lt; p id =" xdx_84F_eus- gaap-- PriorPeriodReclassificationAdjustmentDescription_zLdIGmjER6E3" style =" font: 10pt Times New Roman, Times, Serif; margin- top: 0pt; margin- bottom: 0pt; text- align: justify" & gt; & lt; i & gt; & lt; span id =" xdx_860_zmXLmFZtZDga" & gt; Reclassifications & lt; / span & gt;. & lt; / i & gt; Certain prior period amounts have been reclassified to conform to the current period presentation, including amounts related to the Corrugated Packaging Business, which was classified as a discontinued operation as of December 31, 2024. The Company has negative cash flows from operations, incurred a loss since inception resulting in an accumulated deficit of & lt; span id =" xdx_90E_eus- gaap-- RetainedEarningsAccumulatedDeficit_iNI_di_c20241231_z30FH0wmdpBb" title =" Accumulated deficit" & gt; $ 112, 570, 049 & lt; / span & gt; as of December 31, 2024 and further losses are anticipated in the development of its business. Any additional equity financing, if available, may not be on favorable terms and would likely be significantly dilutive to the Company & # x2019; s current stockholders, and debt financing, if available, may involve restrictive covenants. The Company & # x2019; s ability to access capital when needed is not assured and, if not achieved on a timely basis, will likely have a materially adverse effect on our business, financial condition and results of operations. In 2023, the Company began reducing headcount to reduce the corporate overhead.
